Legislation to change the compensation system was discussed with Governor Brumbaugh to-day by a committee representing organized labor. In the delegation were a number of officers of the mine workers' union and they were accompanied by Representative James H. Mather, of Reading, president of the State Federation of Labor. They were much pleased with the Governor's attitude relating to labor's requests for changes.

Announcement was made to-day that all third class city bills would be considered by the House committee on municipal corporations on Tuesday. There is a possibility that amendments to the Clark act may be put into one bill.

TRY THIS TO BANISH ALL RHEUMATIC PAINS

People who have been tormented for years—yes, even so crippled that they were unable to help themselves—have been brought back to robust health through the mighty power of Rheuma. Rheuma acts with speed; it brings in a few days the relief you have prayed for. It antagonizes the poisons that cause agony and pain in the joints and muscles and quickly the torturing soreness completely disappears. It is a harmless remedy, but sure and certain, because it is one discovered that has forced rheumatism and sciatica to yield and disappear. Try a 50-cent bottle of Rheuma, and if you do not get the joyful relief you expect, your money will be returned. H. C. Kennedy always has a supply of Rheuma and guarantees it to you.

A well-known authority states that stomach trouble and indigestion is nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acrid fluids and gases which inflate the stomach like a toy balloon. We then get that heavy, sour feeling in the chest, we eructate sour food, belch gas, or have heartburn, flatulence, water-brash, or nausea. He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast while it is effervescent, and furthermore, to continue this for one week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices. Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.

RAILROAD RUMBLER

REFUSE DEMAND OF MACHINISTS

Western Maryland Officials Present Proposition; May Be Accepted

Hagerstown, Md., March 22.—Officials of the Western Maryland Railroad Company yesterday afternoon refused to grant the striking machinists, assistants and apprentices an increase of six cents an hour. The demand was made at a conference before a committee of strikers and representatives of the railroad. The strikers, about three hundred in number, walked out of the shops on Tuesday because they allege the railroad officials broke their contract with them by promoting two men to positions as machinists who were not entitled to the position or pay. A proposition submitted to the strikers by the railroad officials looking to a settlement of the difficulty was taken into consideration by the strikers at a later meeting and may be accepted. At the request of the railroad officials, Sheriff Long placed deputies as guards at the shops though there were no signs of trouble. The first plan of the strikers to call all union shopmen on the Western Maryland Railroad, it is said, has been abandoned.

CONDUCTOR LOSES EYESIGHT Henry C. Braun, freight conductor on the Philadelphia and Reading railway, who has been off duty for two months on account of eye trouble, has returned from Philadelphia, where he had a special examination. The sight of his right eye is entirely gone as the result of an accident in January. While en route to Harrisburg from Hagerstown a spark hit the eye and lodged in the pupil. An eye specialist at Hagerstown was forty-five minutes removing the spark. A month ago Conductor Braun discovered that his sight was gone. He is a member of the Brotherhood of Railroad Trainmen and resides in Prospect street.

FRIENDSHIP CLUB MEETING Interesting addresses are on the calendar to-night for the regular monthly meeting of the Friendship and Co-operative Club for Railroad Men. The meeting will be held in the room 407 Market street. It is probable that a committee will be named to-night to arrange for an open meeting to be held in the near future.

Surprisingly Good Cough Syrup Made at Home Costs Very Little and Easily Made, but is Remarkably Effective. You'll never really know what a fine cough syrup you can make until you prepare this famous home-made remedy. You not only save \$2 as compared with the ready-made kind, but you will also have a more effective and dependable remedy in every way. It overcomes the usual coughs, throat or chest colds in 24 hours—relieves even whooping cough quickly. Get 2 1/2 ounces of Pinex (50 cents worth) from any good drug store, pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. Here you have a full pint of fine, healthy—of the most effective cough syrup that money can buy—at a cost of only 54 cents or less. It never spoils. The prompt and positive results given by this pleasant tasting cough syrup have caused it to be used in more homes than any other remedy. It quickly loosens a dry, hoarse or tight cough, heals the inflamed membranes that line the throat and bronchial tubes, and relieves coughs almost immediately. Splendid for throat tickle, hoarseness, bronchitis, croup and bronchial asthma. Pinex is a highly concentrated compound of genuine Norway pine extract, combined with guaiaicol and has been used for generations for throat and chest ailments. Avoid disappointment by asking your druggist for "2 1/2 ounces of Pinex" with full directions and don't accept any cheap imitations. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

RISK JUST ONE CENT Send no money. Just your name and address on a postal card. Say: "Dear Sam Katz: Please tell me how you cured your catarrh and how I can cure mine." That's all you need to say. I will understand, and I will write to you with complete information, FREE, at once. Do not delay. Send postal card or write me a letter to-day. Don't think of turning this page until you have asked for this wonderful treatment that can do for you what it has done for me. SAM KATZ, ROOM BM135 2909 Indiana Avenue Chicago, Ill.

OBERLIN

William Janson, Earl Shaffer and Gordon Furst, students of Susquehanna University, Selingsgrove, hiked to Harrisburg from that place and spent the week-end with relatives here. The District Sunday school convention last evening held in the Enhaut Church of God was the largest of any for a number of years. The Rev. W. S. Houck, of Harrisburg, gave an address on "The Results of Good Organized Bible Classes."

Further Advances Are Predicted; International Conditions Stimulate Demand Prices are undeniably the main concern of the iron and steel trade. This week like those preceding, marks further advances. Those already made have been fairly well tested and there is nothing discernible that is calculated to reduce them for many months unless it be a lack of balance in respect to the new capacity from time to time. The Iron Age in summarizing the situation to-day says: "International conditions have, if anything, stimulated demand. Foreign bidding for materials seems not to have diminished in any particular and many domestic consumers are eager to secure forward protection. With mills booked for months with definite business, all of it substantially irrevocable, it is not surprising that pressure from buyers forces large price jumps nor that mills are disinclined to take on the usual so-called domestic contracts of the week, with few exceptions, have proved to be mere options of advantage chiefly to the buyer. "What purchasing is abandoned because of high prices, such as is occurring in general building construction, is regarded as a stabilizing influence as representing a definite future demand. The uneasiness accompanying the rapid advances seems to be disappearing. A policy in some recent finished steel sales of requiring domestic contracts of the week, if recent purchases for trackage, for if recent railroad procedure gives any precedent, recognition of the lack of terminal facilities will follow increasing domestic power plants just as buying on this account came after a shortage in cars seemed to be the one need. "It is clearer that ship plates for deferred shipments are differentiated from other contracts of the week, but the wider tank plates more generally command 6c. For battle and scout cruisers for the United States Government 48,000 tons have been closed, not including 16,000 tons of armor plate which went at the prices named last November. Following 100,000 tons of ship plates offered to mills without bids, the rate of 75,000 tons was refused this week."

STILL INCREASE RED CROSS WORK

High School Girls Accomplish Much in First Attempt at Red Cross Sewing

Twenty-five High School girls yesterday were given their first instruction in Red Cross sewing in the Trinity Parish house, by the First Aid class of the Steelton Red Cross Society. These girls make up the first division of the High School Society. The other division will be given their first lesson Monday afternoon. Much work was accomplished by the girls in the two hours they sewed yesterday. The work was confined to sewing red crosses on sergical shirts and making sergical stockings. This class meets in Trinity Parish house next Wednesday afternoon. The first aid class of twenty members of the older society met at the home of Mrs. Quincy Bent, chairman yesterday afternoon. Miss Hattie Ensminger talked to the women on bandaging. The first lesson in their red cross class work books, treating on organization, bacterial problems and foods was given by Miss Ensminger. This class will meet at the home of Mrs. Bent next Monday and Wednesday evenings. Two additional sewing machines will be put into use at the weekly work of the Steelton Red Cross Society in Trinity Parish house to-morrow afternoon. The society now has seven machines.

BLUE TEAM WINS The Girls' Blue team of Central Grammar School defeated the Girls' team in a game on Felton Hall floor yesterday afternoon. The score was 24 to 22. The Blue team was composed of Miss Wren, Miss Shuler, Miss Hope, Miss Gardner, Miss Vickery, Miss Doolittle, Miss Callahan, Miss Dolson, Miss Kintz, Miss Grimes and Miss Noll. The game was fast.

ANNOUNCE ENGAGEMENT The engagement of Miss Eva Stella Snyder, editor and publisher of the Middletown Press, to Raymond Thomas, Main street, has been announced. The wedding will be held at the home of Mrs. Snyder, a graduate of the Middleville High School, class of 1915.

Steelton Snapshots To Initiate Class.—A class of candidates will be initiated into Steelton Lodge, No. 411, Knights of Pythias, at a meeting this evening. A special program will be presented followed by a luncheon. To Visit Lodge.—A party of members of Steelton Moose will attend a meeting of the Elizabethtown lodge this evening. The local Moose have completed plans for a meeting to be held at the German Quarter Club hall March 30. Pastor Transferred.—The Rev. W. H. Shaw, of Sharon, Pa., has been appointed pastor of the First Methodist Church to succeed the Rev. W. C. Sanderson who was appointed to a charge in Manayunk. The appointments were made by the Philadelphia conference. Both will take charge of their new work Sunday.

BRICKER FUNERAL Funeral services for Mrs. Susan Bricker, who died Tuesday night, will be held at her residence, 15 North Third street, to-morrow afternoon at 2 o'clock. The Rev. W. N. Horn, of St. Columba College, will officiate. Burial will be made in the Baldwin cemetery.

MINE CODE POSTPONED The special committee of the House committee on mines and mining which is in charge of the anthracite code to-day postponed consideration of the bill until next Thursday. The session to-day lasted less than half an hour. State Chief of Mines Roderick made a statement on the code and questions were asked by several of the operators. The miners' representatives did not make any question. The session was adjourned for a week to permit more study of the code.

This Actually Removes Superfluous Hair Roots (Entirely New and Instantaneous Method) By the introduction in this country of what is known as the "phelactine process," any woman can now rid herself completely of annoying superfluous hair or fuzz. The process is entirely new, different from all others, and far better—because it actually removes the roots, as well as the surface hair! It is instantaneous, perfectly harmless, odorless and non-irritating. Just get a stick of phelactine from your druggist, follow the simple directions and see the hair roots come out with your own eyes! No depilatory or electrical treatment can produce this result. The skin is left soft, smooth and hairless as a child's. Phelactine can be used with absolute safety—one could use it with impunity. If it doesn't do exactly as claimed you can have your money back without question.—Advertisement.

"I Feel Like a New Woman" She Exclaims

All Her Ailments Vanished at Magical Touch of Tanlac, She Explains GENERAL HEALTH WAS POOR "I certainly do feel like a new woman now," exclaims Mrs. Mary Brownell, of Steelton, Pa., "for all my ailments and the hair on my face have vanished at the touch of that wonderful medicine, Tanlac." "When I look back and remember how I used to suffer and long for some relief from my pain and misery, my recovery seems almost like a miracle to me." "My chief trouble was a lazy, torpid liver. It wouldn't work and it felt to me as if it was all over my back and my back ached continually." "And because of my liver, my stomach wasn't able to do its work properly and I suffered intensely from indigestion. I had headaches, too, and gas would often form in such quantities that it would creep up around my heart and cause sharp pains." "A neighbor of mine recommended Tanlac, and she was so enthusiastic about it that I bought a bottle myself with the result that I have already mentioned." "Tanlac, the famous reconstructive tonic, is now being introduced here at Gorgas' Drug Store, where the Tanlac man is meeting the people and explaining the merits of this master medicine.—Adv.
