### SPECULATIVE ISSUES **DEVELOP STRENGTH**

Sugars, Oils, Shippings and Semi-war Descriptions Are Features; Eleven-Point Gain For Cuban-American Sugar Is Day's High Water Mark

New York, April 14. — Speculative issues, notably sugars, oils, shippings and other semi-war descriptions, were the strong features of to-days market with more moderate strength in munitions and equipments. Cuban-American Sugar was conspicuous for its 11 point gain, this being counterbalanced by a break of 9½ in People's Gas on the cut in the dividend. Other gas shares fell in sympathy. Consolidated Gas losing over 3 points.

U. S. Steel made an extreme advance of 1¼ points with 1 to 2 for General Electric, U. S. Rubber, Goodrich and Wilson Packing. Rails and coppers were neglected. The closing was strong. Sales were estimated at 250,000 shares. Bonds were irregular.

### Don't Sell Your United Magma

The action of the market was only to be expected. Apparently determined efforts have been made by large short interests to break United Magma.

DON'T let the trying times of the present frighten you into liquidating. DON'T put up your United Magma as collateral for the pur-chase of other stocks.

DON'T forget United Magma bins Magma Copper. When the resent plan of diamond drilling is carried out I believe the char-acter and quantity of the ore found should give the United Magma great market activity.

### At Bellevue Park

Every Lot Is a Plot -- A Real Garden Plot

The smallest lot in Bellevue Park contains 5,000 sq. ft., while many of them have 25,000 and more sq. ft.

Mr. J. Horace McFarland says: "There are plenty of good reasons why I like to live in Bellevue Park, particularly now when potatoes cost more than oranges.

"For about the same price that a man would have to pay for an ordinary 20 or 25-foot front lot, with a trifling little yard shaded by gloomy board fences, it is possible to obtain at Bellevue Park a lot large enough to grow a great part of the egetables required by an ordinary family.
