CANADA TO SEND MANY NEW TROOPS

Thousands Undergoing Final Training Before Embarking For Spring Drive

St. John, N. B., Feb. 28.—Canada is making active preparations to take a prominent part in the great allied offensive on the western front this spring.

brought increased business prosperity to the province.

Major General Lessard, inspector general for Eastern Canada, has been here supervising the work of mobilization. He recently was quoted as saying that 100,000 additional men would be needed within the next few months, to offset possible casualties in the spring offensive and to keep the Canadian divisions at full strength.

Recruiting Stimulated

Among the troops ordered here is the 19th Battalion, commanded by Lieut. Col. John A. Cooper, former editor of the Canadian Courier.

Officers and men alike express confidence that the war is approaching its final stage and all are eager for serv-

ice at the front. Increased activity on the part of German submarines in the Atlantic has caused little concern. Officials point out that not one life was lost in the transportation over seas of more than 200,000 Canadian soldiers, and they confidently expect this record will be kept up. The transports are adequately armed and convoyed.
