Council Authorizes Erection of 15 More Standards: Means Removal of Poles

Erection of two five-light standards at the eastern entrance of the Market street subway; seven five-light standards in Federal Square, and six single light standards between Calder and Reily streets in Third street, was authorized in ordinances introduced at the meeting of Council to-day.

City Electrician Clark E, Diehl will have charge of the placing of the standards and the removal of wires and are lights which will be replaced. Work will be started in the next few

Relly standards between Calder and Relly streets in Third street, was authorized in ordinances introduced at the meeting of Council to-day.

City Electrician Clark E. Diehl will have charge of the placing of the standards and the removal of wires and arc lights which will be replaced. Work will be started in the next few weeks.

weeks.
Two additional 100-candlepower lights will be placed on each side of the Second street subway, also, to light the pavements.
Council provided for the purchase of two Gamewell fire alarm boxes, which will be numbered 83 and 84 according to City Electrician Diehl. These will probably be placed in the uptown district.

Big Step Ahead
The replacing of overhead are lights and wires with standards and wiring in underground conduits will be another step toward the completion of the plan to climinate poles and network of wires in the city. It has not been decided definitely, Mr. Diehl announced, just where the new lights will be placed.

nounced, just where the new lights will be placed.

At the Philadelphia and Reading terminal just east of the subway, one standard will probably be placed on each side of the street.

Because of building operations and the remodeling of the post office, federal authorities may be consulted before the lights for Federal Square are placed.

placed.

The single light standards in Third street, between Calder and Reily streets will complete the stretch from North street, which was started last year.

year.
The cost of the new lights and maintainence for the year are provided for in the annual appropriation bud-

tainence for the year are provided for in the annual appropriation budget.

To Lay New Sewer
In addition to providing for the lighting improvements Council approved finally the contracts for motorization of remaining apparatus in the fire department, with the exception of those for six chemical and hose wasons and two service trucks. The bonds from the company which will furnish these pieces, are in the hands of City Solicitor John E. Fox and will probably be submitted next week.

Commissioner William H. Lynch introduced an ordinance authorizing the laying of an eight-inch sewer in Dunkle street, between Greenwood and Brookwood streets.

Ordinances passed finally follow: Ordering laying of water pipe in Cloverly district; placing of Bellevue road and Chestnut street, from Fourteenth to Sixteenth street, on City Official plot (approved by City Planning Commission); purchase of triple mower for Reservoir park; advertising for bidds for \$6,000 worth of firehose.

The sale of the horse, wagon and harness used by Harry D. Reel, city inspector of weights and measures, was ordered; together with the payment of plumbing work done at police headquarters.

Twenty-Two Offenders

Twenty-Two Offenders at Record Hearing Get

at Record Hearing Get 255 Days and \$63 Fine

Offenders at the police court this afternoon were few in number, compared with the twenty-six cases that occupied the court yesterday afternoon from 2 o'clock until 5.30. Catherine Sawyer, arrested for disorderly practice was the only one heard this afternoon.

Yesterday twenty-five of the twenty-six were listed as drunk or drinking when arrested. Only four were discharged and a total of \$63 collected. A sum total of \$255 days was given to the offenders.

Edward Thawley, who has been arrested three times within two weeks, with dope in his possession drew the heavlest fine, \$25. He was arrested on Saturday night at 510 Strawberry avenue: Two weeks ago when review of the organization.

charged and a total of \$63 collected. A sum total of 255 days was given to the offenders.

Edward Thawley, who has been arrested three times within two weeks, with dope in his possession drew the heaviest fine, \$25. He was arrested on Saturday night at 510 Strawberry avenue: Two weeks ago when released after a friend had paid the fine he was without funds or clothes. Yesterday he gave evidence of prosperity and when reminded that he had been warned to stay out of town, boasted that he had been out of town, boasted that he had been out of town, but "had business in Harrisburg."

Margaret Williams, one of the witnessess in the case, declared that all the inmates of 510 Strawberry, were "doped up half the time, and that they were a nulsance to the community." Jenny Miller, a young white woman, who was arrested with the negroes at the same place, was fined \$10. John Belo, a foreigner, a victim of the same drug, declared that he had been solicited and had been there only a short time when the officers pulled the place.

Abe Dewhurst, who was arrested for protesting against a conductor on the Steelton line continuing to allow people in the car when as Abe said "it was already yet full to overflow," was held over until this afternoon.

SEMWATOR LEIBY PRESENTS "DIAL PLAN FOR NEW HOTEL SOON READY "PHYSICAL DISABILITY" BILL."

SENATOR LEIBY PRESENTS PHYSICAL DISABILITY" BILL

Senator Leiby, of Perry, introduced a bill at the session this forenoon that defines "physical disability" in its connection with the act allowing assistance to voters. The bill provides that total billndness that prevents the voter from distinguishing the names on the ballot, the loss of both arms, or disability by reason of accident of sickness shall be accepted to the condition entitling a voter to assistance. The bill was referred to the committee on elections.

The joint resolution offered by Mr. Beidleman proposing an amendment to the Constitution giving boroughs and cities of the third class the right of self-government was referred back to committee.

The Penn-Harris will be the most complete hotel structure and the finest in detail and equipment in Pennsylvania outside of Philadelphia and Pittsburgh. As soon as the directors approve the final plans visits will be invited from general contractors and it is confidently expected that within a month work can be started at Third and Walnut streets.

There has been no delay whatever which could be reasonably avoided, All matters are proceeding as expeditiously as possible for so large an undertaking. As a matter of fact the reservation for the steel was made with the Bethlehem Steel -Company about the first of the year and there will be no delay on this score. In short, everything is being done by the directors, the architects and all concerned to push the big undertaking so that Harrisburg may have proper and adequate hotel facilities as soon as possible.

P. O. S. OF A. PLEDGES SUPPORT Resolutions plediging support to President Wilson and Governor Brumbaugh in the measures they have taken to defend the rights and honor of America were unanimously adopted last night by Washington Camp, No. 716, Patriotic Order Sons of America. The meeting was one of the most largely attended in years. The new rooms of the lodge at 304 North Second street will be formally opened

European port since the war began, arrived this morning. She carried a meager number of passengers—33 all told—but her holds were filled to capacity with noncontraband freight. The St. Louis came through without interruption. No submarines were sighted nor were there at any time any indications that eGrman undersea boats were after the big liner. If any of them saw the St. Louis they made no attempt to destroy her, but kept carefully away from the guns of the American ship.

But signs of war were not lacking and the last three days aboard were axious ones for passengers and crew alike. On Friday and again on Saturday after the St. Louis entered the forbidden zone driftwood was passed—apparently parts of destroyed lifeboats. Yesterday a great field of oil was encountered. Vague rumors of the sinking of ships either ahead of or near the St. Louis increased the nervous tension.

or near the St. Louis increased the nervous tension.
For three days and nights the captain did not leave the bridge and never in her twenty-two years of existence has the American ship been driven so furiously as she was from the time she passed intothe zome until she was picked up by a pilot.
The journey was virtually without incident until the war zone was reached. Unusual precautions were taken
