To Tell of Camp Life

POSLAM HEALS **ERUPTIONS ON** SKIN AND SCALP

If you attend to Pimples, Rashes and all skin troubles with Poslam, and go so promptly, they will not develop and spread.

Unless you have actually seen Poslam's work and know how readily it takes hold, stopping the ftching at once, you will hardly believe its effects possible in so short a time.

In Eczema, Poslam's action appears all the more remarkable when the trouble is persistently stubborn and nothing else seems to bring lasting relief.

HAVE CATARRH! What Are You Doing to Stop It?

What Are You Deing to Stop It?

If your nose is clogged, with air passage swollen and inflamed, or if crusts are constantly forming in it, if you suffer from droppings in the throat and are blowing, hawking, spitting all the time, you have catarrh.

You may have had catarrh for years—and can go on having it for years to come if you refuse to act. But if you really wish to end it quickly and feel 100 per cent, better in every way, go to H. C. Kennedy or any live local druggist and say, "I want a large package of Hyomei with inhaler." No stomach dosing, greasy ointments, sprays or gargles. You breathe Hyomei and as you inhale its pure, wholesome air its healing tonic balsams quickly reach all the sore, inflamed membranes of the nose and throat and the catarrhal germs are destroyed. Clears out the head and throat like magic, opens up the nose, makes breathing easy and gives complete relief from every catarrhal symptom. It has done this for years for thousands of people. Your money back if it cannot do it for you.
