

GINGEROLE

The Wonderful New Ointment, Drives Away Chest Colds, Coughs, and Sore Throat

Money Back If It Is Not All We Claim

Every druggist in America is authorized to return your money if it does not do as advertised.

Just rub it on and away goes sore throat, coughs and chest colds over night. It will not blister, but it will stop headache, earache or toothache in ten minutes.

It quickly stops rheumatic pains, neuritis, neuralgia and lumbago and instantly relieves tonsillitis, pleurisy and bronchitis.

For sprains, swellings, sore, burning feet, and all aches and pains it has no equal. All first-class druggists sell Gingerole for 25 cents.

Pennsy's Operating Staff in Session

Philadelphia, March 16.—The operating staff of the Pennsylvania Railroad is holding an all day meeting in the general offices of the company here. It is the regular monthly session of these officials, and while nothing was taken out, it is presumed the staff is considering ways and means for meeting the threatened strike.

It was said at the general offices that the Pennsylvania railroad has not been officially notified that its men will be called out and until such notification is received the company will have nothing to say regarding the situation. No notices of embargoes have been issued here.

It is known unofficially that all the arrangements made last fall to combat the strike then threatened are ready to be put into effect if a walkout is ordered. The company is receiving reports as to the attitude of the men who would be affected by a strike order, but these reports were not officially made public.

CRESWELL HEADS PAPER

D. M. Creswell, '18, of this city, has been elected editor-in-chief of the Pennsylvania Collegian, the weekly published by the students of Pennsylvania State College.

CAUGHT THIRTEEN SUCKERS

Blain, Pa., March 16.—W. F. Gray, a fisherman of Blain, tried his luck yesterday fishing with hook and line in Sherman's creek, and was successful in landing a fine string of thirteen big suckers.

J. B. SEAL OF MILLERSBURG DIES

Editor and Publisher of Up-County Paper Widely Known

J. B. SEAL.

J. B. Seal, editor and proprietor of the Millersburg Herald, died at the Keystone Hospital last night. Mr. Seal was 70 years old and had been in poor health for a number of years.

John Benjamin Seal was born on a farm in Upper Paxton township, one mile northeast of Millersburg, March 1, 1847, on the same premises where his father and grandfather lived all their lives. When 18 years old he became a school teacher and followed that profession seven years, in the meantime pursuing his studies at Millersville State Normal school. He taught three terms in the district, and then took charge of the grammar school at Millersburg and served a term as principal of the high school of the town. He organized a private school known as the West Bangor Select School, in York county.

In 1872 Mr. Seal engaged in the printing and stationery business here and in 1874 established the Millersburg Herald, of which he remained the editor and publisher until his death.

Mr. Seal always took an active interest in public affairs, and was prominent in every movement or enterprise for the benefit of his home town and county. He was an active member of the Methodist Church and was prominent in Masonic circles.

In 1881 he was nominated by the Republicans of Dauphin county for the Pennsylvania Legislature and in November of that year was elected by a large majority.

On February 9, 1891, Mr. Seal was commissioned postmaster of Millersburg for a term of four years by President Harrison. He was elected to the Millersburg school board in 1896 and was chosen president of that body.

TECH STUDENTS WANT MILITARY BODY

(Continued From First Page)

lent movement for the development of our rapidly-growing student body, both mentally and physically. We wish to make it clear to you that no student will be taken into this organization (1) unless he passes a fair physical examination; (2) unless he is up in at least 15 hours of study a month; (3) unless he is over 18 years of age, over five feet four inches in height, and weighs at least 110 pounds.

This is no movement to train the boys for service in the army. This training will help largely in shaping the boys' characters for them to start in the world; it will add greatly to their discipline, carriage, courtesy, physical and mental development.

We hope that you will give this your early and careful consideration.

Captain "Pete" Sutch announced the appointment of eight corporals in addition to the other appointments. They are as follows: first corporal, Lloyd Reeves; second corporal, John Paul; third corporal, Eldred Zimmerman; fourth corporal, Lester Zimmerman; fifth corporal, Ralph Brough; sixth corporal, Frank Gerlock; seventh corporal, Donald Miller; eighth corporal, Delmont Plank.

SCHOOL NOTES

TECH

The Camera Club held a business meeting yesterday afternoon with Earl Sherl presiding. Louis Kraybill and Paul Guarin were appointed as a committee to secure speakers for the club. The first speaker will appear at the next meeting that will be held April 3. Fred Haehtlein, the treasurer, made a report showing that the treasury is in good condition.

Another month of school ended today and grades for the four weeks will be handed in on Monday by the teachers.

Thirty members of the Mandolin Club held a weekly practice in the library yesterday afternoon, in charge of Professor Will B. Morrow. The club is preparing for its concert in May.

Members of Sections A, B and F, of the Sophomore class, seem to be rivaling each other in the publication of daily and weekly "newspapers." Section F is about to put out a "sheet" which they term "The Bimonthly Review." Members of the section say that it will contain some real cartoons, together with "Komics" and "Klass Nuse" in general. Section B terms its publication the "Buzzing Bee." "Skinny" Martin is editing Sekshun Aze (A's) Budget. The papers that are passed about contain some original material.

Members of the orchestra held a mock concert at the chapel exercises yesterday. Leader Samuel Sherman is making preparations for a large crowd to attend the concert on the twenty-second of this month.

First Step is Taken In Motorization of City Fire Apparatus

Measurements have been taken for the three motor tractors to be placed on the horse drawn steam fire engines of the City, Susquehanna and Paxton Fire companies. The equipment will be shipped here within the next few days and placed on the engines at once. This will be the first step in the motorization plan and will cost \$11,400. At present the Good Will engine is at Elmira, N. Y., for repairs. A contract has been made to have the machine overhauled, rebuilt and a motor tractor attached. This will cost \$6,200.

TURKS CONTINUE HEADLONG FLIGHT

(Continued From First Page)

sh commander, reports them continuing to fall back.

On the other side of the Tigris, however, the Turkish forces are apparently endeavoring to hold on, for a time at least, to territory lying northwest from Bagdad toward the Persian border. General Maude's report announces occupation by the British of a portion of the town of Kukubah, on the Djalal river, about thirty miles northeast of Bagdad. Turkish resistance there is suggested.

It seems not unlikely that the Turkish purpose is to hold off the British in this region as a measure of assistance to the Turkish armies from Kermanshah, which at last accounts were retreating toward the Persian border not far north of the present point of contact between British and Turks on the Djalal. The British action in driving northeastward seems to be to push a wedge between the Turkish Mesopotamian forces and the Ottoman troops retiring along the Kermanshah-Gand caravan road.

Fighting of notable appearance, by all indications, is taking place on the Macedonian front. The French have been on the aggressive with considerable forces there for some days. Today's Berlin reports say repeated attacks by the French occurred yesterday northwest and north of Monastir.

The Germano-Bulgarian position near Njopolje, six miles west of Monastir, was admittedly breached in this series of assaults. Otherwise the attacks are deemed to have failed, as did French attacks farther west between Lakes Ochrida and Prespa.

In the house of commons to-day the British chancellor of the exchequer indicated that an appeal to the country was possible because of the attitude of the Irish Nationalists hampering the government in its conduct of the war. The Germano-Bulgarian position near Great Britain to avoid elections during the war and the life of the parliament has been extended to obviate the necessity of holding them.

MENTION FOR NAVY MEN

Washington, D. C., March 15.—Lieutenant H. S. Haslip, three petty officers and seven seamen, formerly attached to the wrecked cruiser Milwaukee, have been commended by Secretary Daniels for meritorious action in attacking the German submarine U-101, after she grounded in Humboldt bay, on the California coast.

ECONOMY FOLLOWS HIGH PRICES

Americans Use Less Food Because of Increased Cost of Product

Washington, March 16.—The war and high food prices have caused Americans to be more economical in the consumption of foodstuffs. Statistics indicating that fact have just been announced by the Department of Agriculture. They show that in the years of 1912 and 1913, before the war, the United States was consuming 2.3 per cent. more food than it produced. In the two war years, 1915 and 1916, the United States produced 1.2 per cent. more food than it consumed. Americans were consuming less edible grain, meat, dairy products, vegetables, sugars and lard, while the consumption of coffee and tea, fruits and nuts and poultry and eggs had increased.

Production of foodstuffs between the two periods increased 3.7 per cent.; imports increased 15 per cent.; consumption showed an increase of only three-tenths of one per cent. and exports increased 7 per cent.

RAILROAD WIRES GO UNDER GROUND

(Continued From First Page)

ing of conduits in part of the district but as soon as possible this will be started and the large cables placed. Other changes in wiring through the yards are to be made also.

Will Remove 100 Poles

Work of replacing more overhead wires of the Harrisburg Light and Power Company has been started by the Central Construction Corporation, and more than one hundred poles will be removed by the time the improvements are completed. The unfinished work will cost \$50,000 and will include laying conduits in Pine, Locust and Chestnut, from Court to River streets; in Court street, north of Blackberry; Strawberry, Aberdeen to Cowden; Blackberry, Fourth to Grace; North, Second to Front, and in Front 300 feet north of North street.

SUPERINTENDENT 52 YEARS

Lewistown, Pa., March 16.—Professor William Moyer, of Freeburg, Pa., grandfather of L. F. Sessinger, a well-known resident of this place, has a record of service likely not equalled in the nation in Sunday school circles. Mr. Moyer has just been re-elected superintendent of the Lutheran and Reformed Sunday School of Freeburg for the fifty-second year, serving since 1855. Mr. Moyer is 52 years old.

DIES FROM EXPOSURE

Hagerstown, Md., March 16.—Six hours after being found nearly frozen from exposure by lying half of the night along a road near this city, Raymond Show, aged 25 years, died without regaining consciousness at the home of Edward Kuhlman, where he was taken. Show started to ride to Tikhmanton on a bicycle in a sleet and rain storm and was found later along the pike.

Boys, Here's the Way to Make Muscle

Mope muscle—more muscle than Skinny, Fat, or anyone in the gang—do you want more muscle? If you do—then you should do what the football men and the men in the big leagues do—eat the right thing for breakfast—eat Cream of Barley. It's good for muscle, and it's good to eat. For tomorrow's breakfast have Mother get from the Grocer
