

Permanent Home Folks Reception Committee Forms

As a reward for his work done during the reception of the troops, Harry W. Long, general chairman of the Home Folks Reception Committee, was presented with a rocking chair last evening by Mrs. H. A. Gelfand, chairman of the reception committee. Reports showed a balance of \$50 over the expenses of the entertainment of Companies D and I.

The temporary committee was allowed to stand for a permanent organization. The committee consists of: President, Mrs. Edward Schell, wife of the recently appointed major of the Eighth regiment; treasurer, Mrs. Josiah Wilbar; secretary, Miss Mrs. James Long; assistant secretary, Mrs. James T. Long, wife of Second Lieutenant Long, and general chairman, Harry W. Long.

"Brownatone" Tints Your Hair In a Minute

Preferred to Slow Acting Dyes. The straightest road and the shortest cut to the most certain and attractive and beautiful appearance is the use of "Brownatone" Hair Stain. This preparation will instantly restore to the hair its natural color, streaked or faded hair to the softest and richest golden brown, medium, dark brown or black—just as you wish. Just comb or brush it into your hair. Impossible of detection, will not rub or wash off, and needs no retouching or coloring of the hair grows out.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to flush Kidneys if Back hurts or Bladder bothers. If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then be fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

Banishes Nervousness

Puts Vigor and Ambition into Run-Down, Tired Out People. If you feel tired out, out of sorts, despondent, mentally or physically depressed, and lack the desire to accomplish things, get a 50 cent box of Wendell's Ambition Pills at H. C. Kennedy's to-day and your troubles will be over. If you drink too much, smoke too much, or are nervous because of overwork of any kind, Wendell's Ambition Pills will make you feel better in three days or more back from H. C. Kennedy on the first box purchased. For all affections of the nervous system, constipation, loss of appetite, lack of confidence, trembling, kidney or stomach complaints, sleeplessness, exhausted vitality or weakness of any kind get a box of Wendell's Ambition Pills to-day on the money back plan. Mail orders filled charges prepaid by the Wendell Pharmaceutical Company, Inc., Syracuse, N. Y.—Advertisement.

NEWS OF STEELTON

APPARATUS FOR EACH COMPANY QUILTS COUNCIL IN BID WRANGLE

Council Awards Contract For Six New Pieces of Fire Equipment Obercash Says Only One Company Submitted Figures on Apparatus

The contract for furnishing six pieces of fire apparatus for the Steelton fire department was awarded to the American LaFrance Company by council in monthly session last night. The apparatus is to cost \$27,000.

Considerable opposition was made to purchasing this apparatus. Chairman A. J. Sellers expressed his opposition and was backed up by several other councilmen. The contract was awarded upon a motion by Councilman T. T. McEntee.

This action gives each company in the department a piece of motor-driven apparatus. Previous bids were for four pieces of apparatus, but other fire companies were dissatisfied and asked council for more engines.

The apparatus company will forward specifications and after the committee goes over them will hand them over to the borough solicitor. The borough solicitor will draw up the necessary documents and complete the contract. The distribution of the machines will probably be made by council. The purchase of two motor trucks to be used to collect garbage will be decided later. These trucks were to be included in the cost of other apparatus but council could not see its way clear.

Two Combination Chemicals The department will be equipped under the contract with two combination chemicals with junior pumps, one six-cylinder city service truck with chemical tank, and three combination chemical and hose trucks with double tanks and six-cylinder motors. The contract price of \$27,000 is the net cost, after allowing \$2,300 for the present equipment of the department.

The action of the Water Board in proceeding with provisions to take care of the water supply by placing lights and gauges at the reservoir, pumping station and filtering plant was condemned by council last night. Council gave the police committee authority to provide men to watch the various points.

An ordinance adopting the revised borough map was passed finally. The new map includes the new extensions and improvements and was drawn by Surveyor C. H. Hoffer.

The State borough traffic ordinance, adopted by forty-seven boroughs in the State, was passed finally by council. This ordinance has been in council for more than a year. Every provision in the ordinance saves the maximum fine for violations from \$100 to \$25 was passed.

To Fly Flag Following out a suggestion of Burgess Fred Sigfield, a flagstaff will be placed on the executive building and a flag raised. A motion was made by Council McEntee for this action.

An amendment to the ordinance establishing and regulating the office of superintendent of sewers was passed last night. The secretary of the board of health will have jurisdiction over the sewer from the curbline to the building. Heretofore the superintendent of sewers had charge of the entire system.

No action was taken upon naming a successor as chief of police, to succeed Hiram P. Longaker, who resigned recently. Night Sergeant Leon Hand, who has been serving as chief temporarily since Mr. Longaker has resigned, will still hold this position.

Shorten School Term.—Suspension of recess periods during school hours has made it possible for the schools to close June 12 instead of June 22 as previously announced. Announcement to this effect was made yesterday. The school term was extended this year to overcome the loss of time due to the infantile paralysis quarantine at the opening of the term.

Burn Mortgage.—The burning of a mortgage at the St. John's Lutheran Church, the result of an Easter offering, was marked with special ceremonies last evening. The Rev. G. N. Lauffer, the pastor, and church officers made addresses. The debt of \$1,300 was wiped out by a contribution of \$1,325.

Entertain For Guest.—Samuel K. Sollenberger, of Lewistown, was guest of honor at a party given by Mr. and Mrs. Robert Anderson, 242 South Second street, Saturday evening.

New York Visitors.—Visitors and Mrs. William Hinan, of New York City, are visiting the latter's sister and brother, Mrs. John Hager, of 216 Christian street, and Charles W. Peck, of 306 Christian street.

BOROUGH GROCERY STORES START UNIFORM CLOSING Grocery stores in the borough last night closed at 6 o'clock and will continue to do so each evening except Saturday. This action was taken by the grocers following much agitation by the merchants' Association. This association is waging a campaign for a uniform closing.

W. F. Maginnis and C. L. Brinzer & Son, hardware dealers, announced this morning that they would close each evening at 6 o'clock except Monday and Saturday evenings. Both are members of the Merchants' Association.

STATE FOUND JOBS FOR 16,115 IN 1916

Harrisburg Office of Employment Bureau Alone Takes Care of 2,598

The Bureau of Employment of the Department of Labor and Industry during the year 1916, placed 16,115 unemployed workers in positions through the five offices of the Bureau at Harrisburg, Philadelphia, Johnstown, Pittsburgh and Altoona, according to an announcement made today by Commissioner John Price Jackson.

Employers asked the various offices of the bureau for 5,314 workers during the year and unemployed persons applying to the bureau for positions numbered 28,492. Of that number 19,260 applications were referred to positions for which they were considered suitable with the result that 16,115 found employment.

Commissioner Jackson pointed out today that requests from employers for workers at all offices of the Bureau of Employment, during the year, exceeded the number of applications for work by 6,832. In only the Philadelphia office did the requests for employment exceed the requests for workers. The excess was 3,914. The Pittsburgh office received requests for 5,184 more workers than had applied to the office for work. In Harrisburg the demand for workers exceeded the supply by 3,284; in Johnstown by 1,172, and in Altoona by 1,156.

The greatest number of workers were placed in employment through the Philadelphia office, 6,394. Pittsburgh ranked second with 5,574 placements. Harrisburg was third with 2,598; Johnstown fourth with 566 and Altoona fifth with 378.

The highest monthly record of requests for workers from employers was made to all offices of the bureau was in March when the requests numbered 4,170. The greatest number of applications for positions came from workers in November when 3,193 applied. The greatest number of persons were referred to employers during the month of November when 2,439 applicants were referred to work and in that same month 2,799 applicants found employment.

Commissioner Jackson pointed out today that the Bureau of Employment has turned in to the State Treasury \$25,500 in license fees collected from the private employment agencies in the State. This amount, compared with the \$30,000 appropriation made for Employment Bureau work by the 1915 Legislature, leaves, at the present time, a net cost of \$4,500 to the State for the employment activities of the Department of Labor and Industry. Private employment agencies are supervised by the Bureau of Employment and must each pay an annual license fee of \$50. The records for the Harrisburg office during the year follow:

Workers asked for by employers 7,035 Workers applying for positions 3,751 Workers referred to positions 3,034 Workers receiving positions 2,598

Senator Tompkins, of Cambria, was absent from his place last night on account of illness. Senator Washers, of York, asking for leave of absence for him. Senator Stewart asked leave of absence for Senator Sones.

Visited New Senator.—Some friends of the new Senator from the Adams-Franklin district, Senator Beales, of Gettysburg, came down to see him and occupied seats in the rear of the chamber during the night session.

Chaplain Prays For Guidance.—In his prayer last night Chaplain Davis of the house resolving to felicitate the President Wilson and this Government's acts in connection with the war with Germany.

Croft Bill on Calendar.—Senator Salus reported the Croft bill which would transfer the granting of liquor licenses from the courts to boards of county commissioners. The committee on law and order recommends amendments.

No Halting on Russian Resolution.—The Senate concurred immediately in the house resolution felicitating the Russians on asserting their independence of the Czar and the vote suspending the rule so that the measure should go through the upper branch immediately was emphatic.

Appointment Confirmed.—The Governor's nomination of Frank W. Neff to be a magistrate in Philadelphia was confirmed on motion of Senator

COAL SHORTAGE ACUTE, DEALERS HERE DECLARE

Supply Almost Exhausted and No Prospects of Renewal; Cannot Get Cars

The coal situation here is more critical to-day than ever before according to an announcement made this morning by local dealers. The supply of pea and buckwheat coal is almost entirely exhausted and the supply of other grades is also very low. Dealers here have not received shipments of coal for the past month and do not expect to receive any for at least two more months, and perhaps not until the war is over. Orders have been placed but the operators

claim they cannot make the shipments. Howard C. Fry, of the Fry Coal Company stated this morning that the situation was largely due to the fact that the operators cannot get the labor to mine the coal, and also the shortage of cars to ship it. "Another reason is that the United States Government has made a big demand on the operators for anthracite coal, for use in the navy. Bituminous coal was used to a great extent heretofore, but now both grades are being used. The large industrial plants in all sections of the country have also made heavy demands on the operators and I can not see any relief until after the war is over. There is a shortage of over four millions of tons above ground to-day and local dealers are having demands laid on them that have never been equalled since I have been in the business and that is a great many years," he said.

Have to Pay Premium.—An official of the McCreatch Brothers Company stated that instead of receiving a reduction dealers have to pay a premium on coal when they do not get it. J. B. Montgomery, the Wallace Coal Company, the United Ice and Coal Company and other local dealers expressed the same opinion as Mr. Fry.

The International Harvester Company and the Emerson-Brantingham Implement Company are experiencing a great deal of trouble in receiving shipments from the factories, according to officials here, this morning. Shipments from the International Harvester Company's factory in Chicago arrive here from 30 to 45 days late, and those from the Emerson-Brantingham Company's factory at Rockford, Ill., are from 15 to 20 days late. Officials stated this morning that many farmers are being held up on this account and that the situation would be more serious were it not for the late season.

Bond Issue For Highway Improvements.—In conformity with law Senator Sprout introduced a joint resolution providing for the issue by the State of \$50,000,000 of bonds to make improvements to State highways. This resolution passed the last Legislature and as it must be passed by two assemblies its introduction by the Delaware county Senator was logical.

Minimum Age Hearing.—A hearing will be held on the question of the minimum age limit for operators of motion picture machines and the licensing of motion picture machine operators will be held by the industrial board of the department of labor and industry in the Engineers Club to-morrow morning.

State Dinner.—At least 500 persons will attend the annual banquet of the Pennsylvania State Society to-night at the Chestnut Street Auditorium. Public Service Commissioner Rilling will preside and toasts will be responded to by former Governor Willis, of Ohio, and Deputy Attorney General Emerson Collins. Adjutant General Stewart will present a portrait of the Governor to Governor Brumbaugh.

GEO. H. SOURBIER FUNERAL DIRECTOR 1310 NORTH THIRD STREET

"The Live Store" "Always Reliable" You Can Wear them too--- If you come here you will find the same kind of Good Clothes that your friends are wearing— Kuppenheimer Clothes You'll see many more of the Handsome Spring Suits that have gone from "Doutrichs"—and that will be sold at This Live Store during the next few weeks.
