DELAY BURIAL OF ALLEGED SPY

Federal Authorities Holding Boyd Until Trunks Are Ransacked

Federal authorities are delaying burial of the body of Charles Schmidt, alleged German spy killed in the local railroad yards last week, until members of the United States Secret Service in New York complete an examination of the dead man's trunks and other possessions.

In addition to a letter, said to have aroused the suspicion of the United States officers, two railroad checks were found in a coat worn by Schmidt on the day he was killed at DE office. These checks showed that the German was in New York City January 7.

Federal officers will examine the contents of the trunks some time to-day.

Pal Held For Trespassing Chester Martin, the companion of Schmidt at the time of the accident, said he had been with the German for nearly a year. Martin is being held at the county jail on a charge of trespassing preferred by Pennsylvania Railroad officers.

That Schmidt was a sailor, and was employed on the Kaiser Wilhelm II, now interned, is not doubted. Railroad officials believe that he was forced to seek employment and took any job he could find. They have not been able to find any proofs that he was acting as a spy for the German government.

The Department of Justice of the United States, however, want to be sure of this fact, and will continue the investigation until Schmidt's identity is fully established.

Doctors Stand Amazed at Power of Bon-Opto to Make Weak Eyes Strong---According to Dr. Lewis

Guaranteed to Strengthen Eyesight 50% In One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home Philadelphia, Pa.—Victims of eye strain and other eye weaknesses, and those who wear glasses, will be glad to know that according to Dr. Lewis there is real hope and help for them.

Many whose eyes were failing say they have had their eyes restored by this remarkable prescription and many who once wore glasses say they have thrown them away. One man says, after using it: "I was almost blind. Could not see to read at all. Now I can read everything without my glasses and my eyes do not hurt any more. At night they would pain dreadfully. Now they feel fine all the time. It was like a miracle to me."

A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for 15 days everything seems clear. I can read even fine print without glasses."

Another who used it says: "I was bothered with eye strain caused by overworked, tired eyes which induced fierce headaches. I have worn glasses for several years both for distance and work, and without them I could not read my own name on an envelope or the type-writing on the machine before me. I can do both now and have discarded my long distance glasses altogether. I can count the fluttering leaves on the trees across the street now, which for several years have looked like a dim green blur to me. I cannot express my joy at what it has done for me."

It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by the use of this prescription. Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and let it dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation and redness will quickly disappear. If your eyes bother you even a little it is your duty to take steps to save them now before it is too late. Many hopelessly blind might have saved their sight if they had cared for their eyes in time.

Note: Another prominent Physician to whom the above article was submitted, said: "Yes, the Bon-Opto prescription is truly a wonderful remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by the best and it very successfully in my own practice on patients whose eyes were strained through overwork or mist glasses. I can highly recommend it in case of weak, watery, aching, smarting, itching, burning eyes. It has blurred vision or for eyes inflamed from exposure to smoke, sun, dust or wind. It is one of the very few preparations I feel should be kept on hand for regular use in almost every family. Bon-Opto, referred to above, is not a patent medicine or a secret remedy. It is an ethical preparation, the formula being printed on the package. The manufacturers guarantee it to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any good druggist and is sold in this city by H. C. Kennedy, Croil Keller and other druggists.

Springtime in the Shops

This between-season time with onion snows alternating with balmy spring days, is apt to give us as many days of depression as of gladness, but a cup of Studebaker's Special Coffee is as bracing and as invigorating on "off" days as it is welcome and pleasant on the sunny days. There is a cheeriness, a certain hospitality that goes with a good cup of coffee and its pungent fragrance and delectable flavor that can scare away the chill of bad weather or the laziness of spring fever, and this special brand which is sold by the Studebaker Grocery Store, (Mr. George Barnes) is really a 40c quality which they specialize on for 32c a lb. Its quality is best appreciated by those of us who have enjoyed it.

Wicker and Basketry One need not wait for the chirp of the first robin to feel that spring is here, for the smart woman who wants her home to look springlike is using the lovely bird cages of wicker swung from tall pedestal stands which are not only fascinating retreats for the pet canary, but add in themselves charming bits of color and distinction to the room. The Goldsmith Store, North Market Square, is making a special display in their drapery department on the second floor of novel and delightful bits of basketry. There are stunning scrap baskets in black, handpainted in lovely colorings, sewing baskets and sewing stands with convenient and graceful handles, big double baskets for motoring, some with smart fruit designs, charming window boxes with a row of gay little birds which seem just waiting to watch the flowers grow, and the prices for these novelties range from \$2.50 up.

Pleasant Memories On Saturday Dourich's Mark-Down Sale passed into history, and left us both sorry and glad—sorry that the opportunity to buy such merchandise at such prices has gone by, but glad for the increased confidence and respect that we have for the "Live Store" and their methods. The Mark-Down Sale gained many new friends for the Dourich Store, at 304 Market street—people who, just dropped in, following the crowd, and found such pleasure in their hearty welcome, and such satisfaction with the quality of the merchandise sold at reduced prices, that they are waiting eagerly for the announcement of the spring togs which in a few days will be flooding into the "Live Store"—and out of it again!

Springtime in the Home "Housecleaning"—Oh, surely it is not yet time for that! The housekeeper is apt to say in dismay, yet renovating is much less a bug-bear if plans are made early and the work done gradually. The A. B. Teck Wall
