

# MANAGER COCKILL IS BUSY MAN PLANNING DETAILS---SEEKS ISLAND LEASE

## COCKILL IS BUSY; SEEKS NEW LEASE

### Will Start Work at Island as Soon as Weather Conditions Permit

One busy man to-day was Manager George Cockill. Several important details required his attention and he was on the move morning and afternoon. It was late when Manager Cockill arrived and he will make up for lost time. He will remain here until plans are in good shape and it is time to start the training season.

One of the first things looked after was the re-issuing of Island Park. Manager Cockill sent in his application to Council early and a favorable reply was looked for. As soon as the new lease is closed work will start on a number of improvements to the grandstand and bleachers.

**Lanes to Our Uncle Samuel**  
 He may be ponderous, thick and slow,  
 And somewhat heavy upon his feet;  
 He may not know where he wants to go  
 When they push him out on a sudden beat;  
 But, once stirred up by the rolling drums  
 And crowded into the sunshine game,  
 When the time is due and the showdown comes  
 He usually gets there just the same.

He may be soft and he may be fat;  
 He may be shy on the batting eye;  
 No crowd may cheer as he comes to bat  
 And swings away with a half-baked try;  
 But, once tossed into the seething mass,  
 And the time arrives for a steady aim,  
 He may be clumsy and ponderous,  
 But the old boy gets there just the same.

It is still a question as to which would make the best grenade thrower—a ball player, a shot putter or a hammer tosser. A grenade weighs about five pounds—a weight somewhat bulky to permit of the ball player's snap throw. It might be better to round up the John Flannigans and Matt McGraths, rather than the Walter Johnsons and Alexanders.

### Cleveland and Joe Wood

There is small wonder extant over Cleveland's interest in the pitching condition of Smoke-Ball Joe Wood. If you ever care to examine the records you will find that among those who have pitched 100 or more major league games Wood ranks next to Alexander in winning effectiveness. Given a pitcher of this type back in shape, and Cleveland would not only be a pennant contender, but a very stout pennant possibility. The Wood-Speaker combination made the Red Sox invincible in 1912 and the same pair could very easily make the Indians decidedly annoying in 1917.

### Another Entry List

Sir: We might not have any great grenade throwers in this country, but we should be fixed for pegging over the heavy bombs if our leading bull tossers are ever lugged into action. In this respect we should be ready 2,000,000 strong, and that is a conservative estimate. PEDRO THE DOC.

It must be soothing, at that, to have a nature like unto Les Darcy's, where the prospect of a ten round affair at the proper financial adjustment is of far more interest than all the wars that ever were, are or will be.

### Concerning April Showers

They may be great for the flowered pots,  
 But they're roughasell on the masher pots.

"Al Germany wants a part of Northern France, Serbia and \$2,000,000,000." And all Connie Mack wanted last year for a winning ball club were three infielders, two outfielders, three pitchers and another catcher.

### Detroit and Pitchers

We observe one critic's remark that Hughes Jennings could have won a pennant last season with any other pitching staff in the major league. With the exception of Connie Mack's erratic staff, this is probably true. And the tough part of it is that just at present there is no certainty that Hughes's staff will be greatly improved. He has prospects, but prospects pop up in the Spring much after the manner of morning glories, only to fade under the first hot sun. In Harry Coveleskie the Tigers have a star. But outside of the left-winged Pole no one can point to another pitcher on the squad as a first class product. Dauss should be, but so far has never reached the expected height. One or two of his youngsters look very good, but a weak pitching staff topped in against Ruth, Shore, Leonard and Mays, or Shawkey, Caldwell, Cullis, Fisher, etc., puts the rest of the Tiger machine under an abnormal handicap.

The Tiger attack last year averaged an extra run to the game over the Red Sox. This daily margin against all competition should have been overwhelming. But where the Tigers were making five runs and losing, the Red Sox were making three runs and winning. You can figure from these sort of details just how pitching counts.

### The Proper Move

A few days ago a certain ten per cent. score golfer topped his drive on the sixth hole at Druid's Hills, and then proceeded to slice his second 100 yards off line into a cornfield.

He came up to George Adair later on for advice. "What should I have done under those conditions?" he asked Mr. Adair.

"Just what did you do?" eagerly countered the expert.

"I lost my ball," replied the duffer.

"You did exactly right," said George. "That's what a man who slices 150 yards off the course should do every time."

"Are there any bald-headed ball players now in the major league?" queries R. R. F. None of the glistening domed variety, but no one would ever accuse Cleve Underwood of having a matted covering upon his well known and justly celebrated crest.

The last bewhiskered athlete we ever saw play was Tacks Parrot, in 1901. Tacks completed that campaign with a heavy beard and a batting average of .207. But the great yelp which went out for speed and youth sent the bewhiskered entries on a rush for the barber. Not that whiskers are a handicap to speed, but they have never been accused of producing an excessively useful appearance.

## Wormleysburg Enters Field With Strong Ball Team

Wormleysburg will be represented by a fast baseball team during the coming season. At a meeting of the fans last night, James Snyder and Charles Duval were elected managers of the nine. The field at the upper end of the borough will be put into shape this week and practice will start at once. Teams wishing to schedule games with the Wormleysburg aggregation should communicate with James Snyder at once.

## WILL ORGANIZE CAMP

Columbia, Pa., April 3.—Colonel R. M. J. Reed, of Philadelphia, a member of the department commander's staff of the G. A. R., and a past commander-in-chief of the Sons of Veterans, U. S. A. is here for the purpose of organizing a camp of Sons of Veterans. He will address a public meeting in behalf of the movement.

## CLASS COLLEGES FOR RELAY RACES

Philadelphia, April 3.—Now that the team entries for Pennsylvania's great two-day relay carnival on April 27 and 28 are in, the management is able to make the final grouping for the various class races. With much difficulty it was found possible to arrange the classes so that the same number of races will be held as last year. In addition to the colleges found below in the class events, the following colleges have entered for the American championship relay races: New York University, Lehigh, Lafayette, Muhlenberg, Dickinson and Rutgers.

Class 1—Georgetown, Fordham, Johns Hopkins, University of Pittsburgh.

Class 2—Carnegie Institute of Technology, Ohio Wesleyan, Wesleyan, College of Virginia Military Institute, College of City of New York, Lafayette, Rutgers.

Class 3—Franklin and Marshall, Gettysburg, Bucknell, Catholic University, Carleton, Indiana, Washington and Jefferson, Indiana State Normal, Stevens Point Normal (Wis.).

Class 4—Westminster College, West Virginia University, New York Law, Drexel Institute, Temple University, Stevens Institute of Technology, College of Jersey City, Duquesne German College.

Class 5—Delaware, Maryland Agricultural, Ursinus, Lebanon Valley, Juniata, St. John's of Annapolis, Trenton School of Industrial Arts, George Washington University.

Class 6—West Chester Normal, East Stroudsburg Normal, Mansfield Normal, Lincoln University, Ursula College, Rock Hill College, Rhode Island State College.

Class 7—Jefferson Medical, Hahnemann Medical, Philadelphia College of Pharmacy, Art and Textile, School of Pedagogy, La Salle College.

## Penn's Spring Carnival Promises to Be Record Event; Interest in Track Games

Philadelphia, April 3.—Now that the team entries for Pennsylvania's great two-day relay carnival on April 27 and 28 are in, the management is able to make the final grouping for the various class races. With much difficulty it was found possible to arrange the classes so that the same number of races will be held as last year. In addition to the colleges found below in the class events, the following colleges have entered for the American championship relay races: New York University, Lehigh, Lafayette, Muhlenberg, Dickinson and Rutgers.

## HARRISBURG INFIELDER TO TRY FOR PLACE WITH CALHOUN'S BARONS

"Ike" Kline, a Harrisburg boy who has been winning laurels with local teams for several seasons will try for a place on "Red" Calhoun's Wilkes-Barre team in the New York State League team. He will leave to-day on a visit to the Millersburg team in the Dauphin-Perry League. He is a fast fielder, good baserunner and can hit. Kline's friends in Harrisburg hope he will land a permanent place with Calhoun.

## O'NEILL IS AFTER FAST INFIELDERS

Syracuse, N. Y., April 3.—Mike O'Neill is positive that he will have the fastest infield in the State League this year in Quinn, Madden, Evans and Keating to begin the season. The star chief makes this claim on the fact that Madden is a natural infielder and could never show to the best advantage in the outer works, and that Ray Evans belongs at third, not second base. Mike figures that Madden and Evans will both hit better at second and third base, respectively. He is also sure that Quinn will prove the best first sacker in the league this year, both in field and at bat.

O'Neill will start young Keating off at short and believes that the youth will show form when allowed to play regularly. The loss of Madden in the outfield leaves a gap which Mike hopes to fill in time for the opening run. Mike himself and Jimmy Riley will cavort as usual. Lines on a good running mate for the big chief and "Smiling James" are now being cast.

Syracuse should not suffer to any great extent through the loss of Ehmk and Martin.

## FRED FULTON TO MEET HARD FOE

Takes on Carl Morris; Must Put His Opponent Down and Out to Win

Fulton will have to flatten Morris to gain the confidence of the sporting public. In his last three bouts Fulton has shown such great form that neither Morris, Frank Moran or Jimmy Coffey, the three contenders for a bout with the champion, appear to have anything like an even chance of winning from Fulton.

The bout with Morris to-morrow, however, will show how much Fulton has improved since fighting Morris as the latter stopped Fulton in less than four rounds three years ago. During all his stormy career Morris has failed to go the limit only once. The late Luther McCarty claimed a knockout over Morris, but there is considerable doubt as to what happened on that occasion. Morris declared that he received a hurried count, and that he was down for not more than 7 seconds.

against a stronger opponent in Carl Morris who though outpointed on divers occasions, has only taken the count once. Before the fight fans will take Fulton seriously as having a chance with Willard, who evidently is not anxious to defend his title since signing up with a circus.

Fulton Shows Form

Fulton will have to flatten Morris to gain the confidence of the sporting public. In his last three bouts Fulton has shown such great form that neither Morris, Frank Moran or Jimmy Coffey, the three contenders for a bout with the champion, appear to have anything like an even chance of winning from Fulton.

The bout with Morris to-morrow, however, will show how much Fulton has improved since fighting Morris as the latter stopped Fulton in less than four rounds three years ago. During all his stormy career Morris has failed to go the limit only once. The late Luther McCarty claimed a knockout over Morris, but there is considerable doubt as to what happened on that occasion. Morris declared that he received a hurried count, and that he was down for not more than 7 seconds.

## WELLY'S CORNER

Manager "Dinty" Wear of the Tech basketball team is still "hot foot" after a deciding contest with Central. The tow-headed manager has made several trips uptown in an effort to decide the honors.

The Tech Juniors and Sophomores case tossers will have an argument to settle as to class honors. They will get together either tomorrow or Thursday. If the players can arrange it, the final tilt will be pulled off to-morrow. At the latest the contest will be pulled off Thursday.

For pulling off one of the best athletic shows seen in Harrisburg in a long time, the honors go to the athletic committee of the Motive Power Athletic Association of the Philadelphia division. Under the direction of W. H. Runk, a program of wrestling, volleyball, boxing, tug-of-war, and basketball was offered last night. It was a clean-cut entertainment.

Boxing will soon be a matter of history in New York State. However, until the boxing laws are wiped out,

some good bouts may be expected. Fred Fulton is scheduled to meet Carl Morris to-morrow night. Fulton must eliminate Morris and Moran before he can expect any consideration from Willard.

Baseball fans now have an opportunity to show they were not going to settle as to class honors. They will get together either tomorrow or Thursday. If the players can arrange it, the final tilt will be pulled off to-morrow. At the latest the contest will be pulled off Thursday.

Reading high school tossers, Pennsylvania scholastic league champions, were here to-day en route to Ahoona. They will play the high school champions of the west to-night. The Mountaineers are a fast bunch and should the Berks county aggregation win out it will mean State honors.

In a game between the Phillies and Jacksonville yesterday, Paul Fitterly the former Harrisburg twirler allowed the Southerners but one hit. His work was of a high class. The Phillies won, score 4 to 0.

## UTICA MEN KICK AGAINST WAGE CUT

Utica, N. Y., April 3.—There is a small-sized revolution among the players of the Utica New York State League team, because of the action of the team owners in making a general cut of salaries, and Manager Amby McConnell is confronted with a general mutiny among the men.

The players are not blaming on their refusal to sign up until the owners come back to the salaries that obtained last year, as was indicated to-day when Frank O'Rourke, the bulk of the team's inner works, and

Frank Brusky, star catcher, announced finally that they were not going to sign with Utica at the figures offered them and intended to sign up with the crack independent team that is being organized in Jersey City.

This team will play Sunday and holiday and Saturday ball, and has already booked exhibition games with all the big league teams for every Saturday. The team includes among its roster such well-known former State Leaguers as Jimmy Esmond, Jimmy Tammert, Joe Swanson, O'Rourke and Brusky.

## PARK CLUB PLANS EXTENSIVE SEASON

Hard Schedule Has Been Arranged; Effort Will Be Made to Secure 100 Members

The Harrisburg Park Tennis Club held its annual meeting last night in the offices of the Park Department, Calder building, and plans for one of the most active seasons in the history of the organization were laid. A membership campaign will be launched and an effort be made to start the season College and Lebanon Valley College and on foreign soil. A strong schedule is being arranged.

J. Douglas M. Royal, was re-elected president of the club and Charles E. Dasher and Miss Anna Sweeney were re-elected vice-president and secretary, respectively. Miss Anna Cubbin was again chosen secretary. One of the hardest schedules ever entered into by the local club has been arranged by the tournament committee and will include games on the Reservoir courts and on foreign soil.

Tentative arrangements have been made for tournaments with Marietta, Carlisle, Reading, Middletown, Dickinson College and Lebanon Valley College. A number of other matches are being scheduled.

"One hundred active members before the season starts will be the slogan of the club and an energetic membership campaign will be launched at once. The club members have provided for a Junior membership for those under sixteen years of age. The dues for this class will be just half of that charged to Senior members. Dues for adult membership are \$2.00 for men and \$1.00 for women, with an initiation fee of \$1.00 for men and 50 cents for women.

In accordance with a provision of its constitution, the club unanimously elected the following honorary members: John Fox Weiss, Henderson Gilbert, Vance C. McCormick, Henry B.

Cartoon Fans  
 Measure an oblong 4 1/2 inches wide by 7 1/2 inches long, and make your drawing within these lines. Address all ideas and drawings to SULLIVAN, in care of TELEGRAPH.

## SOMEBODY LIED.

WHEN I JOINED THE ARMY THEY SAID NO METAL COULD TOUCH ME IF I WORE GARTERS

THIS IDEA BY RICHARD LANDIS, 2218 N. THIRD ST.

**Cellar No Place For Foodstuffs**  
**BACTERIA makes foods spoil.**

Bacteria is present in all earth, all air, all water, all food. They are most determined in their attacks on food.

Bacteria flourish in heat and moisture. If you could keep your food cold enough and dry enough, it would last a long time.

The average cellar is cool, not cold, and is fairly, not thoroughly dry. The air which circulates through it comes up from the floor and walls, which cannot possibly be germless, to strike a roof which affords millions of hiding places for bacteria.

Warm air rises, cold air falls, the rising and falling air in the cellar passes through and around your food in constant current.

A well-iced refrigerator keeps food just right at all times. The temperature at 40 degrees is just right to preserve fruits, vegetables, milk, meat, etc.

Bacteria cannot hide in the white porcelain floors and ceiling in your refrigerator.

 Forster & Cowden Sts.

**PROVE** the absolute superiority of Camel cigarettes to your taste by comparing them puff-by-puff with any cigarette at any price. You'll rejoice in the refreshing flavor of this expert blend of choice Turkish and choice Domestic tobaccos—it's so delightful and welcome to men who have smoked either tobacco straight!

Camels are pure and wholesome and will not leave any unpleasant cigaretty after-taste! They're so good, smokers neither look for nor expect coupons or premiums. Camels just open up a new line of thought on the smoke bill-of-fare—a new cigarette delight that is mighty worth while your immediate personal attention!

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

Camels are sold everywhere in scientifically sealed packages, 20 for 10c or ten packages (200 cigarettes) in a glassine-paper-covered carton for \$1.00. We strongly recommend this carton for the home or office supply or when you travel.

The stamp placed over and under the package, which keeps out air, thereby preserving the quality of the blended tobacco. By inserting the fingers as illustrated, the stamp easily breaks without tearing the tin foil, which folds back into its place.
