

German Troops and Women in Big Riots

Amsterdam, March 12.—Serious disturbances among the German troops in the vicinity of Namur and Huy are reported by the Telegraph. The paper says that only fragmentary reports of the trouble have reached Holland, but that it is known that such large numbers of soldiers have been imprisoned at Namur and Huy on charges of insubordination in connection with the outbreak that the prisons in the two towns are crowded to four and five times their normal capacity.

The Telegraph also publishes an account of further food riots in Barmen in which the chief of police was seriously wounded by the stones of the women rioters. The account says that the police were helpless and that even the troops failed to disperse the rioters who were finally got in hand by firemen turning the fire hose on them.

CHICAGO FIGHTS SCARLET FEVER Chicago, March 13.—Orders to fumigate all halls, lodge rooms, theaters and churches that danger of an epidemic of scarlet fever might be lessened were issued by Dr. John D. Robertson, health commissioner of Chicago. More than 150 new cases of the disease were reported yesterday and today.

WILSON STAYS INDOORS

Washington, March 13.—President Wilson remained indoors today because of the cold of which he has suffered for the past week but it was said at the White House that his condition was steadily improving. The usual Tuesday cabinet meeting was cancelled.

A Dependable Medicine

Lydia E. Pinkham's Vegetable Compound is a dependable root and herb medicine. It has made a place for itself among the great mass of people, because it has proved that it will accomplish all that is claimed for it. Nothing unfavorable can honestly be said about it. It does not contain injurious drugs. It is a root and herb remedy founded upon a physician's prescription, and is manufactured for a specific purpose. That it accomplishes this purpose is proved by thousands and thousands of convincing testimonials.

NO ACTION ON TAX QUESTION

Mechanicsburg Council Postpones Proposition to Withdraw Trolley Suit

Mechanicsburg, Pa., March 13.—As a result of strong public sentiment, backed by many of the most prominent businessmen and citizens of town, headed by Burgess Mishler, the Borough Council, last evening, by a vote of 3 to 5, postponed indefinitely action on the resolution proposing that the borough, through its attorneys, withdraw proceedings already instituted for the collection of unpaid franchise taxes due the borough from the trolley ways company. The council chamber was crowded when the meeting was called to order by Councilman Fish, acting for the president, Mr. Kirns, who was absent on account of illness.

Burgess Mishler appeared before Council and strongly protested against any passage of the resolution before the Council to withdraw the equity proceedings scheduled for March 29. He declared that to pass this resolution would be to "dismiss the borough's attorneys and let the interests of the citizens go to the four winds." None of the councilmen spoke on the Shaub resolution, except Fish and Irvine, the former making several attempts to forestall its passage as by a suggested amendment that the question be submitted to the vote of the people at the November election, which, it was pointed out, could not be done.

Council's action last evening is another chapter in a contest which has lasted for a number of years, dating back to 1911, when the borough council, acting under a clause in the ordinance granting the trolley company, then the Cumberland Valley Electric Company, the franchise to use the tracks of the town, passed an ordinance which fixed the tax to be paid by the company at \$1,200 per annum. The trolley company at once went into court, seeking to have this ordinance declared illegal and void, as unreasonable and excessive, but in a decision handed down by Judge Porter, of the Superior Court, and affirmed on appeal to the Supreme Court, the court decided that Judge Gillan, called in to try the case, had been correct in holding the lower court without jurisdiction in the matter, and the Superior Court went on to say that the exercise of the taxing power in question was a perfectly valid one.

The borough then instituted an action to secure payment of this annual tax, and this suit has never been decided, chiefly due to the fact that the trolley company began equity proceedings to enjoin the borough from collecting the tax. It is this latter piece of litigation which is to be argued on the 20th of this month. The borough's action at law is to recover the back taxes since 1911, with interest, now amounting to about \$8,200. The whole matter now rests on the outcome of the equity proceedings on the 20th of this month.

FEWER DELEGATES COMING

The number of delegates for the annual convention of the Pennsylvania Federation of Labor to be held here May 8 to 11, probably will be smaller than in former years. The reason for that is given by Charles F. Quinn, secretary of the Federation as that one delegate now has the voting power that formerly was held by two. The sessions of the conventions are held in various cities in alternate years. Scranton will probably be the next meeting place.

Druggist Tells How To Stop Indigestion

Recommends to Stomach Sufferers the Best Remedy in Harrisburg Today "It is a wonder some of us have stomachs left," remarked a well-known drug clerk recently. "While all drug stores sell a score or more of stomach remedies for which there is a wide demand, most of them are just pills which aid or artificially force digestion of the food that is in the stomach at the present time, they have a curative or strengthening effect on the stomach at all, and of course do not reach or cure the cause. So the same people keep on coming here and buying and using them until they are real chronic dyspeptics. When anyone really asks my advice I swear by and recommend ordinary bisulphated magnesia, which dissolves the food at all but acts as an antacid and sweetens the sour fermenting contents of the stomach. That stops the pain, heart-burn, sour rising, gas bloating, fullness, etc. in just a few minutes, and the stomach digests its food without help or trouble, which is the proper way.

Little Coal on the Surface

That's the situation. Yards have never been so short of fuel at this season of the year. And there's no prospect of improvement. The chances are it will keep the collieries busy the entire spring and summer to supply the immediate needs of the market. Conditions will not permit of any getting ahead of the demand to accumulate a surplus. If you need coal buy it at once.

COMMISSION IS UPHOLD BY COURT

The Superior Court to-day upheld the Public Service Commission in holding that the Pittsburgh Railway Company could not increase its night fares on the ground that it had not given proper notice of the proposed advance in the rates. The opinion was rendered by Judge Henderson. The court handed down the following opinions: Per Curiam.—Hersch vs. Hersch, C. P. No. 5, Philadelphia, affirmed; Marine City Co. vs. Carrigan, C. P. No. 4, Philadelphia, affirmed; Middleton Estate, A. C., Philadelphia, affirmed; Deacon vs. Hendricks, M. C., Philadelphia, affirmed; Emmons Coal Mining Company, Courtenay, M. Instant Hair Stain Restorers

Some folks would have you believe that they have discovered some marvelous combination that will restore the color to gray, streaked or faded hair, or without staining it. No such preparation has ever been discovered. There is only one preparation so far as we know that is entirely free from sulphur, lead, silver, mercury, zinc, aniline, coal tar products or their derivatives. This preparation is called "Brownatone." It is so easy and safe to apply that the wonder is that anyone ever uses anything else. "Brownatone" instantly tints the hair to any shade of brown (or black) that may be desired. If the gray shows on your temples or is streaking your hair at the ends of your hair are lighter than the balance, or if for any reason you wish to stain all or part of your hair—use "Brownatone."

A sample and booklet will be sent you (from manufacturers only) upon receipt of 10c. Mention shade desired. All of the leading drug stores sell "Brownatone." Two sizes, 25c and \$1.00. Insist on "Brownatone" at your hair-dresser's. Prepared by The Kenton Pharmaceutical Co., 672 Scott St., Covington, Ky. Sold and guaranteed in Harrisburg by Clark's Medicine Stores, 300 Market St., 206 Broad St., and other leading dealers.

HARD TO FIND U. S. SAILORS

Aliens Afraid to Go to Home Ports Even on American Ships

New York, March 13.—Preparations to send out American merchant ships armed and guarded against submarines have revealed a possible shortage of American sailors. It is understood that the American line, of whose passenger vessels has sailed from Europe since the beginning of the German blockade, will need two thousand men. Gustave A. Braun, secretary of the Atlantic district of the International Seamen's Union of America, expressed doubt that so many men can be furnished by the union at short notice.

Other difficulties, according to Mr. Braun, arise from the fact that many of the men seamen are not American citizens. Some are Germans; others are citizens of the entente nations and reluctant to go to ports where they might be held for army service. Six thousand of the union men, Mr. Braun said, expect to go to the Great Lakes where navigation will open next month. The union will meet to-morrow night to consider the offer of the International Mercantile Marine, owner of the American line, of a 50 per cent bonus. The union has demanded a 75 per cent bonus. The steamship company also promises to take care of the dependents of seamen who may lose their lives in service, to insure their clothes in case of loss and to assure them transportation back to New York if their vessels are sunk.

American Surgeon Is Rescued When Liner Is Sunk by U-Boat

Washington, March 13.—The sinking of the Cunard non-passenger liner Folio, with one American on board, was reported to the State Department today in a preliminary dispatch from Consul Frost, at Queenstown, as follows: "Cunard non-passenger Folio sunk off Waterford, Tenth. Survivors landed Dungannon. Sole American, boat's surgeon W. J. Core, Nashville, Tenn., saved, uninjured."

Local Railroad and Brotherhood Officials Silent on Strike Order

Officials of the Pennsylvania railroad and Reading Railway Company first learned through the Harrisburg Telegraph of the proposed plans of the Brotherhoods to strike. No statement was made as to the course to be pursued here in the event of a strike. While none of the officials would commit themselves as to the probable outcome, it was intimated that no action would be taken until more definite information was at hand.

Three Killed and Seven Missing in Explosion

Cannonsburg, Pa., March 13.—Three men are known to have been killed and seven others are missing as a result of two explosions at the mine of the Henderson Coal Company, at Hendersonville, five miles from here, early to-day. About twenty men were at work at the time but seven were rescued shortly after the blast occurred and three others were removed later. The cause of the explosion has not been determined. Officials of the company said that three men are known to have been killed and possibly three others lost their lives, but local undertakers say the death list may possibly reach ten. Rescue teams from the Pittsburgh station of the Bureau of Mines and also from neighboring mines have entered the workings but have made little progress owing to the great amount of debris which blocks the passages. The mine was opened two years ago and normally employs 200 men.

High School Withdraws From Debating League

The Central High School debating team yesterday withdrew from the Central Pennsylvania Debating League after a conference of instructors of the English department. Action was taken by the local school because of a recent ruling of the league officials preventing any one school from winning the silver trophy two years in succession. Should Central have stayed in the league and won the trophy it would not have been awarded to her, but to the next highest school.

REPULSE GERMAN ATTACK

Paris, March 13.—Several attacks were made by the Germans last night and all were repulsed. The War Office announced to-day a strong German detachment which attempted to advance on the Courcy road was checked. Another futile attempt was made near the hill 185 and on Gennevilliers, on the Verdun front, were counter-attacked. The French took 150 prisoners yesterday.
