ACADEMY FAVORS ANNEXATION PLAN

Institution Communicate With Council

Members of the board of directors fthe Harrisburg Academy in a communication to City Council went on record favoring the petition of River

side voters for annexation.

J. E. Painter, 261 Forster street,
was appointed to the city police force
to succeed the late Officer Daniel
Graham. He will go on duty March
15.

No action was taken by Council on

No action was taken by Council on the workmen's compensation insurance for city employes. When the question of postponed ordinances was brought up, the 'commissioners agreed to take no action on them, and adjourned shortly after.

It was decided to divide the work of the Department of Public Safety until a successor is named either by vote or appointment if the third-class city law is amended. Commissioner Lynch will have charge of the water and lighting, plumbing and building inspection; Commissioner Gross, health and sanitation department; Commissioner Gorgas, street lighting, fire and police alarm systems.

sioner Gorgas, street lighting, fire and police alarm systems.

The Mack company was awarded a contract to furnish a two-ton truck for the Highway Department at a cost of \$2,925. Although a number of lower bids were received. Commissioner Lynch asked Council to approve his choice.

Much New Equipment
The triple, centrifusal pumpers, with chemical and hose equipment, with chemical and hose equipment, with chemical and hose equipment, will be new apparatus for the city department. At present all pumping is done by stea mfire engines. With the addition of these two pieces, one for the Allison Hill district and another in the West End, the first triple service apparatus will be in use.

Commissioner Gross, in speaking of the new equipment, said:

"One of these will be for the Mt. Pleasant Company, to replace the old rotary st am engine there, which is beyond repairing.

The other triple piece will be stationed at the Camp Curtin Company house, adding a pumper to the apparatus in the uptown section.

"The equipment for each will include a pump with a capacity of 750 gallons a minute; two 35-gallon chemical tanks, with 200 feet of chemical hose; containers for acid and soda to make additional chemical preparations while apparatus is in service; one trussed-extension ladder in two sections of twelve feet, total length when open twenty feet; one roof ladder, twelve feet long; poles, bars, lanterns and holders, small chamical tanks, metal baskets for firemen's uniforms and all other necessary accessories, including tool-set.

"One of the features of the chemical tanks equipment of the triple apparatus is that the small chemical hose can also be used for a ¼-inch water stream on small fires when a 2½-inch plug stream is unnecessary. This can not be done with the present equipment.

duced the larger losses of the opening.

The rebound of the first half hour gave way to another selling movement in which important stocks, including standard rails, fell to lower levels. Traders were active in the decline, using such leaders as steel, coppers and shippings to depress values elsewhere. New York Central, Reading, Lehigh Valley and Union Pacific showed greater heaviness with minor rails. Shippings and oils also reacted with equipments. Dealings slackened on the second setback which induced some short covering.
