Demonstration This Week of

"Stylish Stout" Corsets

Miss Mary Jones, an authority on corsets, will give women the benefit of her expert knowledge on this vitally interesting topic.

If you are stout but wish not to appear so, the new Stylish Stout Reduso Corset will positively achieve this purpose. It matters not whether your figure be tall, average or short, if you are stout this new corset will transform your contour into shapely slender-appearing lines. It is the one perfect corset for every type of stout figure and will positively give you the appearance of having lost weight. It is superior to the so-called "made-to-order" stout corset because it is free from all harness-like adjustments which encumber but do not reduce.
