

U. S. STEEL CASE IS BEFORE COURT

Government Appeals From Lower Court's Dismissal of Suit to Dissolve Corporation

Washington, March 9.—Hearings on the government's suit to dissolve the United States Steel Corporation were begun to-day by the Supreme Court. An array of counsel for both sides appeared in the hearings which are expected to last until the middle of next week.

Federal attorneys opened the arguments, the government having appealed for dismissal by the New Jersey federal district court of its suit, which was begun in 1911 in President Taft's administration.

The principal idea of the prosecution is domination by the corporation in the iron and steel industry. It is said to furnish more than one-half of the national production and to control prices. By its formation in 1901, the government alleges, competition was illegally stifled.

The defense is that the corporation has actually operated beneficially, has not oppressed competitors nor the public and is not illegal merely because of its size and combined assets.

In the lower court, the government's suit was dismissed, because, although the court found that the corporation was organized with intent to restrain trade and had actually done so, it was without power to alone fix and maintain prices and was not, therefore, a monopoly.

Holding Series of Services

CANTOR N. SWARTZ

The first services of the series to be conducted by Cantor N. Swartz, in the Chizuk Emmuna Synagogue, Elbert street, will be held at 6.30 o'clock this evening. The other services will be to-morrow morning at 8.30 and Sunday evening at 7.30 o'clock.

AT INDOOR TRACK MEET
Miss Pearl Yohn, of 504 South Thirtieth street, who is visiting in Philadelphia, will attend the Meadowbrook Indoor Track Meet at the Commercial Museum to-morrow evening.

BUT THIS IS HOW HE DID IT

BUT THIS IS HOW HE DID IT

WHITE GRUBS ARE TO BE STUDIED

Worst Enemy of the Farmer to Be Tamed by State Zoologist's Men

Part of the investigation work of the Bureau of Zoology of the State Department of Agriculture during the coming season will be for the control of the white grubs and wireworms which destroyed several million dollars' worth of grains and vegetables during the past year. The damage from these pests is large every season, but during 1916 the damage was away above normal on account of the wet and changeable weather.

It will be the effort of Zoologist J. G. Sanders and his trained assistants to determine the areas in the State where the various broods of the white grub occur, and to determine the year of emergence of the adults, so that control measures may be adopted in the several infested sections. The May beetle or June beetle is the parent of the common white grub which requires three years for maturing in the ground, while it feeds on and destroys the roots of bluegrass, timothy, grains, strawberries, potatoes and other crops.

The investigation work will be carried on at such points throughout the State as seem advisable from records of injury to crops, secured through correspondence received at the Department of Agriculture. It will be necessary to make considerable collections of the adult beetles to determine the range of the twenty-five or thirty species which occur in this State. Nothing has been done in the past to determine the extent or range of these destructive pests.

The Department of Agriculture will co-operate with the United States Bureau of Entomology, which is carrying on similar work in some other States, and the farmers' help will be enlisted in caring for light traps during the flying season of the beetles for about six weeks in May and June.

Dickinson Students Engage in Lively Class Fight

Carlisle, Pa., March 9.—Windows were broken, steam radiators torn apart and walls and ceilings damaged in the old college building at Dickinson last night during a fight between sophomore and freshman classes. The trouble came when members of the sophomore class attempted to release their fellowmembers who were kidnapped, bound and secreted in the building during the day by the freshmen.

A banquet of the sophomores was scheduled to be held here to-night, and yesterday the freshmen, about 100 strong, scoured the town for the sophomores. Many of them were captured and taken to the old building. When the time for the banquet arrived many of the college men were missing and a search for them resulted in the fracas.

The college faculty issued a statement saying that the damage done to the building will be put on both classes.

FIRE DESTROYS THEATER
Evansville, Ind., March 9.—The Orpheum theatre, Evansville's first playhouse, was destroyed by fire to-day. The loss is estimated at \$400. The blaze started on the stage and spread quickly. The theater was built in 1872.

COMPLAIN OF FILMS
New York, March 9.—Motion picture producers testified here yesterday before the legislative committee investigating the industry that two of the most difficult problems that confront them are the theft of films and the elimination of indecent pictures.

4,852 JOINED ARMY IN FEBRUARY
Washington, D. C., March 9.—Recruiting during February resulted in 4,852 men being added to the regular army, the War Department announced yesterday. Officers view the results as highly satisfactory and indicating that the army can be brought to its authorized strength before June 30.

'WON'T RESIGN, SAYS STONE
Washington, D. C., March 9.—In view of reports that Senator Stone, because of his attitude on the armed neutrality issue, might not be retained as chairman of the foreign relations committee, the Senator last night made this statement: "I am not going to resign as chairman of the foreign relations committee and I am going to be retained in that chairmanship in the Senate reorganization."

BROKEN THUMB COSTS LIFE
Trenton, N. J., March 9.—Ernest Hartpence, an employe of the John A. Roebing Sons' Company, died in a Mercer Hospital yesterday from lockjaw, resulting from a broken thumb suffered in his work twelve days ago. At first little attention was paid to the injury, but a week ago the symptoms became such that a physician was summoned.

SUBSCRIBE TO WAR LOANS
Vienna, March 9.—Every one of the 13,000,000 German-Austrians within the empire is represented by 1,154 Kronen (\$231) in the war loans that have been raised in Austria. These loans have amounted to 18,000,000,000 kronen, of which the German subjects have subscribed some fifteen billion. The six million Czechs have subscribed one and three-quarter billion, while the remaining 13,000,000 inhabitants, including 8,000,000 citizens of Galicia and the Bukovina, have subscribed one and three-quarter billion.

WE WISH TO ANNOUNCE OUR USED CAR DEPARTMENT POLICY

Heretofore the purchase of a used car has been the occasion for many offers and counter offers, and as a rule the man without an expert knowledge of automobile value has paid a higher price than the expert would have paid for the same car.

Our used car department policy will alter these old-fashioned methods. All our exchanges and demonstrators will, after they have been put in first-class running order, be appraised by experts and a fair and honest price will be made. Each car will have that price placed on a tag—and that will be the first and ONLY price that car will have.

The man with no knowledge whatever of automobiles will be exactly on the same footing as the expert.

WE WILL GUARANTEE EACH USED OVERLAND AND WILLYS-KNIGHT CAR WE SELL FOR THIRTY DAYS

against any trouble occasioned by defective material or workmanship. In dealing with our used car department YOU ARE GUARANTEED FAIR TREATMENT AND GOOD VALUES.

We are holding a spring sale of **GUARANTEED** used Overland cars at prices ranging from \$200 to \$800 **COME IN AND LOOK OUR CARS OVER**

Announcing Our Millinery Opening For Spring

In this presentation of Spring Millinery we have assembled the ideas of both Paris and America.

The clever touches of French designers are clearly evident in the beautiful pattern Hats which we purchased from a New York importer.

American creative ability is revealed in the splendid gathering of Hats originated in our own fashion centers, Chicago and New York.

May we count on you as our guest at this formal opening?

Saturday, March the tenth.
