FUNDS NEEDED BY ASSOCIATED AIDS

\$4,000 Must Be Raised Until August to Carry on Work Properly

Secretary John Yates, of the Associated Aid Society, made an appeal this morning for funds to aid in the work of caring for the widows, deserted wives, neglected and crippled children, tuberculosis victims and others dependent on the society for support. Mr. Yates stated this morning that he must raise \$4,000 before he leaves the city in August. This amount will care for the dependents of the society until that time and give the new secretary a month's funds to work upon.

The appeal for funds is made especially for neglected children. Many of these are victims of infantile paralysis and would be hopeless cripples, but for the aid of the society. They are sent to Philadelphia at intervals for treatment, which is rendered practically free by the hospitals and doctors there.

Funds are also needed to care for neglected children, who the society supports by placing them in homes and paying their board. Dr. Yates stated this morning that owing to the high cost of living the society has to pay from \$2.50 to \$5 per week for the care of such children, and that \$1,000 was needed for this work alone. There are twelve pensioned families on the list of the society's present time, and to keep these families adequately more funds are needed. The majority of the families are left without support because of the husband and father being a victim of tuberculosis.

Wilson Norris. The committee in charge of the arrangements included: Carl B. Ely, Henderson Gilbert, Vance C. McCormick, Frank A. Robbins, Jr., George Comstock and Henry B. Bent.
