MAJ. SHUMBERGER WILL LEAVE CITY

Accepts High Position With Lehigh Portland Cement Co. at Allentown

MAJOR JOHN C. SHUMBERGER Major John Calvin Shumberger, of this city, has accepted a highly responsible position with the Lehigh Portland Cement Company, of Allentown, which requires severing his connection with the National Guard, his profession of public accounting and also his removal from this city to Allentown.

In military circles Major Shumberger has just rounded out his twentieth year in the National Guard. He is a veteran of the Spanish-American War, serving in the Pennsylvania Volunteer Cavalry in Porto Rico in 1898. In the last call of the President he served nine months to the day. Five months of this period, through recommendations of regular army officers, he served as federal paymaster, drawing his checks on the Treasurer of the United States, paying troops and bills on muster out of the Federal service.

While this service was performed within Pennsylvania, it carried with it great sacrifice and hazards, traveling over 4,500 miles. After arriving at a station payrolls and vouchers had to be computed by him, and where money could not be secured from banks or could not be forwarded through express companies in time to make proper payments he carried as high as \$85,000 in traveling bags, in sleepers and in automobiles at all hours.

While orders to pay troops were received on holidays, and while troops were being paid at night, orders were received to proceed at a time when no facilities were available to reach the designated point, twenty or thirty miles distant, when banks were closed, time locks and burglar alarms had been set, yet there is not a single record of any order not successfully carried out.

While Major Shumberger's new position required him to resign from the Guard, he holds the highest admiration for those under whom he has served and claims that his success was due to his opportunity to serve under such solidly and efficiently qualified men as Colonel Frederick M. Ott, General J. P. S. Gobin and General Thomas J. Stewart.

Resided Here Since 1887 Mr. Shumberger came to Harrisburg from Cumberland county in 1887 and organized and conducted the School of Commerce in this city from 1894 to 1902.

He is a staunch Republican and is serving at present on the Harrisburg city Republican committee. He was recently tendered a directorate in the Harrisburg Young Men's Christian Association, which he will be compelled to decline. He is a member of the Modern Women also Harrisburg Lodge, No. 88, Independent Order of Odd Fellows, the Harrisburg Rotary Club, the Chamber of Commerce and the Harrisburg Club.

WOULD PERMIT TROLLEY CO. TO OPERATE ON BUSSES

Senator Lynch introduced a bill which gives street railway companies all over the State the right to run omnibuses either as feeders to their systems or separately. The measure is regarded as a means of overcoming the loss of business taken away from the trolley companies by the operation of jitneys. At noon the Senate adjourned until next Monday night at 9 o'clock.

Governor Urges Quick Action to Organize Safety Committees

Governor Brumbaugh to-day sent letters to the members of the State committee of public safety urging them to take immediate steps to perfect the organization of their local committees.

"I have received word from a number of the committees informing me of progress being made and I hope to hear from all of the men in a few days and that the representatives of the best thought in the State will be called to this most important work," said the Governor.

Governor Brumbaugh to-day made public the response of President Wilson to the offer of the services of the committee of safety. The President said: "May I not thank you for your telegram and tell you that the assurance which you give me as to Pennsylvania's willingness and readiness to co-operate with the federal government at this time is very heartening."

HARRISBURG GENTLY WAVING FLAG CITY

[Continued From First Page]

to the request of the Mayor to "make this a city of flags," unfurled "Old Glory" this morning by the thousands. The city is covered with the stars and stripes. More are being hung out every hour and children are carrying them, cheering as they go about the streets.

Many Patriotic Demonstrations

In many parts of the city patriotic demonstrations have marked Harrisburg's "Flag Day." The night forces on the Pennsylvania Railroad, before quitting work this morning, ran up hundreds of flags on the switch and watchhouses, coal wharves and other buildings in the yards. During the progress of this patriotic work engine and shop whistles let go and for five minutes shrieked their salutes. Other demonstrations were held throughout the day.

Mechanics Lien Law Has Outlived Its Usefulness, Walter Says

Representative Charles Walter, of Franklin, to-day introduced a bill to repeal all the mechanics' lien acts.

Mr. Walter issued this statement, saying that before the Civil War, when money was scarce and rates of interest high, it was perhaps good public policy to encourage building by giving to builders and material men the right to file liens. At the present time this is not necessary. A contract between the owner and the principal contractor if filed in the courthouse prevents a material man or subcontractor from filing a lien. A mortgage given to pay for the building also prevents the contractor or any one else from collecting a lien. The only persons who are likely to be compelled to pay a mechanics' lien at present are those without business experience and who trust their friends who are contractors. The legal profession generally thinks the law has outlived its usefulness and that the interests of the community would be best served by its repeal.
