Why Spring Colds Are Dangerous

If Neglected They Lead to Serious, Perhaps Fatal Results. If you see cold at this time of year and try to "let it wear out," it frequently develops into a stubborn throat trouble, which may in turn become chronic, asthma, bronchitis or worse. It is important to remember that Father John's Medicine relieves colds because of its nourishing body-building elements, which give strength to the system and enable each organ to resume its normal functions. Father John's Medicine is not a patent medicine, containing no injurious drugs, but is a pure food medicine, for those who are weak and run-down.

WAR IS THEME OF RUSSELL'S SERMON

Speaks on Conflict in Light of Bible Prophecy at Market Square Church

The series of services in Market Square Presbyterian Church conducted by the Rev. Robert McWatty Russell, D. D., of the Moody Bible Institute of Chicago, closed yesterday.

The Lord's Supper was observed in the morning. An overflow service was held in the lecture room, where about 100 persons partook of the sacrament. There was a large accession of members, 104, of whom 72 came on confession of faith. This makes a total addition to the congregation, since April 1, 1916, of 212. The total accessions during the present pastorate, about a year and a half, have been 325. The present membership of the church is near 1,500.

Speaks on World War In the evening to a full church Dr. Russell spoke on "The Present War in the Light of Bible Prophecy," giving the development of God's purpose as it has already been unfolded and is prophesied for the future. Dr. Russell said: "When Israel failed in her mission God laid upon her the judgment of Gentile chastisement, which began with the captivity under Nebuchadnezzar, which period is called 'the times of the Gentiles.' Then God gave to men, through Nebuchadnezzar's dream interpreted by Daniel, a vision of the whole course of Gentile rule, as recorded in Daniel, chapter 2. It represents four world kingdoms, Nebuchadnezzar's, the Medo-Persian, the Greek empire of Alexander, and the Roman empire. As history has followed the development of this vision in all the great initial outlines, we are justified in expecting that the territory once occupied by the Roman empire will become a federation of ten states, five eastern and five western, corresponding to the ten toes of the image. Though the outcome of the present war cannot be forecast, it is noteworthy that the whole territory of the ancient Roman empire is involved and there is the possibility of a new alignment along the very outlines of this prophecy."

"At all events, the vision will be fulfilled thus: First, the federation of 10 kingdoms; second, the restoration of Israel; third, a national jealousy against Israel and the gathering of the nations for her destruction when will be fought the Armageddon of prophecy, on the field of Megiddo, west of the Jordan river; fourth, this will be at the return of Christ in glory, when there will occur the judgment of the nations and the establishment of the world-rule of Israel. This will be the stone cut without hands that demolished the image. The story of the last siege of Jerusalem and the last battle of pre-kingdom times is given in Zachariah 14. Then Gentile dominion will come to an end and the kingdom will be given to the saints of the Most High God.

"The prophecy of the '70 weeks' of Israel's destiny, in Daniel, chapter 9, also applies here. The 70 prophetic weeks represent seven years each, or 490 years, divided into three groups, seven weeks, 62 weeks and 1 week. The seven weeks or 49 years was the period of the rebuilding of Jerusalem under Ezra and Nehemiah. The 62 weeks or 434 years, extend from that time, according to one chronologist, to the very week of Christ's crucifixion. Then the Jews broke with God. Time then ceases to be prophetic and the era of the Church begins, while one week of Israel's destiny lies in the future.

Sees Israel Reborn "At some future time Israel will be given national existence, and a treaty will be made by a world power with her for seven years, which will be broken at the end of 2 1/2 years. Then will come the assault on Jerusalem, the time of Jacob's trouble and the world tribulation in war such as has never been. After that will come the manifestation of Israel's Messiah and our Saviour and the glad kingdom days of the earth (Zachariah 14)."

At the close of the service many new friends said goodbye to Dr. Russell.
