

Oregon Guardsmen Make High Big Gun Marks

Washington, Feb. 22.—The Eighth Company, coast artillery, Oregon National Guard established the highest merit mark recorded for the 1916 target practice of National Guard big gun companies, according to figures made public to-day by the War Department militia bureau.

GINGEROLE

The Wonderful New Ointment, Drives Away Chest Colds, Coughs, and Sore Throat

Money Back If It Is Not All We Claim

Every druggist in America is authorized to return your money if it does not do as advertised.

Just rub it on and away goes sore throat, coughs and chest colds over night. It will not blister, but it will stop headache, earache or toothache in ten minutes.

It quickly stops rheumatic pains, neuritis, neuralgia and lumbago and instantly relieves tonsillitis, pleurisy and bronchitis.

For sprains, swellings, sore, burning feet, and all aches and pains it has no equal. All first-class druggists sell Gingerole for 25 cents.

For sale by Gross Drug Store, Croll Keller, Clark's Medicine Stores and dealers everywhere.

WHAT IS AN INTERNAL BATH?

If you were to ask a dozen people this question probably not one would answer correctly, although half a million Americans are now using it with a marked improvement in health and strength.

The Internal Bath of to-day is no more like the old-fashioned Enema than a Vacuum Cleaner is like a whisk-broom.

Now, by means of the "J. B. L. Cascade," simple warm water cleanses the lower intestine, and the gentle pressure moves all the poisonous waste matter therein and keeps it clean and pure as Nature demands it shall be for perfect health.

You will be astonished at your feelings the morning after taking an Internal Bath by means of the "J. B. L. Cascade." You will feel bright, brisk, confident and cheerful, everything is "working right"—and it is.

It absolutely removes Constipation and prevents Auto-intoxication. Croll Keller, 405 Market Street, and Geo. J. Potters' drug store, in Harrisburg, will explain to you, and on request will give you a free book on the subject by an eminent specialist. Ask or send for this free book to-day, called "Why Man of To-day is Only 50 Per Cent. Efficient," while you think of it.

Offers Solution to Thin People

Says Three-Grain Hypo-Nuclane Tablets Increases Weight Steadily.

New Theory of Nutrition Brings Revolution to Anemic Folks.

A scientist evolved a theory and proceeded to demonstrate it to be fact. The theory involved nutritive processes for thin, bloodless, nervous, anemic people. The red corpuscles of the blood must be increased before weight or flesh can be formed on "skinny" folks. A salient extract from the yolk of eggs, combined with hypophosphites, iron, and simple vegetable tonics, actually solved the problem. The process is intricate, but the results are purely beneficial. These little tablets taken with your meals, aid digestion, increase nutrition and force new blood and tissue building materials into the nutritive channels with a consequent increased absorption and retention for building flesh. They do it, these tablets, but weigh before beginning and one or two packages will convince the most skeptical. Sold by druggists at 90 cts., or direct from The Laboratories of The Blackburn Products, Co., Dayton, Ohio.

NERVES TREATED FREE

Dr. Franklin Miles, the Great Specialist, Gives New Book and a \$2.50 Neuro-Pathic Treatment Free as a Trial.

Sick people whose nerves are weak or deranged—who have weak heart, stomach, bowels, bladder, kidneys or liver; blues, headache, dizziness or dullness; nervous dyspepsia, irritability, and hands and feet short, numb, tingling, palpitation or irregular heart-beat, drowsiness, nervousness, sleeplessness, trembling, wandering pains, backache, irritable spine, rheumatism, catarrh, constipation, hysteria—would do well to accept Dr. Miles' liberal offer. You may never have another opportunity. Write now.

His Book contains many remarkable cures after five to twenty physicians and specialists failed, and also endorsements from Bishops, Clergymen, Statesmen, Editors, Business Men, Farmers, etc.

Send For Remarkable Cures in Your State. His improved special treatments for these diseases are the result of thirty years' experience and are thoroughly scientific and remarkably successful, so much so that he does not hesitate to offer Free Trial treatments to the sick that they may test them free. Write at once. Describe your case and he will send you a two-pound Free Treatment and Book. Address, Dr. Franklin Miles, Dept. N-522, to 522 Franklin Street, Elkhart, Ind.

TOO WEAK TO FIGHT

The "Come-back" man was really never down-and-out. His weakened condition because of overwork, lack of exercise, improper eating and living demands stimulation to satisfy the cry for a health-giving appetite and the refreshing sleep essential to strength. GOLD MEDAL Haarlem Oil Capsules the National Remedy of Holland, will do the work. They are wonderful! Three of these capsules each day will put a man on his feet before he knows it; whether his trouble comes from uric acid poisoning, the kidneys, gravel or stone in the bladder, stomach derangement or other ailments that befall the over-zealous American. Don't wait until you are entirely down-and-out, but take them today. Your druggist will gladly refund your money if they do not help you. 25c, 50c and \$1.00 per box. Accept no substitutes. Look for the name GOLD MEDAL on every box. They are the pure, original, imported Haarlem Oil Capsules.—Advertisement.

U. E. CONFERENCE FOR "DRY" NATION

Hopes to See Saloonless Country With Uncle Sam on the Water Wagon

Philadelphia, Feb. 22.—The East Pennsylvania conference of the United Evangelical Church is in full swing in Christ Church, this place. Many committees were appointed by the presiding bishop, the Rev. Dr. W. H. Fouke, and the ministers and delegates are busy working out reports which will be presented to the conference.

T. Alex. Cairns, of Newark, delivered an eloquent address on "Uncle Sam on the Water Wagon," at the rousing temperance mass meeting held in the conference church last evening. The conference stands unanimously for a saloonless nation and hope it will be "dry" before many days.

The meeting this evening will be under the auspices of the Educational Aid Society. President H. Franklin Schlegel, of Lancaster, will preside. The principal address will be delivered by President Ethelbert D. Warfield, of Wilson College, Chambersburg.

Penbrook Man to Speak. After the business session to-morrow afternoon, a half-hour address on "Church Extension" will be delivered by the Rev. E. N. Neibel, of Penbrook, general secretary of the Missionary Society of the United Evangelical Church. The Committee on worship will make its report to-morrow when the ministers of the conference will be assigned to preach in the churches of this vicinity on Sunday.

Mr. and Mrs. E. Rickert, of Park Street Church, Harrisburg, are attending the conference sessions.

C. B. Fisher, of Harrisburg, is representing the Harrisburg congregation at the conference.

Mrs. W. F. Maginnis, of Steelton, is attending the conference as a delegate.

Jacob Parthmore, of First Church, and Walter Kreisler, of St. Paul's Church, represent the Lebanon Congregation at conference.

ENGLAND TO TOP OFF HER IMPORTS

[Continued From First Page]

Premier Lloyd George said the success of the allied cause depended upon ability to solve the tonnage shortage which was now affecting the ordinary needs of the nation and military exigencies. The situation, he declared, called for the greatest measures. The premier said there was no sure way to victory without hunting the submarines from the deep. Enormous sacrifices were necessary from the allied countries, he said. The premier said the government proposed to dispense with all non-essential imports to save tonnage. The special meeting held to-day to listen to the premier's statement on the restriction of imports and the encouragement of agriculture. Among those in the diplomatic gallery were Mr. Borden of Canada, Premier Massey, of New Zealand, and many representatives of allied nations and the dominions.

Success Depends on Co-operation

The premier said the ultimate success of the allied cause depended on the solution of the tonnage difficulty with which they were confronted. Before the war British tonnage had been just adequate and since that time there had been an enormous increase in the demand for tonnage. More than 1,000,000 tons of British shipping had been allocated to France since the war and a very considerable amount had been set aside for Russia and Italy. In addition a considerable amount had been sunk.

Mr. Lloyd George said that for some time there has been a shortage of tonnage required for the general needs of the nation and even a slight shortage in the tonnage for military purposes. The nation should realize absolutely what the conditions are.

Government Hopeful

"If we take drastic measures," he continued, "we can cope with the submarine menace, but if the nation is not prepared to accept drastic measures for dealing with the menace, disaster is before us." "The government is hopeful of finding means of dealing with the submarine but we should be guilty of folly if we rested tranquilly upon the expectation of realization of that hope. We have to deal ruthlessly and promptly with the tonnage problem by measures which impose great sacrifice upon the country." "There are three sets of measures: First, by the navy, as described by Sir Edward Carson (first lord of the Admiralty); second, the building of merchant ships; third, dispensing with unnecessary commodities from abroad and production of as much food as possible at home."

Rain May Cause Ice On River to Break

Indications that promise rain for Harrisburg and vicinity within the next twenty-four hours may bring about a general breakup of the ice in the Susquehanna and its branches. The approach of a cold wave schedule that may strike this section of the State late to-morrow may prevent a general movement of the ice.

HOT METEOR SETS BED AFIRE

San Antonio, Texas, Feb. 21.—A burning particle from a meteor falling from the sky crashed through the roof of a ranch house and set fire to a mattress on a bed in Webb county. The story is substantiated by William Reuter and L. S. Cofroth, of San Antonio, who while on a hunting trip were occupants of the deserted ranch house. The missile, which resembled a piece of jet is the size of a hen egg. The men were sitting in the room when they saw what they believed to be a falling star start from the sky and in a few seconds the red-hot particle crashed through the roof and fell on the bed, burning a hole through a blanket and the mattress and in.

CAT TAX A FAILURE

Amsterdam, Feb. 20.—The tax on cats in certain sections of Germany has proved a disappointment. In Striegau, Silesia, according to the Berlin papers, the cat population diminished to seventy-seven when the tax gatherer made his rounds. On the other hand, there has been an alarming increase in rats and mice, so alarming that several towns have decided to abolish the cat tax.

EXPECTS TO HAVE AIR ROUTE FROM ENGLAND TO INDIA

Delhi, India, Feb. 20.—From England to India by air within the next ten years was prophesied by Lord Montagu on the future of aviation as revealed to him through his connection with the air board in England. Lord Montagu said he expected to see mails and passengers carried over the route of from 3,600 to 5,000 miles in from three to five days' time.

SCHOOL DAYS

STOCKS OF FOODS LOWER THAN EVER

The stocks of food in great Britain at the present time are lower than they ever have been before, Mr. Lloyd George said. It was essential for the life of the nation, he declared, that every possible effort be made to increase home production.

The premier announced that the government would guarantee a price of 38 shillings, 6 pence for oats this year, 32 shillings for the next two following years. The price of potatoes would be guaranteed for the coming season only at 6 pounds (30) a ton.

The importation of apples, tomatoes and fruits will be prohibited entirely.

No Early Decrease. The opinion was expressed by the premier that food prices were not likely to decrease for a long time after the war, inasmuch as Germany would then be a heavier purchaser than ever before.

The premier proposed a minimum

wage of 25 shillings weekly for agricultural workers. For wheat the government will guarantee the farmer the following minimum prices per quarter: For the present year, 60 shillings; for 1918 and 1919, 55 shillings; for 1920, 1921 and 1922, 45 shillings. Brewing will be cut down to ten million barrels annually. A similar reduction will be made in the output of spirits, affecting a saving of 600,000 tons of food stuffs.

Must Cultivate Land. The importation of aerate, mineral and table waters will be prohibited. Powers will be given to the Board of Agriculture to compel land owners to cultivate their ground. The minimum wage for farm labor announced by Mr. Lloyd George, 25 shillings a week, represents an increase of 50 to 80 per cent. over the present prevailing payment.

The importation of paper, the premier announced, must be curtailed by a further 500,000 tons annually. The only exceptions made in the prohibition of fruit importations will be in the cases of oranges and bananas in which the amount brought in will be restricted 25 per cent. The same restriction will apply to nuts. Canned salmon importations will be reduced 50 per cent. The importation of foreign tea, coffee and cocoa is prohibited and even the amount of India tea which may be bought in is reduced.

The premier said it was expected to

save 900,000 tons of shipping yearly on foodstuffs.

In announcing the decision to restrict the importation of paper Mr. Lloyd George said the government had arrived at the conclusion that a very substantial reduction was necessary and that the amount could be cut to half of what is now allowed. This would reduce the allowance to 640,000 tons.

Essential Articles Free. All essential articles of food, he continued, would be on the free list, but certain articles would be reduced or prohibited. The stoppage of importation of coffee, tea and cocoa for the time being was due to the fact that large supplies were on hand. The premier said he regretted very much the cutting off of certain luxuries which came from France and Italy.

These restrictions would be imposed immediately, said the premier. Steps would be taken to prevent speculative buying and if necessary the food controller would take control of the commodity. The restrictions had been carefully considered, and he asked the House to take them as a whole.

Can Then Face the Worst. The premier declared he had not the slightest doubt that if the whole program were carried out and if all those who could help in production did help, "I honestly say we can face the worst the enemy can do, and that is what we ought to be prepared to do."

In dealing with the question of production the premier said: "Then there is the question of our home supplies of food. I want the country to know that at present our food stocks are low. This is not due to submarines, but to the bad harvest. It is essential to the safety of the

Relieves Serious Case of Chronic Constipation

Dr. Caldwell's Syrup Pepsin Corrects Condition That Seemed Hopeless

After suffering from chronic constipation until she was so run down she was unable to do any kind of work, Miss H. A. Frees, 209 Adams street, Dayton, Ohio, obtained a bottle of Dr. Caldwell's Syrup Pepsin and used it with such gratifying results that she continued her treatment and has written to Dr. Caldwell that her condition is again normal, and that she wants to recommend Syrup Pepsin to everyone who suffers with constipation.

Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin, gentle in its action and free from grinding or other pain or discomfort. It contains no opiate or narcotic drug, and, while acting readily on the most stubborn case of inactive bowels, is absolutely safe for the tiniest babe, so that it is the ideal family laxative and should be kept on hand in every household for use when needed.

imitations and ineffective substitutes be cure you get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 435 Washington St., Monticello, Illinois.

Dr. Caldwell's Syrup Pepsin costs only fifty cents a bottle and is sold in drug stores everywhere. To avoid

convention of real estate dealers to be held in Milwaukee, John E. Gipple presided. Fourteen members were present.

THIS WILL MAKE MILLIONS HAPPY

Any corn will dry up and lift out, says a Cincinnati authority.

Let folks step on your feet hereafter; wear shoes of size smaller if you like, for corns will never again send electric sparks of pain through you, according to this authority.

He says that a few drops of a drug called frezone, applied directly upon a tender, aching corn, instantly relieves soreness, and soon the entire corn, root and all, lifts out without pain.

This drug is sticky but dries up at once and is said to simply shrivel up the corn without inflaming or even irritating the surrounding tissue.

It is claimed that a quarter of an ounce obtained at any drug store will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. Cut this out, especially if you are a woman reader who wears high heels.

Eyes That Need Glasses

are entitled to Specialized Effort. In buying glasses, the public does not want glasses alone. It wants service—certain results. The glasses are only a means to an end. It takes expert knowledge to prescribe the right sort of lenses.

Gohl, Rinkenbach & Rouse, High Grade Optical Service, has been prescribing the right sort of lenses to hundreds of people. Make your next pair of glasses "the right sort of lenses." The price you will find most reasonable.
