## **BERLIN ADMITS** WITHDRAWAL ON SOMME FRONT

Bapaume to Be Abandoned **Under British Pressure** Is Indication

Berlin to-day made its expected announcement on the Somme front re-tirement. It goes into no details as to the ground evacuated, referring to this merely as "a part of our advanced positions" on both sides of the Acre. The move was made several days ago, it is declared, and remained concealed

It is declared, and remained concealed from the British, upon whom considerable losses were inflicted by the German rear guards as they fell back, according to orders. The defense, it is stated, has been transferred to another prepared line.

The German war office also reports the repulse of two British attacks just south of the evacuated ground, one near Le Transloy and the other near Sailly. The British appear to have penetrated the German positions in the latter case and to have established themselves in what Berlin alludes to as "riflemen's nests" of local importance only.

Refrect only.

Retrect on Franco-Belgian Front
According to Paris dispatches the
great retrograde movement of the
Germans on the Franco-Belgian front
continues. Apparently even the stronghold of Bapaume for months the main
objective of the British operations on
the somme front, is to be abandoned,
if indeed it has not already been
evacuated.

Paris military circles report information the fall of Baupaume is imminent, the Germans having already fallen back behind the town. Dispatches from the front by way of London lent color to the reports. The Germans appear to have been preparing for evacuation and were said to have blown up the famous clock tower there.

## German Nation Is Now Reconciled to

Berlin, Wednesday Feb. 28, via London, March 1. — All outward signs indicate tha tine German nation is reconciled completely to any eventuality growing out of the loss of American lives through the sinking of the steamship Laconia. There has just been received here a brief dispatch from Washington to the effect that the United States government regards the torpedoing of the liner as an overt act. There are no indications, however, of any departure from Germany's resolve to carry on submarine warfare unretarded.

The remarks of Chancellor Von Bethmann-Hollweg on this subject, in his address to the Reichstag yesterday, have met with general support. The submarine campaign is inspiring great enthusiasm and is regarded as the agency as capable of forcing the war to a conclusion in Germany's favor.

## **HEAVY TONE AFTER** PLOT DISCLOSURE

Shippings and Mexicans Down; Continued Heaviness in Equipment and Specialties Comprising War

Group; Steel

By Associated Press

New York, March 1.—The heavy tone of to-day's early market resulted from further selling induced by over-night disclosures bearing upon the international crisis. Shippings and Mexicans were down one to two points with continued heaviness in the various equipments and specialties comprising the war croup. U. S. Steel and the Bethlehem Steel issues yielded a point or more with Central Leather, General Motors and Industrial Alcohol. The movement spread to rails, Reading, New York Central, St. Paul and Missouri Pacific denoting pressure.

On very moderate offerings except in U. S. Steel the market continued to sag, all the leaders as well as speculative issues extending initial losses. Steel's extreme decline of 1 1-4 points was exceeded by the reservals in Bethlehem Steels. The bond market was heavy on the new low records for some of the international group.

## TOO MANY CHRISTIANS STILL WEARING KILTIES, DECLARES REV. WILLIAM C. MEALING

Evangelist at Derry Street United Brethren Church Says Members Are Still in Swaddling Clothes of Experience; H. L. Carl Heads Personal

"Too many Christians are still wearing 'kilties'" declared the Rev. William Cyrus Mealing, of the Mealing evangelistic party, at the opening service of a four weeks' campaign in Derry Street United Brethren Church,

Derry Street United Brethren Church, last night.

The Rev. Mr. Mealing scored members of the Christian Church who have been followers of the faith for years, and are not growing in power and strength in their religion. He declared that many Christian people who joined the church years ago are no further advanced in grace and understanding of their duty to their fellows than when they started. He drew a picture of a grown man dressed in kilties and playing with a rattle while on a hobbyhorse; then he hurled at the congregation the statement that too many of them were dressed in the swaddling clothes of their Christian
