PAY HIGH FOR HORSE SENSE

British army officers have been careful in selecting horses since the war. George M. Wilson, veteran horseman of the Northwest, told the Spokane Chronicle. "Western men, when they want to ride, get on horse and ride him down. The horse has been broke or not. The British bought American animals of this variety during their South African war and it is an open secret that their soldiers, instead of fighting Boers, were breaking horses."

Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just wash with coconut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

See The Poisons In Your Blood

Mighty Poisons Accumulated Through the Winter Months Mean Disaster and Disease. Says Rid the System With Sulpher Tablets Easily. Springtime always brings with it joy and distress. The distress is in the form of catarrh, neuralgia, rheumatic pains, constipation, inactive kidneys and usually a feverish, sluggish lethargy that is hard to throw off.

VOTE TO POSTPONE HOGESTOWN SHOW

Farmers in Deciding on Action Plan to Increase Food Supply

Members of the general committee of the Hogestown Horse and Cattle show at a meeting last night in the Senate Hotel decided not to hold the annual exhibit this year. The action followed a lengthy discussion of food conditions in the country and the need of an adequate surplus. The vote not to hold the show was unanimous.

To Hold Patriotic Meeting

Plans were made for a farmers' patriotic mass meeting to be held in Mechanicsburg in the near future. No action was taken, but if it finally decided to have the meeting prominent speakers will probably be obtained from State College and the United States Department of Agriculture.

SEEDS READY TO BE DISTRIBUTED

The garden seeds which the National Emergency Food Garden Commission at Washington offered to the people of Harrisburg through the HARRISBURG TELEGRAPH, have been received and turned over to the Harrisburg Benevolent Association for distribution. The seeds are valued at \$100 and are sufficient for planting 50,000 square feet of ground.

Our Bargain

Is all our world upon a counter laid? That is their taunt who say they know us well. Then, like true merchants, let us to our trade: What wares has God to sell? A world at liberty, a path made clear For steadfast justice and enduring peace.

How to Escape Bugs

"Potato bugs do not become really active until we have had several days of deal warm weather," says Jason Woodman, well-known potato authority of Michigan. "Hence, if the season is late and the ground cold, like the season of 1916, potatoes should be planted late. If this is done, there will be little loss from potato bugs," continues Mr. Woodman.

VOLUNTEERS ARE SAMPLE OF WASTE

Reginald Wright Kauffman Points Out Futility of System

The Volunteer Soldier is the greatest example of militant enthusiasm in the world—and the greatest example of waste. Nobody who has been present at one of the battles of the European war can have any doubt of it: the Volunteer System is murder. Write to your Congressman to vote for Universal Service under Federal control and stop that murder.

uct of Germany's system of universal service, "clean up" an entire company of British volunteers—and the volunteers were as brave as their enemies. "I'm an American, and one American is worth ten Germans!" Perhaps; but a hundred American volunteers aren't worth ten trained German soldiers. I know it. Universal service is our one chance of defense. Write to your Congressman and tell him to vote for universal service under Federal control and give us the one thing that will save the United States of America.

Soldiering is now a trade. You run a business; do you want to hire a man trained for that business, or a man that, with all the will in the world, doesn't as yet know how to write an invoice or make out a sales-slip? You're a shoemaker with a rush-order on hand; do you seek help from an experienced journeyman, or go down the street and solicit the first man you meet as a raw apprentice? Under universal service the trained soldier will cost less than the volunteer costs at present, and he'll draw no more pay. This country is your business; then write your Congressman and tell him to vote for universal service and secure us, as soon as may be, a male population one and all trained and equipped to defend it.

that's the volunteer system! Write your Congressman to vote for universal service and stop such injustice. You'll Pay Or you don't go. You won't volunteer. You stick where you are. You love your own business or your own wages better than your country's life. Don't think that lets you out. Under the volunteer system we'll need—all history proves it—six armies where, under universal service, we should have needed only one. They'll be needed to save your business for you—your wages—and each army of volunteers will cost more than the one under universal service would have cost. Each of the six will cost more—and you'll pay for them! You will have to foot the taxes; you will have to settle the bill. Do you know what the stay-at-homes are paying in England to-day because of England's volunteer system? They're "going broke" because of it—big businessmen and little laborers. You will have to "sweat blood" for your volunteers! Write to your Congressman and tell him to vote for universal service and save your savings.

You insure your house against fire; you insure your life against death; why don't you want to insure your family, your income, your existence against the effects of inevitable war? This country is going to fight because its business, its honor, its continuance as a nation—because the safety and well-being of every man, woman and child in America—demands that it go to war and go quickly. Do you want it to be beaten? If you do, help to maintain the volunteer system. If you don't, write to your Congressman and tell him to vote for universal service under federal control and save the country—save you! Reginald Wright Kauffman, of the Vigilantes.

NOW COMES "CIRCUIT RIDER"

The old type of circuit rider in a new guise is coming back. He will return to do church duty in the Spokane country, but will not be known as "circuit rider." He will be "convention pastor" and in place of the saddle horse of his old time model, will use the passenger coaches or

Wife to Blame if Husband Drinks, Says Druggist Brown of Cleveland, Who Tells Wife What To Do

A New Treatment Given Without the Consent or Knowledge of the Drinker

Cleveland, O.—No wife has a right to blame her husband because he drinks, says Druggist Brown of Cleveland. It is her fault if she lets him drink and bring unhappiness and poverty to her home and she has no right to complain. A woman can stop a drinking husband in a few weeks for half what he would spend on liquor, so why waste sympathy on a wife who refuses to do it? Druggist Brown also says the right time to stop the drink habit is at its beginning unless you want drink to deaden the fine sensibilities of the husband you love. Begin with the first whiff of liquor on his breath but do not despair if he has gone from bad to worse until he is rum-soaked through and through. Druggist Brown knows the cure of strong drink because he himself has been a victim. He was rescued from the brink of a drunkard's grave by a loving sister who, after ten years' time, revealed the secret to him. She saved him from drink—rescued him from his own depraved self, by giving him a secret remedy, the formula of an old German chemist. To discharge his debt to her and to help other victims out of the mark and mire, he has made the formula public. Any druggist can put it in the hands of any suffering wife, mother, sister or daughter. Just ask the druggist for prepared Tescum powders and drop a powder twice a day in tea, coffee, milk or any other drink. Soon liquor does not taste the same, the craving for it disappears and so, one more drinker is saved and knows not when or why he lost the taste for drink.

Wife to Blame if Husband Drinks, Says Druggist Brown of Cleveland, Who Tells Wife What To Do

Note.—Tescum, referred to above, should be used only when it is desirable to destroy all taste for alcoholic drinks of every kind. The wife who approves of drinking in moderation and believes her husband safe should give it only when she sees, as most do in mine, that the danger line is near. Since this formula has been made public J. Nelson Clark, and other druggists have filled it repeatedly.
