Landmarks of Revolutionary War Times Near Enola

Enola, Pa., March 20.—One of the few remaining landmarks of Revolutionary days still in existence in the Enola district of Cumberland county is the farm house of Charles H. Gottschall, located about a quarter of a mile from this place. The cld stone house was built in the spring of 1797, some time after the close of the Revolutionary war, by David Newcomer. The house was later sold to George Livingstone by the heirs of Mr. Newcomer, and it remained in the possession of Mr. Livingstone until it was purchased by Anderson Gotschall, father of the present owner. It has been in the Gotschall family for almost a half century. Although the surroundings of the building have been greatly improved, the old building remains intact as of the day it was completed. Another historic building near he re is the Lantz school house, built in 1776 and used to-day for school purp

Asked about the war situation in China prior to sailing, Mrs. Groff answered, to the surprise of all: "The Chinase are so busy over there they have no time for war talk, and one hears little about it even from others."

On her arrival in this country she was met on all sides with the question, at this question as the questioners were with her cool rejoinder: "What was there to be afraid of? We heard of no reason to postpone our sailing."

Much Better than the Ready Made Kind—Easily and Cheaply Prepared. G2525252525252525252525

Aiss Clara Bergstresser spent several days at Paxtang and Harrisburg, are devery known "ready-made" cough remedy, you would hardly have in them all the curative power that lies in this simple "home-made" cough syrup which takes only a few minutes to prepare.

Get from any druggist 2½ ounces of Pinex (50 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 54 cents and gives you a full pint of really better cough syrup than you could buy ready-made for \$2.50.

Tastes pleasant and never spoils.

This Pinex and sugar syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes that line the throat, chest and broachial tubes, so gently and easily that it is really astonishing. A day's use will usually overcome the ordinary cough and for bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, combined with guaiacol and has been used for generations to break up severe coughs.

To avoid disappointment, be sure to ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.
