

Manufacturers and Cities Ask For State Police For Guard Duty

Bethlehem Steel Company authorities have asked the State Police Department to detail troopers to Steelton to assist in the protection of the big steel plant and also to assist in the further organization of the police force of the company and tender such aid as the citizens may desire for home guarding. The department will comply with the request as soon as it can detail men, the whole force being now on emergency duty.

The State police authorities have been detaching officers and men for consultation with municipal and other authorities in various parts of the state as to home defense, the policemen being asked to point out places which should be watched and to aid in organizing the home guards. Men have been sent for this purpose to Chester, Erie, Clarion, Johnstown and other places. Numerous requests have come from sheriffs asking that the State policemen advise as to best means of organizing local forces.

A DENTISTS FORMULA True Secret of Keeping Youthful Looking

(The Beauty Seeker.) "The real secret of keeping young-looking and beautiful," says a well-known dentist, "is to keep the liver and bowels normally active. Without these organs, poisonous waste products remain in the system, polluting the blood and lodging in various organs, disease, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face."

But to get liver and bowels working as they ought, without producing evil after-effects has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the human bile, which has been called "vegetable calomel" because of its effectiveness—though, of course, it is not to be classed with the real calomel of mercerical origin. There is no habit-forming constituent in "sentanel" tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Sentanel tablets, which may be procured from any druggist, are a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

Sentanel Tablets conquer constipation—liven up a lazy liver—banish biliousness—10c and 25c at druggist.

"Greater Values"

Easter

Men's Stores everywhere are putting their best foot forward this week. You are invited to buy all kinds of clothes at all kinds of prices, and for all sorts of reasons, or for no reason at all, and every store would give you the impression that it is the only store for you.

"Doutrichs" put the best foot forward, too—and keep it there 365 days in the year, and now, as at all other times, we ask your patronage on this score only—That here you will find a stock of Good Clothes, a service and a saving, not one of which is equalled elsewhere in Central Pennsylvania.

Kuppenheimer Clothes

The stock—the service—or the advertising are of comparatively small concern to this organization if the customers fail to find, after the sale—"satisfaction." To open the doors of this "Live Store" each business morning costs a certain sum of money, and the "fixed expenses" must be met in order to continue business. Yet you'll always find greater values here in clothes than you can get anywhere at

\$15 - \$20 - \$25 - \$30

All above a certain income contributes to the profit side of the ledger, and to get the business up to this point of profit requires great energy, watchfulness and the very best business brains. To fail to satisfy a customer means that the dissatisfied customer will not come back, and after we have worked so hard to invite and incite individual customers to trade here we cannot afford to loose all this effort and money by carelessness or by failure to satisfy.

The Boys' Department

Has made a lot of Boys and Little Kiddies happy this Spring with the snappy—good looking "suits" that their mothers helped them to choose from the hundreds of desirable styles that are displayed on the Balcony—It requires little or no talking to sell Boys' Clothing here—they must be right in style—fabric and price—for they almost sell themselves at \$5.00, \$6.50, \$7.50, \$8.50 and \$10.00

Do You Want a New Hat For Easter?

We've made every effort to have the correct style to match your new Spring Suit—There's a Hat here to suit every man's fancy and mostly the shape to suit the wearer—We take a lot of credit on this score—for we want to sell you the Hat that's most becoming.

HATS MODERATELY PRICED \$2.00, \$2.50, \$3.00, \$3.50 and \$4.00 Complete Lines of "Stetson" "Schoble" and "Hawes" Hats
