

TWO PROHIBITION SPEAKERS COMING

Dr. Crafts and C. N. Howard, of National Reputation, to Make Addresses

In Grace Methodist Episcopal Church next Tuesday evening there will be two speakers of national prominence. Dr. Wilbur F. Crafts, superintendent of the International Reform Bureau, of Washington, D. C., and Clinton N. Howard, of Rochester, N. Y., will be the speakers. Dr. Crafts has been in active prohibition work for half a century. Clinton N. Howard is known as "The Little Giant of Oratory."

Devoid of Sensationalism, Dr. Russell's Services Are Attracting Large Crowds

Devoid of the sensationalism of the modern professional evangelist, Dr. R. M. Russell, who is now conducting an evangelistic campaign at the Market Square Presbyterian Church, is attracting large audiences and is making a profound impression on his hearers. The meeting this afternoon was well attended and those of yesterday and last night were also largely attended, despite the bad weather. The subject of the afternoon meetings is "The Acts."

Dr. Russell's subject last night was "The Importance and Value of Special Drawing Near to God." It showed from the scriptures, alike of the Old Testament and the New Testament, and from the history of the Church, that special efforts are proper and divine. Then Dr. Russell fascinated, and at times thrilled his hearers by recitals of his own work while a pastor in a Pittsburgh church. He let them into the secret of a work which started with a scant membership of 400 members, and in a pastorate of about fifteen years built up a great congregation, with a membership of 1,500. He told how many of the members who united with the church under his pastorate were brought in under just such meetings as are now in progress in Market Square church.

Following Dr. Russell last night, Dr. C. E. Hawes, pastor of the Market Square church, said: "I know that the devil is very much against those meetings and for this reason alone it is quite evident that they are doing a world of good."

DISCOVERS HOW PLAGUE SPREADS

College Professor Also Finds Preventative For Infantile Paralysis

By Associated Press
Rutland, Vt., March 22.—Announcement that Dr. Edward Taylor, professor of Tropical Medicine at the University of Vermont had made an important discovery as to the manner in which infantile paralysis is spread, was made to-day by Dr. Charles S. Caverly, president of the State Board of Health. "Dr. Taylor has apparently shown," Dr. Caverly said, "that diseased noses and throats allow the passage of the virus into the central nervous system while normal noses and throats seem to neutralize this poison. The simple process of cleansing the nose and throat with warm water in which table salt has been dissolved is perhaps as good a preventive as we have."

MODEST AND ABLE
The appropriation asked for the coming year by the continuing head of the Department of Agriculture, Mr. Houston, and voted by the late Congress, was smaller than in any previous year. Incidentally, there are few things at Washington more impressive than the usefulness of the work done by the Department of Agriculture. It is not the sort of work to get into the daily news or to catch the attention of the newspapers in large cities, but everyone familiar with its views it with satisfaction.—From "Comment on Congress," in Collier's.

HENRY B. SCHROEDER BURIED
Mechanicsburg, Pa., March 22.—Funeral services were held this afternoon for Henry B. Schroeder at 2 o'clock in St. Luke's Episcopal Church, of which the deceased was a member for many years. The Rev. Mr. Barlow officiated and burial was made in the Chestnut Hill cemetery.

PROVIDES PAY FOR MEN WHO ENLIST

Bill Would Protect Incomes and Positions of Public Officials in Army

A bill was introduced in the House to-day by Mr. Beyer, Philadelphia, providing that appointive officers and employees of the State in any county or municipality who have persons dependent on them and who enlist in the army or navy shall have positions held for them and that half of salaries or wages shall be paid to their dependents during their service for the nation. No sum in excess of \$2,000, however, can be paid. The bill also provides for employment of substitutes during the absence in service.

A significant paragraph is that the act is to apply in event of enlistment "in time of war or contemplated war." Mr. Beyer is chairman of the Judiciary General committee.

Mr. Albee, Potter, introduced a fishermen's license bill which provides for a dollar license, the applicant to pay a ten cent fee to a magistrate or a fifteen cent fee to a county treasurer issuing a license.

The Albee bill requires the license to be carried by fishermen when fishing and exempts owners of lands and farmers. Mr. Switzer, Clarion, presented a bill requiring owners of lands to remove thistles and other noxious weeds preceding the census. Mr. Sprows, Washington, one of Ireland contributed the greater part of the foreign born with 64,455 persons.

GERMAN PEOPLE IN GOOD HEALTH

Infant Mortality Is Lower Than in Times of Peace

By Associated Press
Amsterdam, March 22, via London.—The health of the German people is surprisingly good and infant mortality is lower than in peace time, according to Vice Chancellor Helfferich. The vice chancellor is quoted by Berlin dispatches to Reuter's as saying in a speech before the Reichstag: "Our fears regarding the possible effects of a restricted food supply are unfounded. Moreover the health of the people is surprisingly good and infant mortality lower than in peace times."

Great Britain's efforts with the plow proves the importance she attaches to the submarine war. Her imports will be further restricted by our submarines. "We have already taken measures for the proper production and distribution of raw materials after the war and in regard to rebuilding our mercantile fleet negotiations are proceeding with the ship owners. Despite the Paris conference we shall renew relations with foreign powers after the war."

IRISH HELP BOSTON GROW
Boston, March 15.—Of the 745,439 inhabitants of this city shown by the census of 1915, 268,154 were foreign born, according to figures announced by the State bureau of statistics to-night. Native-born residents increased by 50,000 and foreign-born residents by 25,000 in the five years preceding the census.

Discouraging Payment of Attention to Chain Letters Which Seek to Raise Money

The Harrisburg Chamber of Commerce has sent a notice to its members discouraging the payment of attention to chain letter schemes to raise money, create sympathy, etc., because such schemes are an annoyance to people and encourage people to foist plans on a sympathetic public. The Chamber of Commerce has investigated one particular chain letter scheme, which is designed to have everybody receiving a letter to contribute twenty-four cents toward the purchase of chloroform to use in the hospitals of the allies. An investigation of the matter by the Chamber of Commerce discloses that the money is apparently being turned over to the British War Relief officers in a proper manner, but the New York lady whose name has been used as a sponsor for the movement, like many people who have received the chain letter, has been continually annoyed by the movement.

Would Cut Request of Labor Department For Funds

Reductions in the appropriation for the State Department of Labor and Industry, which includes the Workmen's Compensation Bureau, were indicated by Senator Buckman, chairman of the Senate Appropriation committee, and Representative Woodward, chairman of the House Appropriation committee, at a conference late last night with the Economy and Efficiency Commission, which consists of Governor Brumbaugh, Attorney General Brown and Auditor General Powell.

John Price Jackson, State Commissioner of Labor and Industry, asked for an appropriation from this Legislature for the next two fiscal years much larger than that granted to the department by the last Legislature. The appropriation included an item of \$200,000 for State aid for employment bureaus. Senator Buckman took the stand that this time was unnecessary if only because of the great and increasing demand for labor of all kinds in an industrial State like Pennsylvania as a result of the European war. Besides Commissioner Jackson, State Insurance Commissioner J. Denney O'Neil and Director James N. Moore, of the Legislative Reference Bureau, received the attention of the conferees. Commissioner O'Neil only asked for an increase of \$8,000 in his appropriation, while Director Moore asked for none.

Are You Intoxicated? The question is not as impertinent as it sounds. You may be a real teetotaler and yet be "intoxicated"—that is, poisoned by the gases that come from imperfect digestion. The products of food putrefaction are taken up by the blood and often poison the entire system. Cut out meats and starchy foods for a while. Eat Shredded Wheat with milk or cream for breakfast; eat it with stewed fruits and green vegetables for dinner or supper. It will cure auto-intoxication and make a new man of you. All the meat of the whole wheat in a digestible form. A perfect meal at lowest cost. Made at Niagara Falls, N. Y.

Weakened by Sickness He Starts Long Journey He Cannot Live to Complete

"Ise gwine back, back to the cotton and the cane," was the burden of the refrain that John Moore, colored, hummed last night as he lay on a cot waiting for the police ambulance to take him from the hospital to a train that would bear him to Florida. Moore, weak from months of sickness, brightened up when the train pulled away from the station.

SCHOOL NOTES

CENTRAL
The S. P. Q. R. Society will meet Monday evening, April 2, at the home of Miss Evelyn Speakman, 709 North Seventeenth street. Several interesting features are being arranged by the program committee, which includes Miss Nora Lippi, Miss Margaret Wingard, Miss Katherine Kelly, Miss Sabra Clark, Miss Louise Johnson, Paul Selsam, James Dougherty, Marlin Geiger, Harold Martz, and the faculty advisors, Miss Mary S. McNiff and Miss Edna Engle.

Professor H. G. Dibble will conduct the first special rehearsal for the Gilbert and Sullivan opera, "H. M. S. Pinafore," Monday evening in chapel. This play will be presented by the senior class in June, at the Orpheum Theater.

The meeting of the Philonian Debating Society, scheduled for last evening, was postponed and will be held this evening.

The H. A. Society will meet at the home of Leslie Minnich Wednesday evening, March 28.

The Centralian Society will meet at 7:45 Wednesday evening, March 28, in the John Y. Boyd Memorial Building. Following the business session the "Centralian First" anniversary will be observed, with a banquet in the dining-room as the chief event. One of the many interesting features will be an address by a member of the faculty.

TECH
The Juniors and Sophomores were pitted against each other late this afternoon in a postponed inter-class league contest. A victory for the second year boys will clinch the pennant, while a victory for the Juniors will make it necessary for the Freshman-Junior contest. Should the Juniors land both games, it would result in a tie for first place between the Juniors and Sophomores.

The monthly reports were distributed to-day.

The Junior class held a meeting in the third floor study hall yesterday afternoon to discuss plans for the class dance that will be held March 28. Plans have been completed for the orchestra concert that will be held in the auditorium to-night. Leader Samuel Sherman reports a large sale of tickets. Prizes will be awarded to the three highest sellers.

Deaths and Funerals
MISS KATHERINE McCLEASTER DIES FROM COMPLICATIONS

Miss Katherine E. McCleaster, the daughter of Sarah V., and the late James McCleaster, died this morning at 9:30 o'clock from a complication of disease at her home, 222 Kelker street. She was well known in Catholic church circles in the city. Funeral services will be held Monday morning at 9 o'clock from the St. Lawrence Church.

She is survived by her mother, three sisters, Mrs. John G. Wall, Mrs. Grace M. Carroll, Mrs. Francis P. McGinnis, of this city, two brothers, Charles F., of this city and Alexander M., of Surrey, N. D.

MRS. MARY L. PAGE
Mrs. Mary L. Page, aged 65, widow of the late Christian Page, died early this morning at the home of her son, J. W. Page, 544 Forrest street. She is survived by one son with whom she resided, three sisters and eight brothers. The funeral will be held from her late residence Saturday afternoon at 2 o'clock. Interment will be made in the East Harrisburg cemetery.

THE NEW STORE OF WM. STROUSE

Our First Birthday---

The New Store is one year "young" to-day—and it's still The NEW Store. It always will be The NEW Store, for, after all, it's the merchandise within a store that tells.

A man, for instance, can be young at sixty — or eighty — if the spirit within him still carries the buoyancy of youth. If antique ideas prevail he is "old" at twenty. And so it is with a store.

Altho The New Store of Wm. Strouse is a year old to-day, the merchandise within is being re-born every day — for no day passes without new merchandise, spick and span, arriving from the nation's leading clothes-makers.

One year ago, The New Store of Wm. Strouse made public this statement of policy:

"Briefly, our policy is this: 'Satisfaction to Every Customer.' Each salesman, selected because of his business ability and keen insight into the needs and wishes of his customers, is empowered to rectify all errors, to his patron's entire satisfaction."

This policy, together the merchandise itself, and our constant effort to please, has built up in the brief space of one year, the MOST POPULAR Men's Store — the store with the widest circle of friends in all Harrisburg — or Central Pennsylvania, if you please.

And now, as Spring ushers in the second year of big business for The New Store, we renew, whole-heartedly, our pledges of a year ago.

ADLER-ROCHESTER Clothes

—featured exclusively by The New Store, for Men and Young Men, are so appealing—so thoroughly human, that we predict the second year of The New Store will exceed our original expectations, just as the first year outstripped our highest hopes.

The Department of Boys' Clothes, too, has been the source of great pleasure and comfort to mothers in the selection of the Boys' complete outfit. For here, the wide variety of styles, and sturdy materials, makes easy the choosing of the Boy's School, Dress or Play Suit.

The Hat Department Too, Has Grown—

And this encouraging development is due largely to the handsome array of Schobe and Mallory Hats — always just a step in advance — that holds the center of attraction at The New Store.

Remarkable Expansions of Furnishings Department

The Furnishings Department has developed into the most complete Men's Outfitters Store in Harrisburg. Everything that's new in Neckwear, Shirts, Socks, Underwear, etc. is offered FIRST at The New Store.

The New Store of WM. STROUSE

310 Market Street

IF YOU HAD A NECK AS LONG AS THIS FELLOW, AND A SORE THROAT ALL THE WAY DOWN TONSILINE WOULD QUICKLY RELIEVE IT. 25c and 50c. Hospital Size, 50c. ALL DRUGGISTS.
