

GERMANY SEES U. S. ATTACKING JAPAN

Berlin Press Has Wild Ideas of America's World Policies

By Associated Press
Amsterdam, via London, April 9.—Under the caption "The Bitter Bit," Sunday's Koelnische Volkszeitung prints an article under a Berlin date which purports to explain America's plans in the Far East. It says: "The antagonism between America and Japan arose over China, but Washington proved craftier than Tokyo and forced China to break with Germany by which action Japan, like Russia, was cheated of its rights, as the firstborn. President Wilson realized the importance of Chinese and Japanese questions better than any of his predecessors and adopted a strong policy in support of the prestige of the United States, a policy which also became anti-German."
"It would be wrong to attribute this policy to pro-Britishism. During the war President Wilson pursued an American policy above all, to which is ascribable America's huge development in the production of armaments. Every child knows that no one in Germany ever thought of the possibility of a German-American war. President Wilson himself hardly seriously contemplated a German danger but did contemplate a Japanese danger. This is also fully understood in Tokio."
The article says that on the surface nothing is more natural than America should equip a giant army and fleet. It continues:
"They are not for use, however, in this war, during which they will practically not fire a shot, but for use against Japan. Thus our enemies play with their own allies the game of the bitter bit with Japan acting the leading part."

RUSSIA PLEASED AT U. S. ATTITUDE

Premier Declares Importance of War Declaration Cannot Be Exaggerated

By Associated Press
Petrograd, April 8, via London, April 9.—Premier Lvoff, commenting on America's entrance into the war to a correspondent of the Associated Press, termed it an event whose importance it was impossible to exaggerate. News of the final action of Congress reached Petrograd last night in a telegram to the American embassy and was formally communicated to the foreign office and the entente embassies to-day by Ambassador Francis.
As far as the Russian public is concerned, America has been regarded as having declared war a week ago. President Wilson's address was accepted as equivalent to a declaration of war and was so interpreted and commented upon by the newspapers. The day by day congressional developments were treated as a further ratification of an accomplished fact and so the final announcement came as an anti-climax.
There has been no demonstration of any sort in connection with the action of America, with the exception of a visit paid to the various embassies of the allied powers, including the American, by a small detachment of Cossacks. One editorial in to-day's press was devoted to America but matters more nearly touching Russian life have overshadowed American news in the papers.

THOUSANDS AT EASTER SERVICE

Congregations and Collections Largest in History of City

Easter services yesterday attracted thousands of worshippers. A stirring spirit of patriotism pervaded alike pulpit and pew. In many of the churches the attendance was the largest in their history, as was the number of new members received and the amount of the offerings.
At the Messiah Lutheran church over 800 communicants were present at the morning service and the collections for the day reached the huge sum of \$11,960. Fifty new members were received into the congregation. The Rev. Henry W. A. Hanson, pastor of the church, announced that this offering was the largest in the history of the church.

70 New Members

The Zion Lutheran church, of which the Rev. S. W. Herman is pastor, received seventy new members, the largest number of accessions at any one of Harrisburg's churches. The total known accessions in all of the churches yesterday was 424. Over 800 attended each day. Services at the Christ Lutheran church and 917 were present at Sunday school. Sixty-seven new members were admitted to the church.

Church Names Committee to Encourage Enlistment

After a patriotic service in Camp Curtin Memorial M. E. Church last evening a committee was named to encourage enlistments from the West End territory. On the committee are: E. G. Cook, John Haas, the Rev. A. O. Stone, Prof. E. C. Ellenberger, Wm. H. Bricker, David Cottel, A. H. Stover and the pastor. The social service department of the Epworth League was appointed to co-operate with the Red Cross workers.

RED CROSS MAKES CAMPAIGN PLANS

Going After 5,000 New Members; May Establish Base Hospital

"Five thousand new members!" That is the slogan of the Harrisburg Chapter of the American Red Cross when it begins its big membership campaign on April 23. The campaign will be hotly waged for one week and will be in charge of a committee composed of a number of the city's representative men and women.
An adjourned meeting will be held to-night in the assembly room of the Y. M. C. A., when the campaign membership committee will be named. The regular membership committee has been recruiting members in all parts of the city. Other arrangements will be perfected to-night for carrying on the campaign to a successful finish.
To Consider Base Hospital
The suggestion of the HARRISBURG TELEGRAPH that a base hospital be established in this city is being widely discussed by the physicians of the city and other public-spirited citizens. Harrisburg could care for 3,000 wounded, the investigation made by this newspaper disclosed, and a campaign for raising \$25,000 for the project will be considered at to-night's meeting.
Workers will be drafted from the ranks of the various fraternal orders of the city, labor organizations, busi-

Boys in Blue Discuss Surrender of Gen Lee, 52 Years Ago To-day

Scores of the Boys in Blue Gathered to-day in their rooms to talk of the 9th of April, just 52 years ago, when Lee laid down his arms at Appomattox Court House.

At one of the lodge rooms of the G. A. R. 50 per cent. of those present said they were with Grant on that momentous day. "It wasn't a day like this, either," one of them volunteered. "I won't never forget that day as long as I live, a regular May day, everything warm and green instead of cold and wintry like to-day."
"Guess maybe we old boys aren't too old to fight yet," said another. "We were mighty glad to get a rest after those four hard years but now we have had a real rest and maybe while we were resting we have grown a bit rusty for fighting, but the same spirit still courses in our veins that they mean when the speak of the 'spirit of '76 and '61.' If our country needs us we are ready to do our share whatever that may be."

CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Look, Mother! See if tongue is coated, breath hot or stomach sour.

"California Syrup of Figs" can't harm tender stomach, liver, bowels.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without gripping.
When cross, irritable, feverish, or breath is bad, stomach sour, look at the tongue mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When the little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.
Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful to-day saves a sick child to-morrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all-ages and grown-ups printed on the bottle. Beware of counterfeiters sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

President Thanks King George For Message

By Associated Press
London, April 9.—The reply of President Wilson to the message sent to him by King George, as given out here officially to-day, is as follows:
"To His Majesty George V. King and Empress."
"Your eloquent message comes to me at this critical moment of our national life as proof of the community of sentiment among the free peoples of the world, now striving to free themselves of the yoke of a tyrant, to maintain the blessings of national independence and to uphold the rights of humanity. In the name of the American people, I thank you for the guidance and inspiration which they look for in your inspiring words."

Billy Sunday to Give Collection For War Work

New York, April 9.—Billy Sunday does not want a penny of New York's money to add to his personal bank account. He brought 20,000 enthusiastic listeners to their feet with spontaneous and ringing cheers in the big tabernacle yesterday when he repudiated any desire to profit pecuniarily by the gospel campaign just begun.
Whatever free will offering his New York friends desire to make for his benefit at the close of the meetings next June, he announced, he will divide evenly between the American Red Cross and the Young Men's Christian Association for their work in behalf of the soldiers and sailors of the United States.

will take men from the mines and still further curtail an output that is far below the demand. Present coal prices cannot be guaranteed for any length of time, so that instead of cheaper fuel, prices are likely to advance.
It's wise to anticipate next Winter's coal needs now and lay in all the coal you can buy.
