HARRISBURG, THURSDAY, MARCH 1, 1917.

Of Interest To Every Person In Harrisburg

¶ An important meeting of the farmers of Dauphin County will be held in the Board of Trade Hall to-morrow afternoon at 2 o'clock.

¶ This meeting is arranged for the purpose of organizing a farm bureau in Dauphin County.

¶ This farm bureau will be maintained by State and Federal funds and employ a trained agricultural expert to devote his entire time to aid in improving the production of Dauphin County farms, and to improve the marketing system for farmers which will give added prosperity to the Dauphin County farmers.

¶ The future of the farmer is more hopeful than ever—the Nation has learned its lesson, and with an ever increasing population and the appetite and taste of the human race sure and continuous—greater efficiency in farming is in demand—and better conditions are due the farmer, for the very beginning of all that brings the good things of life to us comes from the rural dwellers who by the most strenuous labor provide life's necessities.

¶ We are in full accord with the object of this meeting and heartily welcome the farmers of Dauphin County to Harrisburg.

¶ Our Store is at your service—The writing and rest room on our third floor a good place for the farmers' wives and daughters who may be here—a 'phone service for any who wish to make use of same—an information desk where parcels may be checked, where information relative to time of trains—steam and electric may be had—where information of the city will be cheerfully given.

¶ It is also a good time for the farmers to visit Bowman's from an economic standpoint and take advantage of the underselling merchandise events now in progress—something for the home and for every member of the family at a saving in the cost.

¶ Again we cordially welcome the farmers of Dauphin County and let everybody lend their support to the movement.
