The United States almost landed another recruit this morning. The Dauphin county jail got the near-solder instead, and will keep him for seven months. Additional Law Judge S. J. M. McCarrell gave the order.

Guy Wingert, of Williamstown, convicted of a charge of felonious assault of the world join the army provided the court suspended sentence and permitted it. Wingert assented.

Do some foods you eat hit back—
taste good, but work badly; ferment into acids and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapepsin helps neutralize the excessive acids in the stomach so your food won't sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is upset you usually get happy relief in five minutes, but what pleases you most is that it helps to regulate your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure.

K. Conners, pastor of the Church of the Brethren, this morning when interviewed concerning a sign he had posted this morning at the corner of Mulberry and Hummel streets. The sign read: "Don't! Don't Enlist! Hear Conner. He will Tell You Why." The Rev. Mr. Conner further said: "I did not post the bulletin with the intention of being urpatriotic, for I think I am as patriotic as any many, only I believe that I can serve my country in more effective ways than by bearing arms. The sign was posted to advertise a sermon entitled "War and Salvation" which I will deliver tonight. Salvation has been the keynote of my sermons at the Brethren Church for the past week."

He continued: "As you know, it is against the belief of the Brethren Church to bear arms. I think it is all right for a man who is not a Christian to bear arms, but not so with a Christian. Come and hear my sermon tonight and I think I can convince you that I am right. A Christian who knows his Bible and believes in it will not fight."

Economy Commission to Decide on its Report

Members of the State Economy and Efficiency Commission will decide this afternoon how much of the report of the commission shall go to the Legislature. The financial statement, which will include the budget as far as pre-pared, will be submitted to the Senate in accordance with the resolution passed some time ago, but the mem-bers of the commission have not yet indicated what they intend to do about the recommendations.

the recommendations.

Solicitor McDevitt completed the recommendations some time ago but their scope was so broad and contemplated so many changes in the State government that State officials though they had better go slow. The recommendations have since been studied, although it is said that a thousand copies of the report were printed some time ago.

Coal Prices Not Guaranteed

COAL operators will not guarantee prices this year for any definite

Manufacturers and large coal consumers who have heretofore contracted for a year's supply are being informed that prices are good for thirty days only.

Should war be declared the prices may be withdrawn at any time because of the uncertainty of getting men to mine coal.

Under no circumstances should the householder wait until late summer or early Fall to fill his bins for the coming winter.

There is absolutely no assurance what amount of coal will be produced next winter.

Labor in the coal regions is scarce to-day. The present demand for coal is-far in excess of

the suppy.

It should not take an accountant to determine the situation when men are drawn from the mines to serve in the army.
