

IRISH PROBLEM TO BE DETAILED BY LLOYD GEORGE

British Premier to Explain Government's Position on Home Rule For Erin

By Associated Press
London, March 7.—The prospect that Lloyd George would take part in today's debate in the House of Commons on the Irish question and outline the government's position toward Ireland, aroused deep interest in the proceedings. The debate hinges on a resolution which will be moved by T. P. O'Connor on behalf of the Nationalists. The resolution reads as follows: "That, with a view to strengthening the hands of the allies in achieving recognition of equal rights for small nations and the principle of nationality against the opposite German principle of military domination and government without the consent of the governed, it is essential without further delay to confer upon Ireland the free institutions long promised to her."

It is expected that an amendment recording the desire of the House for a settlement without coercion of any section of the Irish opinion will be moved from the government benches and adopted as the official view. John Redmond, who has been ill, hoped to be well enough to speak and Sir John Lonsdale was prepared to explain the views of the Irish Unionists.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmothers' time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

Find \$5,000 in Humble Home of Deceased Couple

Gettysburg, Pa., March 7.—Search in the humble home of Almos F. Shank and Annie E. Shank, brother and sister, who died within a few days of each other, has revealed gold, silver and certificates aggregating between \$5,000 and \$6,000.

The Shanks, who dressed shabbily and were apparently on the verge of poverty, were the owners of a large quantity of good clothing, twenty fine skirts being one item in the appraisers' list made public to-day.

The elderly brother and sister had spent their lives on a little farm west of Gettysburg. It is said that only two or three times did they get as far as ten miles away from their home. The brother died the day after the sister's funeral, and their nearest relatives, two cousins, then searched the house. The first thing they came upon was \$650 in gold, then \$250 in silver, and finally the remainder in notes and bank certificates.

Face the Facts, Start Today to Think and Save.

It is high time we Americans are facing the serious problems that confront each one of us. It matters not whether your wages are \$10 a week or \$1000 a week. Though our beloved country is not at war with arms, the fact is we are paying the war bills—and so long as that war lasts the price of butter you eat and bread you spread it on, the clothes you wear to keep you warm and shoes to protect your feet are going to be high in price, and the longer it lasts the higher everything you eat and wear will go. So the only one thing is left for us to do is to do just what they in Europe have been compelled to do, is to cut out extravagance in eating and in dress. It can't last long, people starving in New York, Philadelphia and Chicago and we in Harrisburg living on top of the pile. It will sooner or later reach to our doors in Harrisburg.

The tremendous wastes all over the world, the extravagances of our American habit of living on seemingly war prosperity is bound to cause scarcity and higher prices.

As a Shoe Merchant I see this. Paying a week's wages for a pair of fancy shoes that have not the wearing qualities of a good neat black shoe that costs one-fourth as much is money thrown away that we will sadly need for butter, eggs and meat.

As sellers of Shoes, we sell what the people want, of course, but it makes me sick at heart to have to buy and sell a pair of shoes for \$5 or \$6 that have not \$2 worth of wear in them.

To-day we are selling one-half our shoes for less than it costs to make them, yet we will not advance a price until our stock of over 200,000 pairs are sold and we are compelled to go into the open market and pay more than we are selling the same shoes for to-day.

I beseech you, spender of money, to pause and give serious thought to what you buy, as to whether it's the best you can get for wear and service, whether you buy in any one of our 25 stores or outside.

Health Restored After 15 Years of Suffering

Remarkable Recovery of Elmer Beard Astonishes His Many Acquaintances
TANLAC BENEFITS HIM
Those who knew Elmer Beard as he was only a few short weeks ago are astonished at the marvelous change that has come over him.

From a worn out, miserable, physical wreck he has changed almost overnight into the picture of health, and the story of his recovery is well nigh unbelievable.

"For 15 years," said Mr. Beard when seen at his home, 235 Lehman street, Lebanon, Pa., "I suffered indescribable torments from indigestion and stomach trouble. I was run down and tired all the time and I couldn't eat enough to keep up my strength for no matter how simple the food my stomach could not digest it and I would be filled with gas, causing me to suffer severe pain and almost unendurable misery."

"I tried every medicine I ever heard of without being able to get any relief and my trouble got so bad that late years that I was often confined to my bed under the doctor's care, but I only got worse instead of better."

"Finally, after reading so much about Tanlac, I began taking it and from that day my recovery has been rapid until to-day, to look at me, you would not think I had ever had a sick day in my life.

I am stronger and more energetic; I am sleeping fine and I have a splendid appetite and can eat heartily of anything on the table.

"I heartily recommend Tanlac and my many friends here in Lebanon will vouch for the great good that it has done me."

Tanlac, the famous reconstructive tonic is now being introduced here at Gorsag's Drug Store, where the Tanlac man is meeting the people and explaining the merits of this master medicine.
