the militia service thereof, will be shipped to the mobilization point of the organization to which it pertains.

By direction of Secretary of War:

WM. A. MANN,  
Brig. Gen. General Staff.

### Notes by the Adjutant General of Pennsylvania

All the present organizations of the Pennsylvania National Guard will be subject to call, exclusive of any that may be in Federal service at the time of the call.

Weather conditions and the season of the year make it impracticable to mobilize at Permanent Camp Ground, Mount Gettysburg, and in such event mobilization points will be designed for organizations when call is made. Recruiting will be made the subject of a General Order when call is made, but until the present system, as announced in General Orders No. 1, A. G. O., series 1912, is suspended or changed, it will be adhered to, but no man is to be enlisted who does not conform in all respects to the physical standard required for U. S. Army, as published in General Orders No. 66, War Department, dated April 18, 1910. No man will be enlisted who is less than eighteen or more than forty-five years of age. Men who have dependent families will not be enlisted.

All officers and enlisted men of the Pennsylvania National Guard have qualified and taken the oath as prescribed in Paragraph 70, Act of Congress approved June 3, 1916 (National Defense Act), and therefore do not have the status of Organized Militia.

Members of Administrative Staff will be included in the call for purposes indicated.

The only officer required to report by telegraph direct to Commanding General, Eastern Department, will be the Commanding General of Seventh Division (Pennsylvania).

The senior officer of each Staff Corps and Department of the Administrative Staff in the event of a call will immediately report to The Adjutant General for instructions as to report to be made by him to Eastern Department.

Officers of the National Guard Reserve will report by telegraph to Commanding General, Eastern Department, Governor's Island, N. Y., giving name, grade, arm of service, corps or department and telegraph address. They will make similar report to The Adjutant General of the State.

Forms of Bills of Lading for shipment of arms, equipment, etc., will be furnished by The Adjutant General to all officers required to make shipment of stores, and no shipments will be made until authority is given by The Adjutant General, and then only on proper Bill of Lading and in accordance with instructions to be given at the time of call. Officers should keep property, as far as possible, in condition for prompt shipment by having stores not in immediate use properly packed or assembled and weight ascertained and marked thereon.

Personal baggage must not be included in a Bill of Lading, but may be shipped in same car under the allotment of 150 pounds per man to be transported free.

By order of MARTIN G. BRUMBAUGH,  
Governor and Commander-in-Chief.  
THOMAS J. STEWART,  
The Adjutant General.
