ESTIMATE BOARD
WILL BE CREATED
Systematic Making of a Budget
Will Be a Feature of State Administration

ago by the Economy and Efficiency Commission, composed of the Governor, Auditor General and Attorney General.

The proposed board is said to be modeled on the lines of the North Dakota board and under the plan the Auditor General would be empowered to ask and secure from each department, bureau, commission, board, institution or other agency receiving State appropriations estimates of the amount of money required to operate them for two years. This information would be asked by August 1 and in the third week of November the board would consider the estimates and prepare recommendations during which it would have authority to visit State institutions, to hold hearings and to quiz heads of various branches of the government.

Under the terms of the bill the board would report its budget to the Legislature on the tenth day of the session together with an estimate of the revenues and all information regarding requests for appropriations. The work would not conflict with the Board of Public Charities which has charge of recommendations for hospitals and charitable institutions.

The powers of the board would be recommendatory, much as the present commission.

 Huntingdon, Pa., March 19.—When Clarence E. Smith enlisted last June in Company B, Eighth Pennsylvania regiment, of Huntingdon, and went to the Mexican border for service, he left a fine job with the Standard Steel Company, a subsidiary of Baldwin Locomotive Company, at Burnham. Upon returning to work he found that the company had deposited to his credit in a local bank more than \$600, his wages which he would have received if he had stayed at work.

PLAN HOTEL FOR DOGS
 Atlantic City, March 19.—Atlantic City is going to have a "hotel for dogs only," so that wealthy women with blue-blooded pets will no longer be able to say they are obliged to go elsewhere because they cannot find here the kind of accommodations they insist upon having.

TO REMOVE DANDRUFF
 Get a 25-cent bottle of Danderine at any drug store, pour a little into your hand and rub well into the scalp with the finger tips. By morning most, if not all, of this awful scurf will have disappeared. Two or three applications will destroy every bit of dandruff; stop scalp itching and falling hair.—Advertisement.

 A score of bills have been reported from the committee and appear on the first reading calendar. The committee has a list of bills and sub-committees are out of the committee. No decree was given in the case, either by actual service upon the respondent or by a subpoena issued at his residence in the Commonwealth. The court also granted that full faith and credit are to be given decrees rendered in any other state or country in evidence in court actions providing the court is satisfied the divorce proceeding was begun and conducted in good faith and that there was no collusion or agreement between the parties.

Besides, the licorice in it is highly beneficial to the throat."
