

MANAGER COCKILL FAVORS MILITARY TRAINING PLAN--GOLF NEW SPORT AT TECH

LOCAL COACH IS MAKING GOOD

Charles W. Miller, Physical Director at Y. M. C. A., Authority on Basketball and All Sports

C. W. MILLER
C. W. Miller, physical director at the Harrisburg Y. M. C. A., and coach of the Technical High School basketball team, is well known in athletic circles throughout the western part of the state. He was born in Johnstown and made a reputation for himself as a basketball player in his home town. He first broke into prominence in the old central league as a teammate to Fogarty and Keenan, now Eastern League stars. Later he coached the Johnstown High School basketball five. He has been successful as a basketball coach, and after leaving Johnstown he went to the Pittsburgh Y. M. C. A., where he turned out a championship team for two seasons. He has also turned out good teams at St. Francis College. Before coming to this city Mr. Miller was located at Sharon, where he coached the High School basketball team and was also coach and physical director of the Buhl Athletic Club. Since he has been in this city he has been doing good work as physical director of the Y. M. C. A. and is coaching the Tech basketball squad. While the Tech tossers are not at the head of the pile they have been playing good basketball and have been improving with each game played.

WELLY'S CORNER

Manager Cockill is truly military. He believes in universal training and his plan to do his part to have soldiers ready for duty if a call comes will do much to help the game.

Bill Hays, known to many baseball fans, may get back into the game. He is willing to buy the Utica franchise according to reports. Hays was active during Charley Dooley days and knows baseball players.

Making an early choice of a captain for the Reading New York State League team this season, George Wites, playing manager, has announced from his home in Syracuse, that Richard "Dick" Breen will fill that important post. Breen played third base for the Elmira team last season. He is a regular second baseman and will play there when the Reading team gets under headway.

Willie Hoppe defeated Young Jake Schaefer in a 250-point match in Philadelphia yesterday before a large crowd. The score was 250 to 52. Hoppe taking the lead in the third inning after a bad start. Young Jake started out with 60 and this proved to be his high run. In the third inning Hoppe clicked off 63 and followed in the fifth with 126. His average was 36 for six innings.

According to figures, Pitcher Grover Cleveland Alexander, of the Phillies, will get \$156.25 an hour for working this season. He will work 35 weeks and will pitch whenever he thinks his arm will permit.

Ortner, of Cornell, is leading the intercollegiate basketball race. He has scored 107 points in five games, which includes 29 field goals. Yale and Princeton are tie for leadership.

Bowling Series on For Married and Single Men

Beginning to-night a series of bowling games will be played at Lemoyne between the married and single men. All contests will be played on Fickes' alleys. Prizes will go to winners and high scorers. The series will continue each week for 10 weeks.

The married men include, Whitman, Frazer, Reeser, Clark, Fickes, Pentz and Winters. The single men will be, Ness, Stetler, Lewis, Washington, Ham-maker and Baker.

TO TAKE UP GOLF AS SCHOOL SPORT; IS TECH HIGH PLAN

Golf as a school sport is one of the latest propositions to be made by members of the Technical High School Athletic Association. Whether the adoption is made or not by the organization will be determined at a meeting to be held shortly to decide the question. In the school are a number of adept players who will give their aid in the movement to organize a team. Chief among the prominent players is Charles Zimmerman, at present the city champion. Other players in the school of prominence are Earl Sherk, Glenn Beard, John Paul, Donald Wright, Charles Pollock, Edwin Harris and William Hoerner. Once the step has been made there will likely be many others who will try out for the team. As usually five are placed on a team, no trouble should be encountered in picking a capable quintet.

One drawback to the team would likely be a matter of getting opponents to oppose the Tech High School team. High school golf teams are few and far between in this part of Pennsylvania, and it is likely that the Maroon players would have to oppose amateur clubs representing organizations other than high schools. It is proposed to play both fall and spring tournaments. The Reserve course could accommodate the team from April 1, and other courses would be used when return engagements are played. Several members of the Tech faculty are golf enthusiasts, and the promoters of the project will ask to have the sport supervised by one of the teachers. With golf gaining in popularity on every hand, the movement would undoubtedly prove a popular one among the Tech students. The matter will be determined within several days.

The Ball Players' Mandala
Ship me somewhere South in Dixie, where the winter league is flat;
Where a guy can thaw the kinks out—and a bloke can swing a bat;
I'm ready for the game, and I'm ready for the snare,
With a Hop upon my Fast One—and the Stuff of my Career.

The Slugging Premier
There is another spring sign in the atmosphere. Emerging craftily from his winter quarters and blinking in the light, the pop-eyed fanatic is beginning to feed once more upon his favorite dish. You can tell the hunger that lies in his soul by the way queries begin to pop as the clubs start South. Among others received to-day is a query request for information as to whether Cobb or Speaker was the leading slugger of the game last year. Slugging means something more than batting. It means quantity, as well as quality. The slugger, essentially, is the long distance hitter, otherwise known as the entry with the wallop.
Wally Pipp, with twelve home runs, and Frank Baker, with ten, are sluggers. For both can whale the cover off the ball.
The main test of slugging must rest in the total number of bases pounded out. And this test finds Joe Jackson far out in front, well beyond both Speaker and Cobb.
Last season Jackson, with an average of .341, pounded the ball for a total of 292 bases.
Speaker, batting .386, had only 274 bases. Cobb, batting .371, ran up 267 bases.
So Jackson, although displaying a smaller batting average, led Speaker by 17 bases and Cobb by 26. The Carolina Siege Gun had only three home runs, but he came through with 40 doubles and 21 triples. This output was quite sufficient to give him the extra-bulge.
Zach Wheat was the leading slugger of the National League, with a total base array at 262, 31 bases back of Jackson. Wheat, however, was hit only 363 times, against 592 for the White Sox star.
Another Spring Tip
Herewith we know that spring is near.
Herewith we hold the answer pat.
When Gentle Readers send in this—
"Please publish 'Casey at the Bat.'"
A pinker sun—a bluer sky—
A warmer wind—these signs fall flat.
"Compared to this ecstatic year—"
"Please publish 'Casey at the Bat.'"

Bomb Throwing and Baseball
Dear Sir—I notice quite a lot of remarks in the papers about ball players and their value as bomb throwers. I have talked with many returned soldiers and they all say the only real way to throw bombs is with a straight arm—a cricket bowler's motion being the best. A baseball throw is all right for a bomb if you are again in a steady work it is not nearly so effective, as bombs do not have to be thrown far by the hand. Machines handle the longer throws; and for the short ones the bowler can keep it up all day, while the pitching motion cracks an arm in no time. So a ball player, for this work in the trenches, would not be as useful as a cricket player, who has the straight arm throw much better developed through long practice.
CANUCK, (Montreal).

Also—
"Willard willing to meet Fulton for \$75,000."—News note.
And we'll dash off a roundelay
On roses, spinach, soup or collars.
For any one who cares to pay—
Well, make it forty thousand dollars.

M. J. Condon, returning a 71 over the hard Belleair course, is another proof that Youth alone isn't to be served. Mr. Condon is another of the golf veterans who passed fifty some time ago, but who manage to bag their share of youngsters in the course of the year.

For the Hon. Lester Darcy one must say this, anyway—he is wonderfully consistent. He is carrying his repugnance to combat even into his own profession, the ring. By the time they arrange a regular fight for him he will probably sight another tramp steamer in the offing and set sail for another port.

MANAGER COCKILL FAVORS MILITARY TRAINING PLAN

Members of the Harrisburg New York State League team will in all probability be given military instructions by a local National Guard officer. Manager George Cockill was in Harrisburg for a few hours yesterday planning for the coming season. The league will meet at Hotel Columbus the latter part of next week. Manager Cockill is strong for the military training feature. He is of the opinion that it will be a big attraction for baseball patrons this season. He has not considered any particular plans but is of the opinion that a local officer of the National Guard may be secured to drill players. While in Harrisburg the local manager held a consultation with a number of boosters who are ready to give military training instructions. He is not certain that Walter Blair will be able to help him out. Blair is coach at the University of Pittsburgh. At the end of the baseball season there he may return to business. Harrisburg's popular leader is now working at Milton at the munition plant. He is on an eight-hour trick and took advantage of his layoff to come to Harrisburg for a brief conference. He believes the coming summer will offer big inducements for high-class baseball and he has signed up a big squad from which to pick a winning team.

He believes the coming summer will offer big inducements for high-class baseball and he has signed up a big squad from which to pick a winning team.

AMATEUR LEAGUE GAMES AT TECH

City Basketball Games Will Be Played on Tech Floor Until Guards Vacate

Technical High School floor will be the stage for the City Amateur League contests to-night and as long as the National Guardsmen are quartered in the armory, where the contests were previously staged. The first contest to-night will be between the Rosewood Athletic Club and the Young Men's Hebrew Association five. The opening contest will be started at 8 o'clock and at its conclusion the Galahad Recreation Club five will clash with the Methodist club quintet. Followers of the City League games are awaiting the results of the contests to-night expectantly as they may be a big factor in the deciding of the championship. It is not known at the present time how long the National Guardsmen will occupy the Armory and it is altogether possible that the remaining contests in the City Amateur League will be staged on the Technical High School floor. The Technical floor is somewhat smaller than that of the Armory but the officials and players anticipate no difficulty in completing the playing schedule. Ira Arthurs will referee the contests to-night.

ORANGE SOCIAL AT ENOLA
Enola, Pa., Feb. 27.—This evening the Ladies' Aid Society of the First United Brethren Church will hold an orange social in the parsonage.

Casino Players Make Excellent Scoring Averages

The players in the Casino Tenthpin League have been making the sticks fly in all directions for good averages and sixteen of them are tipping the pins over at an average of 176 per game. Barnes, of the Calumets, holds the lead with a grand average of 193, his nearest competitor is Basch, of the Jolly Five, with an average of 188. Montgomery, of the Electric team, is third with an average of 186. Barnes holds the majority of the individual records for the season.

BITS FROM SPORTRAND
The Greyhound five defeated the S. S. C. quintet by the score of 66 to 24, in a game played last night on the St. Paul floor.
The Hamilton Grammar school five

defeated the Middletown Central Grammar school team by the score of 24 to 21, last night, on the Technical High school floor. The victory last night evened up the score between the two teams.
The Hummelstown Monarch five would like to schedule a game to be played away from home, for to-night, and offers in exchange a game at Hummelstown on Saturday night. The manager is William H. Levens, who may be reached by telephone at Zephar's cigar store, after 7 o'clock.

LECTURE FOR BIBLE CLASS
Enola, Pa., Feb. 27.—The Rev. Fulton Bergstresser, pastor of the Middletown Lutheran Church, will lecture on "The Vinegar Peddler" in the Zion Lutheran Church this evening. The male quartet of the car shops will sing several selections. The lecture will be held under the auspices of the Men's Bible Class.

"Sure Shot" Kline Leads City League in Points

"Sure Shot" Kline of the Rosewood Athletic Club five is still leading the City Amateur League players in individual points scored, having an average of 18.25 points per game. He has figured in eight games. Boss, of the Young Men's Hebrew Association five, who has figured in two more contests has scored more points but his average per game is three less than that of Kline. Tittle, of the Rosewood team leads the league in doubledecks, throwing fifty-nine in ten games played. Gebhard, of the Galahad quintet, is in second position and Holland's foul shooting has put him in fourth place.

Stephen Bowers Elected President of Galahad A. C.

The Galahad Recreation Club met last night and elected officers for the ensuing year. Stephen L. Bowers was elected president and the other officers are: Associate president, D. A. Lutz; secretary, E. H. McCoy; treasurer, Allen H. Fritz.
Plans were made for a busy summer season and managers of the various teams were elected. D. C. Hawley will head the baseball team and C. E. Martin will transact the business of the tennis squad. The manager of the bowling team is R. V. Watts and of the class team is Nevin A. Bowers. The outing which is held annually by the organization will be planned by George W. Allen and Charles W. Mitchell will be in charge of the screen activities.

Here's One of the Ways Malicious Lies were Circulated about CAMEL Cigarettes

In an effort to injure the wonderful sale of CAMEL cigarettes, many unprincipled schemes have been resorted to. The following is one of many ways such lies have been put into circulation.

An individual liar would approach a group of men, produce a newspaper, published in a distant city, and apparently become interested in reading. Suddenly he would exclaim, "What do you think of this?" He would then pretend to read an article about CAMEL cigarettes. In reality, the paper contained no such statement. The individual would at once walk away, carrying the paper with him. A newspaper from a distant city was always used in an effort to cover the tracks of the liar.

Would anyone voluntarily do this kind of unprincipled work? They must have been paid by someone to do it, and all of them should be exposed. An honest man will not knowingly work under the direction of a crooked superior, nor will an honest superior knowingly tolerate a crooked employee. However, some salesmen have told the trade that they had in their possession a newspaper containing a damaging article about CAMEL cigarettes. This was a malicious falsehood, as they had no such newspaper, and when asked to produce it, they were unable to do so.

CAMEL cigarettes are pure and delightful and the most popular cigarettes ever sold at any price. Cigarette smokers will not, for any length of time, permit malicious falsehoods to prejudice them against CAMELS.
