BRAZILIAN SPIRIT DEMANDING WAR

Patriotic Demonstrations Continue as Anti-German Feeling Grows

Rio Janeiro, April 8.—Up to six o'clock this evening the foreign office was without information from the Paris legation in regard to the sinking of the Parana. The German minister had a fifty-minute conference with President Braz and Foreign Minister Lauro Muller. The newspaper A Noite says that the conference caused no change in the attitude of the government. Patriotic demonstrations were continued throughout the day but there was no disorder. It is understood that government action only awaits the arrival of the official reports from Paris and Cherbourg. In official circles no doubt is expressed that the government will act decisively in accordance with its warning to Germany when unrestricted submarine warfare was declared. In this connection the wording of a telegram sent by Dr. Lauro Muller to the Brazilian legation in Berlin on February 12 is recalled. The telegram said: "We will consider it essential to the maintenance of friendly relations that no Brazilian ship be attacked on the sea under any pretext, even that of carrying contraband of war, as the belligerent nations have arbitrarily put everything into that category. An indication that Germany may deny that the Parana was the victim of a German submarine is shown in statements appearing in newspaper here and there attributing to German diplomatic officials. According to these statements the Parana probably struck a French or English mine as it is contended, it is improbable that a German submarine would have been able to operate so close to Havre. The German minister is quoted as asserting that the testimony of the commander of the Parana is open to grave suspicion because he is a Portuguese. The Commerce and Navigation Company, owners of the Parana, have received a cablegram from the captain of the steamer from Cherbourg saying that after the vessel was torpedoed she was struck five times by shells. The company has turned the cablegram over to the government. The news that the Parana was shelled after she had been torpedoed has increased the indignation here over the incident.

AUSTRIA CUTS ITS RELATIONS

The captain was not aboard, he having notified the collector last week that he would spend the Easter holidays in Washington.

RICHARD OLNEY, EX-SECRETARY, DIES

Not until yesterday that his condition became serious. In an announcement issued by the family to-day, it was stated that he died suddenly at 8:45 o'clock last night. Mrs. Olney and their daughter, Mrs. George R. Minot, of this city, were with him at the end of this city. Mr. Olney's other daughter, Mrs. C. H. Abbot, is residing temporarily in Paris. Recently while unable to leave his bed, Mr. Olney had displayed very deep interest in the international situation. It was said that he warmly commended the action of the government when members of his family informed him on Friday that President Wilson had signed a proclamation of war.

WON HIGH REPUTATION AS ATTORNEY GENERAL AND SECRETARY OF REPRESENTATIVES

Richard Olney served successively as Attorney General and Secretary of Representatives. When, in 1904, he permitted the presentation of his name at the Democratic national convention as a candidate for the presidential nomination, he received 83 votes, including the solid support of the Massachusetts delegation. President Wilson urged him to accept appointment as ambassador to Great Britain and later offered him the position of governor of the Federal Reserve Board, but in each instance Mr. Olney declined. His public utterances always commanded thoughtful attention and attracted wide-spread comment. Long after his retirement from his comparatively brief career in public office, Mr. Olney's counsels were eagerly sought by members of the Democratic party.

INJUNCTION SUIT AGAINST WILLIAMSON

Burgess Blanning, of Williams-town, Starts Proceedings Because of Paving

INJUNCTION—5. Preliminary injunction proceedings against the borough council of Williamson, and the borough treasurer, to prevent them from paying the G. W. Ensign Company, contractors for paving work done there, were started by Burgess Blanning and Charles W. Rank, through Attorney William M. Hartman. The hearing of the bill of complaint and the answer will be held on Saturday morning at 10 o'clock. The bill, which was filed to-day, Burgess Blanning declares an ordinance was passed last year authorizing the paving of two blocks in Market street, Williamson. This ordinance, he asserts, is vague, obscure and illegal, containing no definite provisions for the work to be done, and no amount for payment. Later a contract was let but has never yet been approved, he contends, and the work of grading the street, paving 200 feet of the distance, and laying 176 feet of sewer have all been done by the Ensign Company to which \$4,000 has already been paid. Since then bills have been presented totaling more than \$6,900, it is alleged, Burgess Blanning starting the proceedings to-day to prevent any payment on these, until the case has been settled in court. It has also been asked to have the ordinance authorizing the work, declared illegal.
