

ENGLAND TO LIMIT WOMAN SUFFRAGE TO MIDDLE-AGED

Premier Admits Government's Plan Is Illogical and Unjustified

By Associated Press
 London, March 29.—Premier Lloyd George told a deputation of woman suffragists yesterday that the government now is framing an electoral reform bill, in which the recommendations of the speaker's conference in favor of woman suffrage will be incorporated, but, he added the interpretation of the recommendation will be left to the house. A majority of the members of the government, said the premier, would support woman suffrage and, he did not doubt, an overwhelming majority of the house. He urged the women to be content with the present limitation of the vote to women aged 30 or, alternatively, 25, as recommended by the conference, because otherwise there was no hope of general consent.

The premier admitted that the limitation was illogical and unjustifiable, but expressed the conviction that once women were enfranchised they would eventually get exactly the same franchise as men.

The indications are that the women's leaders will adopt the premier's advice. Mrs. Emmeline Pankhurst says she is quite satisfied in view of the fact that the bill is an emergency measure and is willing to let the House of Commons decide.

German Submarines Are Cruising Off U. S. Shores, Ships Are Warned

Norfolk, Va., March 30.—German submarines are in the Atlantic ocean, according to reports brought here by foreign merchant ships.

Warnings of the presence of these hostile craft were sent out as early as last Monday by allied warships patrolling the coast, according to reports.

The position of at least one of the U-boats was mentioned in the warning, but masters of foreign vessels arriving here decline to divulge it.

Kushel Brothers Open New Clothing Store

Hyman Kushel and Capple Kushel, who for years have been identified with various clothing stores in this city, have formed a partnership and will open a store at 30 South Fourth street. This store will be devoted to clothing for men and boys, women and misses. Interior fittings and placing the stock is being completed today and to-morrow the store will be opened to the public.

Spanish Revolt Was Begun With a Strike

Washington, March 30.—A revolutionary movement, which resulted in the calling of a general strike, was directly responsible for the suspension yesterday by Spain of constitutional guarantees, according to an official dispatch received to-day by Ambassador Riano from Madrid.

The government having arrested the signers of the strike manifesto, is said in the dispatch, now to be relying upon the "common sense" of workmen and the effectiveness of the measures taken to preserve public order. The country was quiet at the time the dispatch was sent.

SUGGESTS RAISING TAXES FOR ROADS

[Continued From First Page]

recognizing the need of extensive road and bridge improvements to meet the increasing traffic, have no funds available to do the work. Each year after expenses for maintaining the county are met there is an balance of approximately \$30,000. This is used for replacing of old bridges with modern concrete structures. This leaves no money for road improvements which are also necessary.

Would Add \$45,000
 County Solicitor Philip S. Moyer does not believe a loan could be submitted to the people if the money it would provide is to be used for road work, and together with the county commissioners will consider the question of increasing the tax rate.

By adding one-half mill at least \$45,000 would be provided, which added to the additional \$30,000 surplus usually on hand, would give a fund of \$75,000 for road and bridge work.

If the rate is increased one mill, \$90,000 would be available it was pointed out.

Although the question hasn't been taken up officially by the commissioners, the information given by Commissioner Hatfield has been carefully considered in connection with the needed improvements.

Because of legal difficulties which Solicitor Moyer predicted might follow, it is not probable that a vote will be asked on a loan for the road and bridge work, it is expected.

This Is the Birthday Anniversary of—

W. HARRY BAKER
 Secretary of the State Senate, secretary of the State Republican committee and one of the most popular men in Pennsylvania. Mr. Baker is in himself a bureau of information concerning anything and everything pertaining to Pennsylvania. Friends remembered his anniversary to-day by loading his desk with flowers.

PREPAREDNESS PLAN FAST WORKING OUT

[Continued From First Page]

the political divisions of the county and I am very glad it has acted so promptly. I hope that other counties will get started at once," said the Governor.

Members of the state committee are now making up lists of men in their communities to serve on the local units and it is expected that the work will be rushed. The Governor is receiving suggestions of many names for such committees, which are being turned over to the men in charge of the county organization plans.

Many Meetings Scheduled
 Governor Brumbaugh left for Philadelphia to-day to meet with Chairman Pepper and other members of the executive committee in regard to plans for developing the work. To-morrow he will attend the patriotic mass meeting with his staff. Monday the whole executive committee will meet at the residence of E. T. Stotsbury and complete preliminary plans.

"I am getting ready to name additional members of the committee so that it will be representative of the best thought of the commonwealth and a complete body," said the Governor. "The organization of the units will be undertaken as rapidly as possible."

No "Lost Motion"
 It is understood that there are some plans which call for two or more committees, according to conditions in the

counties, and this subject will be given special attention when the executive committee meets so that the local units can ordinate and there shall be no "lost motion."

Plans for the making of the industrial and other inventories are being worked out with the State government playing a big part in the gathering of information.

Ex-Governor Stuart Accepts
 Ex-Governor Edwin S. Stuart to-day sent a letter to Governor Brumbaugh accepting membership on the state-wide committee in which he said: "I accept the appointment and will serve on any committee or in any capacity in which I may be of service to my country and my state."

The Governor has received a number of acceptances from men who were out of the state when invited to serve in which they pledge their aid. It is likely that the additional men will be selected and announced early next week.

Two Local Committees
 It is possible that under the plan for placing of more than one unit in a county there may be two in Dauphin county. One may represent the city of Harrisburg and borough of Cleeton, which are transportation and industrial centers, and the other the boroughs and rural districts of the county, and a complete body," said the Governor. Cumberland will have one committee and there will be one for Perry and similar counties. Lewis S. Sadler will have charge of Cumberland county.

The call of Secretary of Agriculture Patton to the farmers of the state to

increase their production is being sent broadcast. The secretary has asked editors all over the state to give publicity to it and has been assured of the voluntary assistance of representative farmers in many parts of the state.

Men familiar with agricultural conditions have been asked to give their aid at once.

POUR OIL OVER MEAT BECAUSE OF PRICES

[Continued From First Page]

they said, were chiefly responsible for the high prices. Windows were shattered and hundreds of pounds of food-stuffs destroyed. Women who entered the shops to make purchases were seized, their clothing torn and their parcels taken from them and thrown into the street.

The rioting began early yesterday and was kept up until the markets closed late at night. It is said that a boycott of all Kosher butchers in the city has been planned for to-day, and to prevent rioting such as took place last night, when more than fifty persons were arrested, police officials early to-day sent mounted and motorcycle squads to the congested districts of the west side where crowds are likely to congregate.

It was said by the police that the disturbance was not due so much to the inability of the rioters to buy food as to their desire to lower prices by keeping others from obtaining it and thus increasing the supply.

GERMANS ISOLATE U. S. LEGATION

Whitlock May Be Held in "Quarantine" For Three Months

London, March 30.—An exchange telegraph dispatch from Amsterdam says: "Frontier correspondents hear from Brussels that the American legation is completely isolated and under a guard of German police. It is rumored that the Germans contemplate taking the Minister (Brand Whitlock) and his staff to Germany."

"The Americans in Germany have been notified that they cannot leave Belgium before three months at the earliest."

The dispatch adds that the correspondents have learned that the German authorities in Belgium have warned the relief commission that they will not allow its food barges to go

further than Tournai, but that barges for Lille may travel at their own risk. It is said the warning was given in view of the military requirements, which may compel the Germans to evacuate more of Northern France.

A Hague dispatch, March 28, declared authoritatively that the German government intended to ask American officials and relief workers of the American Commission for relief in Belgium to submit to a period of "news quarantine," the time not to exceed four weeks, in order to prevent military information from leaking out. This was intended to apply also to Brand Whitlock, the American Minister to Belgium, and his staff.

Harrisburg Makes Strong Bid For Photographers

Local members of the Photographers Association of the Middle Atlantic States are confident that Harrisburg will be the next meeting place of the society. The first meeting of the society was held here ten years ago.

At the meeting in Philadelphia yesterday the question of the next meeting place brought out spirited rivalry between Harrisburg and Baltimore. So spirited did the discussion get that the

choice was left to the executive committee.

Officers for the ensuing year were elected as follows: President, A. H. Diehl, Sewickley, Pa.; vice-president, W. C. Parker, of Morristown, N. J.; secretary, William Kinling, of Baltimore, and treasurer, W. J. Goldman, of Reading, who will serve his twenty-second term in office.

EVERS DISLOCATES SHOULDER
 Dothan, Ala., March 30.—In the last inning of yesterday's game between the Boston Nationals and the New York Americans Johnny Evers swung hard at a fast curve, tapping a roller between Maisel and Pipp, and threw his left shoulder out of place. He will be out of the game for a couple of weeks.

Shell W. B. Schleisner Stores

28-30-32 North Third Street

Will Place on Display Saturday A Very Unusual Assemblage of Ultra-Distinctive Millinery For Present and Easter Wear

At this moment it is well to say that the assortment is the largest this establishment has shown and will be extremely interesting to those who are looking for something very different in dress or sport hats at moderate prices.
