

AMUSEMENTS

REVIEW OF MAJESTIC BILL

Not a Dull Minute on the New Bill at the Majestic Theater

Who remembers the good, old days of vaudeville with big musical hits, and popular skits by Jesse Lasky's famous companies? To one who remembers these, the Majestic program for the first three days of the week, comes as a breath of the past with its wonderful memories. To the person who doesn't remember the past, there is a big and pleasant surprise in store. Musically, the entertainment is the best that has been given in the city for months. From the rise to the drop of the curtain there isn't a dull moment for the audience—there couldn't be with such an array of talent as the Majestic offers. Greenlee and Drayton open the bill with one of the finest songs, dance and conversation tilts ever used to amuse.

Knocks Obstinate Coughs in a Hurry

A Simple Home-Made Remedy that Gets at the Cause.

Thousands of people normally healthy in every other respect, are annoyed with a persistent hanging-on bronchial cough year after year, disturbing their sleep and making life disagreeable. It's needless—there's an old home-made remedy that will end such a cough easily and quickly. Get from any druggist "912 ounces of Pinex" (50 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. Begin taking it at once. Gradually but surely you will notice the cough thinning out and then disappear altogether, thus ending a cough that you never thought would end. It also promptly loosens a dry or tight cough, stops the troublesome throat tickle, soothes the irritated membranes that line the throat and bronchial tubes, and relief comes almost immediately. A day's use will usually break up an ordinary throat or chest cold, and for bronchitis, croup, whooping cough and bronchial asthma there is nothing better. It tastes pleasant and keeps perfectly. Pinex is a most valuable concentrated compound of genuine Norway pine extract, combined with guaiacol and is used by millions of people every year for throat and chest colds with splendid results. To avoid disappointment, ask your druggist for "912 ounces of Pinex" with full directions and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

"The Nick of Time Baby"
A two-part Keystone comedy that is a riot of THRILLS AND LAUGHTER.
THURSDAY AND FRIDAY
Alice Joyce
—In—
"THE COURAGE OF SILENCE"

They even talk in five languages to show their ability. Jean Moore follows in song sketches, well arranged and highly entertaining. One of her best numbers is "Yaddie Kaddie Kiddle Kaddie Koo." Then follows an original playlet by James Kennedy and Company, with plenty of fun. It ends with the engagement of a notorious gambler to an aristocratic young lady, giving the needed touch of romance. To James B. Donovan, "The King of Ireland," and Miss Marie Lee, are given comedy honors. Breezy wit, a song, a dance or two bring down the house every time they appear. Miss Lee and Mr. Donovan fill a long-hoped-for wish of vaudeville lovers—their presentation isn't marred by time-worn, thread-bare jokes. "Victor's Melange" is a rightfully holds headline honors. It is one of the best organizations on the stage and is the most popular act of its kind that has been billed this season. Fifteen first-class musicians with Lillian George offer a tenuous array of popular and classic songs and instrumental numbers. An organ effect in the opening scene, a sextet of mandolins and guitars, vocal solos, and stirring band numbers all add to the climax of a program that the Majestic management will have difficulty in bettering. May there be more—many more, like the variety of pleasing and melodious offerings this week. MAX ROBERTSON.

ORPHEUM—To-night and Wednesday, with daily matinees, March 13 and 14—"When the Girl in the Red Dress" Friday, night only, March 16—The Messrs. Shubert present "Alone at Last" and "The Promise."
MAJESTIC—Vaudeville. **COLONIAL**—"The Happiness of Three Women."

Everyone doubtless recalls the haunting and charming songs, marches and waltzes of "The Merry Widow." Perhaps they do not remember that the famous Viennese writer is the composer. At any rate, Herr Lehár, when "The Merry Widow" became so popular, set out to write another light operatic work which should surpass the "Merry Widow" and he gave the world "Endlich Allein" or "Alone at Last," as it is known in this country, and by which name Messrs. Shubert produced the worthy work at their Shubert Theater in New York last season. It is coming here with the same large company of favorites and beauty chorus to say nothing of the special symphonic orchestra. The cast includes such well known people as Harry Conover, Forrest Huff, Fritz von Binsing, Mabel Weeks, Jane MacArthur, Robinson Newbold, Elizabeth Goodall, H. T. Hagan, John E. Wheeler and too many others to mention. The local engagement will occur at the Orpheum Theater for one performance only on Friday evening, March 16.

"The Promise," a splendid new Metro picture, featuring Harold Lockwood and May Allison, will be the chief attraction at the Colonial theater to-day and to-morrow. "The Promise" is a delightful love story of the out-of-door type, filled with beautiful scenes and gripping dramatic situations. The story deals with a young man, the only son of wealthy parents who has been spoiled as only a young man with too much money to spend can be spoiled. He is engaged to a young girl, who is alternately proud of his prowess in football and ashamed of him for his escapades. Finally he brings disgrace on himself and family by a brawl in a cafe, and decides of his own free will that he will go away and make a man of himself. How he succeeds makes a splendid photoplay, both in love interest and adventure. A new two-reel Keystone comedy, the first for many months, will be the added attraction of the program. It is called "The Nick of Time Baby," and is said to be one continuous round of thrills and laughter. Coming, Monday, Tuesday and Wednesday, next week, Norma Talmadge in "Panthea."

"The Happiness of Three Women," featuring Myrtle Stedman and House Peters, will be presented to-day at the Regent theater. The last time, the story has to do with the adventures of Billy Craig, a young attorney. His fiancée—the wife of a jealous husband—and the loving helpmate of a bank cashier are the three women whose happiness Craig holds in the hollow of his hand. For a time it would appear that he must either sacrifice his fiancée, and incur the wrath of the jealous husband, or send the bank cashier, an innocent man, to prison. How matters are straightened out by the quick wit of a woman must naturally be seen to be enjoyed. To-morrow and Thursday—Jesse L. Lasky presents Fannie Ward, supported by her husband, Jack Dean, in "Betty to the Rescue."

Allied Powers Espouse the Cause of Old Turks
By Associated Press
Saloniki, Greece, March 13. — To combat the influence of Islam among the Muslim inhabitants of Greek Macedonia, the Allied Powers have espoused the cause of the Old Turks against the Young Turks now in control of Constantinople, and are declared to be financing a considerable propaganda in favor of the re-establishment of the old regime in Turkey. The leading agent of this work in Macedonia is a former aide-de-camp of the deposed Sultan Abdul-Hamid Khan, one Col. A. Samy Bey, who, on official occasions, is almost completely hidden under a curtain of gold braid and decorations. At present he is editing and publishing a newspaper intended for circulation among the Muslim inhabitants in Greece, entitled the "Star of Islam." For a brief period, he edited a similar paper in Athens, but as the Turks are not popular among the Greeks of old Greece, he appeared to be wasting his time and was ordered by Saloniki to co-operate with the Venizelist movement by bringing the Muslim over to the cause of the Cretan. Colonel Samy speaks of his work as a "crusade," and draws his religious authority for it from a receipt which he received from the Grand Sheriff of Mecca, guardian of the tomb of the prophet, and officially recognized by Great Britain, France and Italy as King of the Hedjaz, on January 3. The Bey's temporal authority depends upon old Abdul-Hamid, who Colonel Samy refers to as "that grand politician who was ever, in Turkey, the High Protector of the Greek element." Colonel Samy fled Turkey at the same time with Abdul-Hamid, in 1909, on account, he says, of his intense sympathies. He claims to be a Greek subject. Since the beginning of the present war, he has been busy with the Mohammedans in Arabia, Syria, Palestine and Africa, spreading his propaganda in favor of the old regime in the Ottoman empire. In Macedonia, he works in touch with Essad Pasha. Piles Cured in 6 to 14 Days. Druggists refund money if PAZO OINTMENT fails to cure Itching, Blind, Bleeding or Protruding Piles. First application gives relief. 50c.

SCHOOL NOTES

TECH
At a recent fire drill, the members of the school broke all previous records by leaving the building in 65 seconds. The members of the Junior class held a class meeting in the third floor study hall yesterday afternoon to discuss plans for the class dance that will be held March 25. A picture of the Sophomore class was taken yesterday morning in front of the building. The photo will be used in the March edition of the Tatler. George L. Stark, editor-in-chief of the Tatler, has announced that the March edition will come from the press within the next week. This issue will be dedicated to the Sophomore class. Members of the Junior class have decided to have a dance at Hanshaw's Hall March 28. President Harry Miller has appointed chairmen of the several committees, who in turn will name assistants for their respective committees. Those to direct the work include: Ticket and program committee, Fred Ramey; music, Fred Huston; hall, "Peter" Moore; refreshments, "Ted" Lloyd; decorations, T. Willis Patterson. The dance will be open to all members of the school. The Junior class colors are blue and gold. The seniors and freshmen will op-

pose each other this afternoon in an inter-class basketball league contest. At the present time the seniors are last in the race, while the freshmen are second. Only since three of the first year lads have been promoted to the Varsity have they been dislodged from the first position. A victory to-morrow will place the freshmen in a tie with the sophs for first position. **ACADEMY**
The fifth declamation contest was held in the Academy assembly yesterday morning. The two best speakers of the third form were James Mersereau and Francis Ambler, who recited a portion from Dickens' "David Copperfield." Of the fourth form were Walter Mellon and Nelson Schreiner, who recited a part of Patrick's famous speech. The faculty, who acted as judges, decided on Nelson Schreiner as the best speaker. This is the fifth contest, which has been held, and the Romans now have 3 points to the Greeks' two points. William Bruce was chosen manager of the Academy basketball nine during the spring term. The schedule has not yet quite been completed, but it is expected that there will be some good games for the coming season. **CENTRAL**
Preparations are being made for the Junior Girls' Oratorical Contest, which will be held in about six weeks. The faculty has selected sixteen co-ed-

from the Junior class, who are high in scholastic standing, to compete. The judges have been selected both for the preliminaries and finals, but their names are withheld from publication for the present time. Miss Susan Applegate is training the girls for the presentation of their orations. Manager Kenneth Downes, of the Mandolin Club, has secured several good engagements for the near future. This organization will play Thursday evening at an entertainment to be given in the Grace Methodist Church. A mandolin club was in existence in the school year 1914-15 at Central High and was directed by Leroy Smucker. Steulton High has followed the precedent established by Central this year and has also formed a mandolin organization recently. **OPEN CHINESE PORT**
Chinwangtao, China, March 16.—Plans are under consideration by the government for the formal opening of this port for commercial purposes to replace the port of Lienshanwan, which has been acquired by the ministry of the navy as a naval base. During the winter months Chinwangtao is constantly used by steamers which are unable to approach Tien-tsin because of the ice in the river. This port is never closed by ice, but cannot afford a safe harbor for the shipping until a large breakwater is constructed.

Greek Labor Unions Protest Against the Entente Blockade

By Associated Press
Piraeus, March 13.—The presidents of the 300 labor unions of the Piraeus and Athens have presented American Minister Droppers with a protest for transmission to the President of the United States, against the allied blockade of Greek ports. "What is most painful," says the protest, "is that the blockade is being continued even after the government has accepted and executed the onerous conditions of the last ultimatum of the Powers, who have formulated no new demands whose acceptance could bring about the lifting of the blockade." "This last measure touches the harmless population of women, old folk and children whose lives are respected even in time of war. Under the protection of the blockade a revolutionary movement, conducted by a small number of traitors, is spread in the Aegean Islands by brandishing the spectre of hunger. The foodstuffs consigned to the commission charged with supplying food to the country are seized by the very Powers maintaining the blockade and

turned over in violation of all justice to those who have fomented and directed the Saloniki movement. This arrangement makes it evident that even when the blockade is raised, the country will be menaced by famine. This situation has greatly upset the commercial relations with all neutral countries and especially with the United States. "All the unions and syndicates of working men, through the signatories of these presents address the liveliest protest to all the neutral lands against this violation of every human and divine right, and particularly approach the government of the United States in the hope that it will be willing to use its voice to bring about a cessation of these unheard of measures against a neutral state."

Blotchy Skin

Many a time you have looked into the mirror and wished that your skin would be like other people that you know, without a blotch. This wish can be yours for the asking. Wash D. D. D., the lotion of healing oils, over your pimples or blotches tonight, and wake up in the morning to find them gone!

Wanted for Harrisburg-- 750 Business Merchants

With modern package delivery, \$750,000 yearly can be saved on cost of living in this City

IT TAKES a statistician occasionally to set people straight about things they think they know. The man in the street has been using some big figures lately about war profits. We have the highest authority for telling his wife that the cost of delivering packages from various stores to the homes in this city is ten times as great as all the war profits that have come here. And what makes it most interesting to the thrifty housewife is the fact that 20 to 50 per cent of that cost is absolutely wasted. Look out of your window the next time your storekeeper delivers goods! — What you see will show you whether you are dealing with a business man or not. Is he delivering with a horse and wagon? You may know then that he is restricting his business because he is restricting his radius of doing business. That means that he is not buying to the best advantage. His overhead is too high. You are likely to lose in the quality of the goods he sells you. Is he delivering with a converted pleasure car? That is the first mistake he is likely to make. A pleasure car that is not and never was designed to carry packages—that cannot stand the strain—that burns up gas and oil out of proportion and is old before the paint is worn. That is the man who says motor delivery does not pay—simply because it costs him more than it ought to cost. These men do not know what package delivery costs them. If they did they would give it the most serious study and they would get the facts.

The storekeeper who knows the facts delivers with a VIM Delivery Car—and you will know he is a business man when you see his VIM deliver your packages. The VIM is the only delivery car designed with a full knowledge of the delivery requirements of a hundred lines of business. It is so far past the experimental stage that there are now 20,000 of them running all over the United States. In all lines of business, with all sorts of drivers, under all conditions of streets, roads and weather, and with a record of three years of service behind the oldest of them—VIM Delivery Cars have proved to be the most reliable, the most economical in gas, oil and tire use of any delivery car, and the greatest help to expansion ever offered to retail merchants.

The progressive woman finds it pays to do business with business merchants. Hundreds of these merchants who deliver with a VIM testify that the expansion in business and decreased cost in delivery easily save them \$1,000 a year. These figures are conservative, and the same results can be had by any merchant in the United States. Added to the merit of the cars themselves—here in this city is a most complete sales and service organization for taking care of VIM trucks. The merchant who delivers with a VIM has every assurance that his car will keep running every business day in the year. The VIM Delivery Car may be bought the same as any other business appliance—the cost written off over a period of twelve months. The VIM plan gladly given to any merchant on request.
