NO. 11 Making a Friend of Your Newspaper. Why do you make friends with one man and merely have a speaking acquaintance with another who outwardly has just as many points to recommend him? Simply because one has tastes in common with yours, while the other has habits that do not appeal to you. Yet you pass no snap judgment on your friends to be; you weigh them well before you invite them to your home to meet your family. And you would very speedily put an end to the visits of any man who dropped in each morning to give your wife and children the details of the latest scandal, to show them pictures of scantily clad women, to teach them slang and practical jokes, or who ranted loudly and inaccurately about momentous questions. Would you encourage the visits of such a man? You would NOT. But have you ever looked at your daily newspaper in that light? Have you ever considered the character of the influence it is exerting over your family? If not, there is no better time to begin than right now. Of Philadelphia's newspapers that one which is the choice in the "worthwhile" homes is The Record. A newspaper that for nearly fifty years has been known as "Always Reliable," because it is clean, dependable, safe, sane and sensible. It is a newspaper well worth cultivating and worthy of the respect of thinking men and women. Tell your newsdealer to serve it to you regularly or notify us and we will attend to it for you.
