Berlin Again Promises to Release Americans **Fast Nearing Completion** Taken on Yarrowdale

Washington, March 2. — Germany, in a note delivered to the State De-partment to-day by Dr. Paul Ritter, Swiss minister, promises the release of the Yarrowdale prisoners on March 7, saying quarantine regula-tions will have been compiled with by that date. The arrival of the four American doctors at Copenhagen was reported to the Department to-day by Ameri-can Minister Egan. It is assumed that as soon as the status of the Americans is established to the satisfaction of the British con-sul who is no wshertering them in conformity with maritime law, full provision for their return to this coun-try with the other prisoners will be made by the State Department.

birth, he suffered a great deal from constipation. His mother, Mrs. Carl W. Pendergrast, Red Key, Ind., heard of Dr. Caldwell's Syrup Pepsin, ob-tained a bottle of it from the drug store, and with it was able to quickly correct this condition. Mrs. Pendergrast says Dr. Cald-well's Syrup Pepsin has saved them from calling the doctor many times, and that she will never be without a bottle of it in the house to use when needed. She found it equally effective as a laxative for herself and other members of the family. Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin pleasant to the taste, mild in action and positive in effect. It does not gripe or strain, and con-tains no opiate or narcotte drug. It is the ideal family laxative, mild and pleasant for baby, yet acting quickly on the strongest constitution. Face of Attacks

The Turks are still retreating pell mell up the Tigris and already are half way to Bagdad in their hurried flight before the victorious British. The British official statement re-porting on the Tigris operations an-nounces that the retreating Turks passed through Azizlyan Tuesday evening. This point is but little more than 45 miles from Bagdad. It is some 52 miles northwest of Kut, and if the British, as seems proba-ble, are right on the heels of the Turks, the progress of their advance guards has been more than twenty miles since the last definite report of their position, received on Wednes-day.

DRINK HOT WATER

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

To-morrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and

gestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal. Those subject to sick headaches, backache, bilious attacks, constipa-on or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside bath. It is said that men and women who try this become enthu-siastic and keep it up daily. It is a spiendid health measure for it is more important to keep clean and pure on the inside thân on the outside, be-cause the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do. The principle of bathing inside is not new, as millions of people prac-tice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a tcasponful of limestone phosphate acts on the stom-ach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

OBERLIN NOTES

By Beatrice Fairfax How many of us think about our maniers? And yet isn't it a true say-ing that manners make the man and lack of them the fellow? Think if you will how often you introduce gracefully one friend to an-iother. We are all supposed to know that the gentleman is introduced to the lady, no matter what his rank may be, never the lady to the gentle-man. For instance, you woold say "Miss James, this is my friend Mr. Swift," but not "Mr. Swift, this is my friend Miss James." Remember to present young people to their elders and single persons to married.
