

# PROMINENT MEN GIVE MILITARY TRAINING VIEWS

BISHOP PHILIP R. McDEVITT, E. J. STACKPOLE, JR., LOCAL PLATTSBURGH RECRUITING OFFICER, SAYS:

"In view of recent events there is fear that the day is far distant when governments will be sufficiently just, courageous, generous and unselfish as to submit their contending claims to an impartial judge for adjustment."

"In consequence the possibility of war is always imminent. Hence wisdom dictates that every nation should prepare for a danger that may threaten either the national life or the national welfare. This preparation implies military training."

"For want of knowledge of the subject I am unable to express an opinion in regard to the different systems of military training. It is obvious that there should be no doubt of the adequacy and efficiency of the system adopted, whatever it may be."

"This military preparedness does not relieve any nation from the obligation, before appealing to arms, to use every effort to settle its disputes by arbitration. Neither does one's belief in military training lessen the hearty sympathy with the propaganda to bring into existence an international board made up of the representatives of all governments and having the authority and power to settle by arbitration disputes among nations."

## RIVERTON WATER COMPANY HAS GREATLY INCREASED ITS RATES

### Committee of West Shore Firemen's Union Investigates Matter and Will Report at Next Meeting

Lemoine, Pa., March 19.—An increase of 75 per cent. in rates of the Riverton Consolidated Water Company was made July 1, 1916. This is the sum and substance of a report to be made to the West Shore Firemen's Union at their meeting next month by the committee on this work.

According to information given to the committee, the minimum rate for the year was \$10 and under the new rates it is \$17. Each consumer is required to pay a minimum rate of \$4.25 every three months. The increase in the rates since July 1, 1916, has been alarming the consumers and lately appeals were made to the union's committee to investigate. The rate in Camp Hill was raised 200 per cent. several years ago.

The union has been making a campaign against the water company for a year, but now special efforts will be made to go before the State commission to have matters adjusted.

Rumor has it that P. Russ, of Harrisburg, has severed his relations with the company, but this could not be authoritatively learned to-day.
