NAVY TO SPEED UP NEW VESSELS

To Take Over Private Plants For Building Purposes if Conditions Warrant

Washington, March 5.—Secretary Daniels announced yesterday that the Navy Department would employ immediately the emergency fund provided by Congress for speeding up warship construction and acquiring submarines, submarine chasers and other craft, and if necessary would use the authority granted to commandeer private plants. The principal private shipbuilders of the country will be called into conference this week. "Delays will not be permitted to stand in the way of carrying out the clear intent of Congress," says a statement by the Secretary. "I will be quick to recommend taking over any plants if it is essential to do so, in order to secure co-operation in putting an end to delays that have impeded the construction of formerly authorized programs."

As finally passed the naval appropriation bill carried \$517,389,447, which makes a total of \$1,134,889,895 provided for the navy in the last four years.

WALL STREET SHOWS ITS DISAPPOINTMENT

Failure of Armed Neutrality Bill Causes Heavy Tone in Market; Strength of Steel Reassuring; Rails Lag

New York, March 5.—Wall Street's disappointment at the failure of Congress to pass the armed neutrality bill was detected in the heavy tone of today's early dealings. Leading stocks fell abruptly under last week's final prices.

A sudden change came over the market before the end of the first hour, initial losses being recovered in a general rally of 1 to 3 points, with an active inquiry for coppers, sugars, Central Leather and other specialties. Marine preferred made up greater part of its loss and other shippers showed actual gains. The strength of United States Steel was also a reassuring feature. Rails, however, failed to participate in more than slight measure.

The rebound was concurrent with advices from Washington that the administration hopes to carry out its plan to arm American merchantmen. Bonds were easier.

Not Certain Prisoner Who Escaped From Dauphin Prison Has Been Captured

William McIlhenny, warden of Dauphin county jail, said this morning that he could not say positively that Edward Howard had been captured. Howard escaped from the county prison November 10.

McIlhenny received a letter from James Tate, of Philadelphia, giving Bertillon measurements of Howard, saying that he could be located if wanted. The warden replied that he had offered the reward for Howard's return and was prepared to pay it when he was returned. He has not heard from Tate as to Howard's whereabouts.
