Posse Kills Murderer of Judge in Battle With Escaped Convicts

By Associated Press
Birmingham, Ala., March 21.—David D. Overton, the former county court clerk under death sentence for the murder of Judge W. T. Lawler, was shot to death in a Birmingham suburb last night by a sheriff's posse sent out to capture him and six other prisoners who had escaped from the county jail early in the day. In a battle between the posse and the prisoners, Tony Malino, another convicted murderer, also was killed, and J. L.

Latham, held on a forgery charge, was seriously wounded. The other convicts escaped.
About fifty shots were exchanged during the fight, which took place in a briar thicket near Birmingham College. The posse, sent six deputies to round them up. Overton and his companions at first attempted to escape, and then at a command to halt began to fire.
The battle was scarcely more sensational or dramatic than the jail delivery to which it was the sequence. The seven men, three of them under death sentences for murder and three others held on murder charges, in a concerted revolt overpowered and disarmed the jail guards, tumbled into an automobile waiting nearby and were

gone before an alarm could be given. Within a few minutes armed posses were sent out in all directions and an all-day man-hunt through the city and the surrounding country followed.
GERMANS RECRUIT POLAND
By Associated Press
Amsterdam, March 21.—Germany has started a new and elaborate recruiting campaign in Poland, according to a Koenigsberg dispatch to the Frankfurter Zeitung, quoting Polish papers. Under the new scheme seventeen main recruiting offices, 74 district offices and 400 local bureaus have been opened. An appeal of the state council to the Poles to join the colors will shortly be issued.

Dutch Press Urges Arming of Vessels Against Submarines

By Associated Press
The Hague, March 21.—The question of the status of armed merchantmen continues to be the predominant subject of discussion in the Dutch newspapers. The Handelsblad urges that Dutch merchantmen should be armed on the ground that conditions have altered since the government's decision at the outbreak of the war that such ships could not enter Dutch ports. The papers say:
"There is no good reason for the government to refuse to recognize the

right of foreign merchantmen. Americans for instance, to carry the means of defense against unlawful attack. The refusal of Holland to recognize such a right is more unfriendly toward America than a modification of the Dutch standpoint would be unfriendly toward Germany.
NOT TO MISBRAND GOODS
By Associated Press
Washington, March 21.—Charges against seven textile goods makers of misbranding their products as silk were dismissed by the Federal Trade Commission to-day on assurances from the manufacturers that the practice would be discontinued. Charges are pending against a number of other manufacturers.

Railway Congestion Is Lumber Men's Problem

By Associated Press
Pittsburgh, March 21.—Railroad congestion and what should be done to eliminate it was the principal subject of discussion at the opening session of the National Wholesale Dealers' Association here to-day. The principal speakers were A. M. Thompson, vice-president of the Baltimore and Ohio railroad; Col. J. M. Schoonmaker, vice-president of the Pittsburgh and Lake Erie railroad; and E. V. Babcock, of Pittsburgh. The convention will close with a banquet to-morrow night at which Senator Watson, of Indiana, will be the principal speaker.

File Suit For Right to Sell Water Co. Property

Equity proceedings against the Susquehanna Water Company, this county, to get possession of its property and to hold a sale for the benefit of creditor-bondholders were started late yesterday by the Commonwealth Trust Company, in a suit filed with Prothonotary Henry F. Holler. It is alleged that \$100,000 worth of bonds were floated in 1908 by the company, but that interest has been defaulted for the semi-annual payments in 1915 and 1916. The court will fix a time later for a hearing.
