

U. S. TO PAY FOR WAR AS FOUGHT

Increased Taxation Will Meet a Large Part of the Expenses

Washington, April 9.—About \$1,750,000,000 or one-half the \$3,500,000,000 asked for army and navy purposes within a year will be raised by taxation and the balance by sale of bonds, House and Senate leaders had virtually decided to-day. It is proposed that most revenue should come from increased taxes on incomes, inheritances and excess profits and that an issue of 3 1/2 per cent. bonds be authorized for \$5,000,000,000, of which \$2,000,000,000 would be invested in war bonds of the entente nations and \$3,000,000,000 would cover the balance of the war expenses not met by taxation. All of the two billion might not be needed within the year, according to advance estimates. Members of the House Ways and Means Committee to-day discussed details of the finance proposals, and there was some talk of pressing immediately into law for the three billion dollar-bond issue for the entente loan, allowing the two billion issue for army and navy expenses to await more deliberate legislative action. Indications were that the bond issue would have little effective opposition in either house, although the problems of taxation for the war are likely to prove more difficult.

PENROSE ESTATE TO U. S. Colorado Springs, April 9.—Spencer Penrose, copper magnate and brother of Senator Penrose of Pennsylvania, has tendered to the government for its use during the war, his town house here his country estate at Broadmoor, a suburb, where there are accommodations for 100 or more people, and his ranch of 13,000 acres twenty miles from Colorado Springs. The offer was made through the Red Cross.

EIGHTY BILLS ON SENATE CALENDAR

Increase in Auto Tags and Omnibus Measures Most Important to Come Up

There are 80 bills on the Senate calendar, 31 of the number appearing from committee and being up for first reading when the Senate meets to-night at 9 o'clock. The most important bills submitted by committees are those introduced by Senators Buckman and Lynch, the one increasing the automobile license fees, making the minimum fee \$10 instead of \$5 and the dealers' fee \$15 instead of \$10. The other gives electric railway companies the right to operate omnibus lines either as feeders to their systems or independently. Senator C. A. Snyder's bill abolishing the board of moving picture censors and creating within the Auditor General's Department a commissioner of amusements, with assistants, to perform the duties, is on the third reading calendar, along with bills authorizing the appointment of persons to serve as private policemen for corporations and industrial establishments, by justices of the peace; repealing that section of the game laws which forbids foreigners occupying farms to own and keep dogs; making the salaries of bank examiners \$2,000 at the discretion of the commissioner of banking; amending the State highway department act so that counties shall bear their share of the cost of constructing and improving State highways; regulating the packing of apples, providing penalties and imposing the duty of enforcing the act on the department of agriculture; forbidding the placing of workmen's compensation insurance with insurance companies not incorporated under the laws of Pennsylvania; amending the school code by giving the State Board of Education the right to purchase and sell real estate for normal schools purchased by the State; the Hackett bill providing that female help at hotels and boarding houses shall not come under the restrictions of the law forbidding females to work more than six days a week, 9 hours a day and 54 hours during any six days; classifying inspectors of the department of labor. Senator Eideleman's bills providing that county school superintendents shall receive not more than \$2,500 per year and that assistant county superintendents' salaries shall be \$1,800 per year are on the second reading calendar. On the calendar also are the McConnell bill giving telephone companies the right to buy competing companies and the right of eminent domain and the Snyder bill in the Auditor General's Department a Bureau of Economy and Efficiency.

Use McNeil's Pain Exterminator. CONFEDERATE ARMY VETERAN WOULD JOIN UNION BLUE Little Rock, Ark., April 9.—Another gratifying example of loyalty was demonstrated at the United States navy recruiting office, Little Rock, Ark., when J. L. Leigh, 1511 West Second street, applied for enlistment in the United States navy. Mr. Leigh requested that he be enlisted at one of the six day battleships afloat for service on that vessel, and he was greatly disappointed when informed by the recruiting officer that he exceeded the required age limit by forty some odd years, he being sixty-nine years of age. Mr. Leigh is a warrior of experience, having enlisted in the Confederate army at the age of thirteen and having served for four years, which ended in April, 1865, under General Lee, at Appomattox. It is gratifying, in these times of need, to find such loyal spirit in the "Boys of 1861," and such an example as shown by our worthy veteran, Mr. Leigh, will no doubt find a like response by the "Boys of 1917."

WHOLE FAMILY WILL HELP Hagerstown, Md., April 9.—A striking example of patriotism is furnished by the family of Colonel W. P. Lane, formerly commander of the First Maryland Regiment. Three sons of Colonel Lane are now in army service—W. P. is a captain on the staff of the First Regiment; Clarence is second lieutenant of Company B, and Charles has just enlisted in the company. The younger twin sons of Colonel Lane, Maddox and Cartwright, students at Washington and Lee University, will become of age April 17, and will be free to enlist. Colonel Lane is lending personal aid to his old regiment, especially toward recruiting for Company L, and has offered his services for any kind of work. Mrs. Lane and her daughter, Miss Virginia Lane, have qualified for Red Cross work.

EASTER SEASON AT ZION Enola, Pa., April 9.—Zion Lutheran Church, the Rev. M. S. Shary pastor, enjoyed an especially sacred Easter season. The communion on Good Friday and Easter morning were largely attended and thirteen were received into church fellowship. The Sunday school contributed \$325.74 as a free will Easter offering. The total offering for the day was \$500. Only a little more than one hundred dollars is needed to cover the parsonage debt, which will be provided for in a short time.

SPECIAL EASTER SERVICES New Cumberland, Pa., April 9.—Services in the churches here were well attended yesterday. Communion services and the reception of members were held at Trinity United Brethren Church. At Baughman Memorial Methodist Church a beautiful Easter program was rendered at 10.30. A large crowd was present on Sunday evening to hear the cantata. An excellent program was rendered at St. Paul's Lutheran Church last evening.

YOUTH MAY LOSE EYE Duncannon, Pa., April 9.—Russell Noss and William Page, both about 16 years old, were firing a toy cannon on Friday evening when it exploded. Noss was seriously burned on the face and neck and the sight of one eye may be injured.

FIRST QUARTERLY CONFERENCE New Cumberland, Pa., April 9.—On Friday evening the first quarterly conference will be held in Baughman Memorial Methodist Church.

Nailing American Flag to Pole Over a German Club When Ambassador von Bernstorff sailed away from here the Germania Club of Brookline, Mass., nailed a German flag and left the pole bare. Several chauffeurs of a garage next door decided it should not remain so. They climbed through the skylight of their own building to the roof of the club. George Dorsey shinned up the pole with an American flag, a hammer and some nails while Matt Shea watched below. Dorsey nailed the American flag to the masthead, and the Germans left it there.

EGGS FOR CHILDREN'S HOME Camp Hill, Pa., April 9.—Camp Hill public schools have donated sixteen dozen eggs as an Easter gift to the Children's Industrial Home of Harrisburg. Following a custom originated last year, each child in the schools was asked to bring one egg as a gift to the home. Last year fourteen dozen eggs were collected and this year the schools were two dozen eggs above that mark.

CONGRESS TO PUSH WAR LEGISLATION

Some Opposition Expected to Crop Out Against Army Bills

Washington, April 9.—Early action on the administration war legislative program was forecast upon the assembling of Congress to-day. Chief among these are measures to authorize issuance of bonds for billions of dollars and for raising a big army. Opposition to both measures is looked for, but is not expected to seriously threaten their passage. On the House side, Democratic members of the Ways and Means Committee were preparing to introduce either to-day or to-morrow the resolution for a bond issue and the military committee heard representatives of the War Department explain its plan for raising an army. The House also is expected to agree promptly to a Senate amendment to the general deficiency bill giving the President an emergency war fund of \$100,000,000. The Senate was expected to begin consideration to-day of the army bill carrying \$2,000,000,000 which was passed by the House at the last session. Other measures which probably will be taken up in their order are the military academy and the sundry service bills, both of which have already passed the House. In addition, other measures which will be ready for consideration during the week include the espionage bill and amendments to strengthen the shipping law and the Federal Reserve act.

Introduce Universal Service Bills in Congress Senator George E. Chamberlain, of Oregon, chairman of the Military Affairs Committee of the upper house, has introduced his universal service bill. It calls for young men of twenty to twenty-three to form an army of from 1,500,000 to 2,000,000. The same bill has been introduced in the House by Representative Charles P. Caldwell, of New York. Representative Julius Kahn, of San Francisco, has introduced in the House the universal service bill drawn by members of and backed by the general staff of the United States army.

STOPS HEADACHE, PAIN, NEURALGIA Don't suffer! Get a dime package of Dr. James' Headache Powders.

You can clear your head and relieve a dull, splitting or violent throbbing headache in a moment with a Dr. James' Headache Powder. This old-time headache relief acts almost magically. Send some one to the drug store now for a dime package and a few moments after you take a powder you will wonder what became of the headache, neuralgia and pain. Stop suffering—it's needless. Be sure you get what you ask for.

HIGH PRICE FOR PIGS Blain, Pa., April 9.—The highest price for pigs in Perry county was received by C. E. Reisinger, a farmer of Perry Valley. He realized out of thirteen pigs, averaging eight months old, their combined weight being 3,755 pounds, \$525.70. The pigs were sold live weight at 14 cents per pound.

"Tired?—Indeed, No! Washing is play since our house was wired!"

"Yes, an electric washing machine—it's doing the work for me now while I talk to you."

"No, I hardly put my hands in the water at all and the clothes are on the line before nine o'clock. If it's a good drying day I have my ironing finished before luncheon—You see, I do that by electricity, too!"

"No indeed! the wiring was not at all expensive; you see, the Lighting Company is conducting a House Wiring Campaign and we were able to have the entire house wired at a very reasonable price. Why don't you call 4000 and have them send a salesman to see you? He will gladly give you an estimate."

"Fixtures? Oh yes, and if you care to, you may take a whole year to pay for them."

"I'm expecting mother on Sunday, but if she shouldn't arrive we will be over to see you, and I'll surely be disappointed if your house isn't wired."

Where There Are Boys and Girls Growing Up "The Philadelphia Record" is a newspaper published to satisfy those who are as particular about what their children read as they are about the character of their friends. Although the best of us enjoy a bit of gossip or a little excitement now and then, we do not care for it as a steady diet, nor do we fancy having the spicy details of the latest scandal poured into the receptive ears of our children. Equally it is true that while we want and have a right to expect a newspaper to give us all of the NEWS, there is but little satisfaction in wading through a mass of misinformation for the sake of getting it. Those of our readers who know "The Record" best have termed it "Always Reliable," and turning back over the files it is not difficult to bring to light instance after instance of "Record" reliability. Which is not said in a spirit of boastfulness, but as confirmation of the point at issue. In the matter of those affairs "about which the less said the better," it is the policy of "The Record" to present these without embellishment or "heart throb" hysteria, leaving it to others of more excitable temperament to amplify the non-essentials to a point beyond all misunderstanding. "The Record" is a clean, sane, dependable newspaper, admittedly one of the six great newspapers of this country, and it is quoted far and near as an authority on matters of public interest. Altogether it is a newspaper for "worth-while" people. If you want a newspaper that will keep you correctly informed on the news of the day, tell your newsdealer to deliver "The Record" to you regularly, or notify us and we will arrange the matter for you.
