Patriotic Motorcyclists Would Form Volunteer Squad to Aid Uncle Sam

If plans now being formulated by H. H. Schriver, 27 North Linden street, can be put into effect, Harrisburg may have a squad of voluntary motorcyclists in the very near future.

It is believed that a few motorcycles could give better protection to the State Capital than any other means.

A company, so organized, however, could do no more than offer their services to the country. At the present time there is no authority for the organization of such companies.
