

Two American Armed Ships Evade Submarines

New York, April 4.—Word was received here to-day of the arrival of the American steamships Finland and St. Paul at English ports. Both ships left an American port on March 24. They were armed.

In addition to cargo and mail the St. Paul carried 61 passengers among them four Americans. The Finland carried no passengers. She had no board 18,000 tons of cargo.

L. W. W. "STRIKE" A FAILURE Wilkes-Barre, Pa., April 4.—No effort was made by the L. W. W. forces to enforce their general strike order in the upper end of the county yesterday. The police authorities stole a march on the L. W. W. men in obtaining full knowledge of what were thought to be secret plans. State police and deputy sheriffs will continue to patrol the district during the week.

GREETED FRIEND AND DROPS DEAD Lancaster, Pa., April 4.—Frank Swartz, 63 years old, a retired contracting builder and hotel man, dropped dead yesterday from heart trouble just as he had greeted a friend.

CAMPBOROLE WORKS WONDER'S ON CROUPY CHILDREN

If Your Child Coughs and Coughs, Simply Apply Camphorole to Throat and Chest

So many people neglect their children's cough until it may develop into whooping cough, croup, or bronchitis. Then you would wish you had a jar of Camphorole handy. It quickly touches the spot and gives sure relief. The remarkable success of Camphorole is entirely due to Wintergreen, Menthol and Camphor, prepared in a synthetic way to give results.

Outside Lumber

LUMBER for use out of doors should have the ability to withstand rain, wind and sun without quickly beginning to decay.

Different grades of lumber are adaptable for different purposes. In our lumber yard we have many grades of the following varieties of lumber. White Pine, Yellow Pine, Hemlock, Poplar, Fir, Cedar, Oak, etc. Each of these woods are intended for a specific purpose.

Hemlock may give long service where oak would be entirely unfit—yet the cost of hemlock is less.

Get our advice before building. We will take pleasure in helping you select the suitable kinds.

for Rheumatic Aches SOANS' LINIMENT KILLS PAIN At Your Druggists SAYS HOT WATER EACH DAY KEEPS THE DOCTOR AWAY Drink glass of hot water before breakfast to wash out the poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet so very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stag- nant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleans- ing, sweetening and purifying the en- tire alimentary canal before putting more food into the stomach. The ac- tion of hot water and limestone phos- phate on an empty stomach is won- derfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly ex- tracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside or- gans.

Market Square Church Welcomes New Members

New members of the Market Square Presbyterian Church, numbering 210 for the past year, were guests of honor last evening at a reception held in the lecture and lower Sunday school rooms.

There were decorations of flowers and ferns and the special guests were distinguished carnations of pink or white. The pastor, the Rev. Dr. George Edward Hayes, made a little speech of welcome, telling that the church membership is now 1,475 and the opportunity for work that such a wonderful body of Christian people may accomplish. Judge McCarrall, superintendent of the senior Sunday school also spoke and there was music now and then during the serving of refreshments.

CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

Look at tongue! Then give fruit laxative for stomach, liver, bowels. "California Syrup of Figs" can't harm children and they love it.

A laxative to-day saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour. Look at the tongue, mother! If coated, or your child listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harm- less, and in a few hours all this con- stipation poison, sour bile and fer- menting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "in- side cleansing" is oftentimes all that is necessary. It should be the first treat- ment given in any sickness. Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, chil- dren of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Com- pany."

At the same time a number of new applicants were man- ifested by a few doctors when they were asked to join the local corps.

Whether his motive is one of disloyalty to the government or pure self-interest is not known, but it is a shock- ing and distressing exhibition of a lack of patriotism, a number of physi- cians said. It was hoped that the Harrisburg unit would be established by this time, but because of delays of various na- tures and the activities of those who are opposing the movement it will probably not be completed until the last of this month.

A resolution offering their medical and surgical services to the Federal Government was unanimously adopted to-day by the Dauphin County Medical Society.

Whereas, The entrance of the war is apparent; we, as part of the organized profession of medi- cine here, recognize the need of our assistance to the Nation, in the struggle against inhuman ag- gression to the fullest extent of our ability and efficiency now. Therefore, Resolved, That we, members of the Dauphin County Medical Society, affiliated, and members of the American Medical Association, do herewith offer un- animously and unreservedly our medical and surgical services to the Federal Government, and also the building of the Harrisburg, Pennsylvania, Academy of Medi- cine for any hospital purposes.

Burgess Wigfield Will Ask Council to Erect Flag Staff on Building

Burgess Fred Wigfield announced this morning that he would ask council in monthly session Monday night to erect a flagstaff on the executive building in Walnut street and unfurl a flag.

The burgess said that the reason he did not announce a day to be ob- served by borough residents was that there is no place to float a flag from the borough building, which should be the first to contain the Stars and Stripes.

Grocery Stores to Close at 6 O'clock Each Evening

Announcement was made this morn- ing, that, beginning Monday, grocery stores in the borough will close every evening at 6 o'clock except Saturday, when they would close at 9 o'clock. The schedule has been agitated by the Businessmen's Associa- tion for some time. The Steelton Store Company, which was closing but two evenings each week, has joined in the move and is now closing each evening except Saturday.

BETHLEHEM STEEL HAS MANY ORDERS

Millions of Dollars Involved in Unfilled Orders According to Schwab

New York, April 4.—At the annual meeting of the Bethlehem Steel Cor- poration yesterday in Newark the di- rectors elected were Harry Bronner, C. Austin Buck, Allan A. Ryan and Charles M. Schwab.

Mr. Schwab said after the meeting that the corporation had more unfilled business on hand than ever before. He said that unfilled orders at present were at least \$250,000,000 and might reach \$300,000,000.

Mr. Schwab said he had paid as low as 4.03 per cent. in 1912 as bonuses and as high as 8.12 per cent. in 1915. He said that Mr. Carnegie, as head of the Carnegie Steel Company, had dis- tributed as much as 49 per cent. in bonuses to employees.

The directors' action in making an agreement with New York bankers to underwrite \$15,000,000 of class B com- mon stock was ratified, as was also the increase of the capital stock by \$45,000,000. The directors were like- wise authorized to issue bonds not ex- ceeding \$200,000,000.

One of the directors in explaining the proposed blanket mortgage intimated that it was the expectation eventually to do away with the hold- ing company and to consolidate all Bethlehem properties into one con- cern.

RHEUMATISM CAN NOT BE CURED

By Rubbing With Liniments and Ointments

If you are one of the many thousand victims of torturing Rheumatism make up your mind to-day that you will abandon your efforts to rub the disease away with liniments, lotions, oint- ments, and local applications. Such treatment by itself is not only futile and devoid of results, but is a waste of time, during which the disease is getting a firmer hold on your system.

Rheumatism is a stubborn dis- ease. It is not on the surface, therefore you must not expect to be able to cure it with remedies applied to the surface. No one ever yet effected a permanent cure in this way, so why should you continue to suffer while re- lying upon treatment that has failed in thousands of cases?

The experience of others af- flicted with Rheumatism is your best guide and by following their advice you can not only save yourself untold suffering, but rid yourself of a disease that will eventually wreck your body and leave you helpless. Almost every victim of Rheumatism has practi- cally the same experience. They are so impressed with the pains and suffering of the disease, and are so anxious to get rid of them that they have treated the pains alone, and overlooked their cause. They have rubbed with liniments, lotions and ointments in an effort to get temporary relief, with no chance of doing themselves any permanent good.

Such was the experience of Mr. Caspus Bibb of 2424 Tenth Ave., Bessemer, Ala., who writes to tell how he found relief from this ter- rible affliction. He says:

"A few years ago I suffered from a severe attack of articular rheu- matism. It rendered me almost helpless. By the use of the usual external remedies I was able to check the pain somewhat, but did not regain the full use of my limbs, and on cloudy days or when ex- posed to dampness or cold winds, I immediately suffer from stiff and aching joints. I began to take S. S. S. and all the symptoms once began to disappear, until now I have no fear of exposure to the weather, and I feel it my duty to recommend S. S. S. to all who wish to free themselves from this torturing clutches of Rheuma- tism."

Any physician will tell you that Rheumatism is a deep- seated blood disease. The pain is not the disease itself but merely a symptom — nature's warning to you that you have been attack- ed. The only intelligent treat- ment, therefore, is through the blood; treatment directed toward eliminating the disease germs from the blood. For years nearly all the prescriptions used by the medical profession were those containing iodide of potash or mercurial substances, but in nearly every case these minerals are more injurious to the system than the disease itself.

One reason why S. S. S. is so successful in the treatment of Rheumatism and other blood disorders is the fact that it is a purely vegetable remedy, being made from roots and herbs gathered direct from the forests. It contains not a particle of mineral substance, and acts by driving all disease germs from the blood and cleansing it of all impurities. S. S. S. has been on the market for fifty years, and every drug- gist has sold it ever since he has been in business. It is sold under an absolute guarantee that it is purely vegetable.

Our medical department is maintained for the benefit of the afflicted, and if you will write fully about your case you will be given complete advice as to the treatment necessary for your in- dividual case for which no charge is made. Address Swift Specific Co., 93 Swift Laboratory, Atlan- ta, Ga.
