Every Saturday morning flowers and magazines are supplied to the men, women and children who are interned, and on special occasions this organization looks after the decorating and beautifying of the rooms. One of the best things done by the guild this year was the presentation to the hospital, through the Junior Aid, of the "baby baskets," attachments to the walls of the wards for convenience in taking care of the babies.

Germans Lowered U. S. Flag Before Sinking American Steamer

(Censored) March 30.—The crew of the German submarine which shelled and sank the American steamship Algonquin without warning in British waters on March 12 refused to let the freight ship go down with the Stars and Stripes flying, Captain Nordberg, of the Algonquin, said to-day.

The captain and twenty-five of his men arrived this morning at an American port on the Cunard liner Odina from a British port.

Before the Algonquin's men abandoned the vessel she was being shelled by the U-boat. Captain Nordberg said he decided not to haul down the American flag and hoped to see it flying when his ship disappeared. But the German who went aboard to place bombs, he said, lowered the emblem before they accomplished their work of destruction.

E. H. Gary to Assist Suffragists Get Vote

New York, March 30.—Elbert H. Gary, chairman of the board of the United States Steel Corporation, has become a member of the Men's Advisory Board of the New York State Woman Suffrage party.

"The women of England have proved their right to the vote by their services and their sacrifices," said Judge Gary last night, "and it is a just recognition of that fact which comes in the public declaration of Lloyd George, Asquith and Balfour."

"Just as the English women have proved themselves so nobly in this war so the American women have proved themselves at every similar crisis in the history of this country. There never has been a test of that kind which our women have not met."

The Men's Advisory Board is composed of many prominent and wealthy men, who have promised to conduct an active campaign for the suffrage referendum in this state.

Philadelphia, March 30.—Harry K. Thaw, having been adjudged insane by a court of law, he is "civilly dead" and cannot be tried for crime, was the declaration made to-day by James Gay Gordon, of this city, representing the Thaw family in the hearing here to-day to have Thaw extradited to New York.

The hearing was held before Attorney General Brown, representing the Governor of Pennsylvania, to whom requisition for Thaw's removal to New York has been made by Governor Whitman in a trial for beating Frederick Gump, Jr., a Kansas City school boy. Thaw was recently declared insane by a Philadelphia court. He is still in a local hospital where he was taken January 12, after trying to commit suicide.

Russian Army Satisfied With New Government

London, March 30.—The members of the Russian Duma have been advised by M. Rodzianko, president of the Duma, that the government's advances from the front left nothing to be desired.

"There is no danger of any outbreaks anywhere on the front," said M. Rodzianko in his communication to the Duma members, "and no important enemy operation is immediately possible, owing to the thaw, although evidently the enemy is concentrating large forces on our front."

NAVY RECRUITING IS BRISK HERE

Harrisburg Is Ahead of Other Inland Cities in Number of Men Enlisted

Quartermaster W. E. Quirk, in charge of the naval recruiting office here, announced this morning that during the past week five local youths had enlisted in the service and that eight others made application and will be sent to Philadelphia for examination. Reports from the recruiting headquarters for this district, at Philadelphia, show that Harrisburg is doing more than any other inland city in enlisting men.

Captain William F. Harrell, in charge of the army recruiting office, stated this morning that the number of recruits for the month has been boosted to 325, just twenty-five short of the 350 which the local office intends to get before the end of the month. Fifteen were sent away this morning and yesterday.

Captain Robert D. Jenkins, commander of Company I, Eighth regiment, National Guard, has issued an appeal for recruits. The company will hold its regular drill to-night in the Eighth Regiment Armory, North Second street, and recruits will be received. Twenty-five more men are needed to place the company on a war footing. Captain Jenkins stated that should the company be called he would have to delay to recruit men and he desired to have the ranks filled, so that when the call comes he can start at once.

Captain Ralph P. Crow, of the Machine Gun Company, with temporary headquarters at Lemoyne, is also in need of men. The company was organized while at the Mexican border and the personnel was taken from other units of the regiment. Since returning these men have been transferred back to their original companies, leaving a big gap in the ranks. Recruits are needed by this company more than by any other company in the regiment. Applicants may apply either to Captain Crow or Lieutenants Chambers and Gross.

Scores Defendants on Bail Who Do Not Turn Up For Court Sentence

"We can't have automobiles and run them around the town to gather these people in," President Judge George Kunkel emphatically declared to-day in scoring the laxness of defendants on bail who fail to appear in court when called for sentence.

"Too many people think bail is only to keep them out of jail. They should remember it is to see that they come into the court and remain until the Court discharges them. We can't have the officers of the court running after them."

E. J. Beckman and Edward Hoover, acquitted on a charge of carrying concealed deadly weapons, but ordered to pay the costs, were before the Court for sentence at the time. Last Saturday, when called, neither appeared, Assistant District Attorney Robert T. Fox stated.

The trial of John O. Christy, held on a charge of murdering his wife, was continued with the consent of counsel, because of the illness of John R. Geyer, one of the defendant's attorneys.

Abe Baker, whose case has been continued repeatedly during the last two years, was given until the June sessions to pay the costs or be sent to jail.

POLAND TO DECIDE ITS OWN POLICIES

Russian Government Will Grant Freedom to Former Province

By Associated Press. London, March 30.—The Russian government has issued a proclamation to all Poles announcing formally the government's wish that Poland decide for itself the form of government it desires, says a Reuter dispatch from Petrograd. The government takes it for granted that the decision will be for "a new independent Poland, formed of all the three now separate parts."

The Poles are to determine the form of their government at a constitutional assembly to be held at the capital of Poland on the basis of universal suffrage.

At a Lettish congress at Volmar, a resolution was adopted urging the creation of an autonomous administrative unit called Latvia, and formed from the portions of the provinces of Livonia, Vitebsk and Courland, populated by Letts. The resolution declared firm adhesion to the new Russian government and says Latvia will remain an inseparable and loyal province of Russia.

The admiralty council has taken the oath of loyalty to the new government.
