...YCUM TO ENLIST IN RED CROSS

[Continued From First Page]

clerical force at headquarters expect to have the complete list of members to date ready for publication to-morrow, and each day thereafter during the campaign will compile the names of new members.

Ambulance Shows Strides

The big membership recording sign showing an ambulance on a track marked off in figures up to 5,000, which was made by Technical High School boys, was erected this morning over the display window of the Red Cross headquarters by a force of Tech boys under the direction of Prof. H. B. Shreiner. Another sign will be placed on the old Commonwealth Hotel building later in the week. These are the Tech boys who made the signs and put up the one this morning:

Elwood Mell, Martin Miller, Nevin Seibert, Robert Runk, George Paxton, Thomas Sutcliffe, Harry Peiffer, Earl Phillipelli, Ross Reed, Harry Sallade, William Pleam, Alton Rhoads and Maurice Olenick.

Efficient Clerical Force

A highly efficient and thoroughly organized clerical force took possession of the office of the local chapter at headquarters this morning and will be on the job morning, afternoon and evening during the campaign. Each day will be divided into three periods with members of the campaign committee in charge. Mrs. James I. Chamberlian was office director this morning and will be again this evening from 7 to 9 o'clock. This afternoon Croll Keller had charge of the office. To-morrow morning Mrs. Philip T. Meredith presides over the clerical force; Mrs. George Kunkel in the afternoon, and Mrs. Samuel Friedman in the evening. Wednesday morning the office will be in charge of Mrs. Eleanora Shunk. In the afternoon and evening Mrs. George B. Kunkel and Mrs. J. C. Choate will act as managers, respectively.

Thousands of Posters

Thousands of posters are in every section of the city heralding the advent of the Red Cross cohorts in their quest for members. Two hundred Boy Scouts are assisting a force of men from the Harrisburg Poster Advertising Company in placing the big posters.

The first few days of the campaign will be given over to advertising—a very intensive kind of advertising—so that every man, woman and child in the city will know just what is expected of one when the Red Cross canvasser appears.

"Every resident of Harrisburg is wanted as a member of the Red Cross," Mrs. Lyman D. Gilbert declared this morning when the campaign started.

"You have heard the call. Will you answer it? Join the Red Cross to-day and do your duty to your country and to the cause of world democracy."

The following is a partial list of members enrolled in the Harrisburg Chapter of the American Red Cross Society up to to-day. The complete enrollment to date will be published as soon as the clerical force at the Red Cross headquarters is able to compile the names:

Cataarh Is Dangerous

To be able to breath freely, hear plainly, smell, taste and arise in the morning refreshed and strong with head and throat clear and free from phlegm are conditions that make life worth while.

No victim of catarrh can enjoy life as they should. The effects of this ravaging, disgusting disease are too plainly felt and yet, few people realize what a serious disease catarrh really is.

It is more than a trifling ailment, more than a passing discomfort; catarrh is a dangerous condition. It may lead to many distressing complications such as clogged nostrils, dropping in the throat, a constant disagreeable taste in the mouth, loss of hearing, dull headaches or perhaps consumption.

Left to itself catarrh slowly and surely undermines the general health. Being a disease of the blood it should be treated through the blood to secure results. Sprays, inhalers, and ointments can never cure catarrh.

Below we print an old-fashioned recipe that can be made up in your own home for a few cents and which has been used with good results in cases of catarrh.

Go to any drug store and get an ounce of parmint, about 75c worth. Take it home and put it into a syrup of ¼ pint of hot water and four ounces of granulated sugar. Take a tablespoonful four times a day.

The recipe has proved successful in many cases because it acts upon the blood and mucous membrane and tends to correct the trouble in the proper way. If the blood can be made pure your catarrh will speedily vanish. Anyone who has catarrh in any form should give this simple recipe a trial.—Advertisement.

Says Nervous People Should Read Testimony

Many People Gladly Tell About Benefits Derived From Cadomene Tablets

Interesting, Sensational Facts

A Rheumatic Convalescent writes:

Oct. 9, 1916.

Gentlemen: — Last September I was taken with what the doctor called Rheumatism. I tried to cure myself with all kinds of Rheumatic Medicines, but they did no good. I got a doctor and he came all last winter and by the first of June I was able to get about after a fashion. I saw about that time an advertisement in the Boston Globe of Cadomene Tablets, and it read just about like I felt—except the pain—and I decided to try it. I took one tablet after each meal for a week with the Rheumatic Medicine and then stopped the latter and just took the Cadomene Tablets and I have gotten well. I am now on my sixth tube. People stop me on the street and want to know what I got hold of to make me look so well. I always tell them "Cadomene." There are several taking Cadomene now in Needham and it is doing good for all.

Respectfully yours,
Peter Krauther,
839 Highland Ave., Needham, Mass.

Oct. 21, 1916.

Dear Sir:—I am now on my fourth box of Cadomene Nerve Tablets and I like them very much, etc.

Respectfully,
J. M. Cain, R. 3, Box 38, Atlanta, Ga.

Dec. 2, 1916.

Dear Sir:—Having used several boxes of your Cadomene Tablets, thought I would write and let you know I have received great benefit from them. Your ad. in our paper is a good thing and I hope you will keep it up, etc.

Yours truly,
Frank J. Murphy,
3822 Foster St., Pittsburg, Pa.

Note.—Thousands have been benefited and cured by Cadomene Tablets when all else failed. They are the prescription of a great physician for nervous ill-health and the manufacturers guarantee every package satisfactory or money back. Sold by all druggists.

Instantly! Corns Stop Hurting! Corns Loosen and Lift Out

No pain! Few drops loosen corns and calluses so they fall off—Never let corns ache twice—No humbug!

For a few cents you can get a small bottle of the magic drug freezone recently discovered by a Cincinnati man.

Just ask at any drug store for a small bottle of freezone. Apply a few drops upon a tender, aching corn or callus and instantly all soreness disappears and shortly you will find the corn or callus so loose that you lift it off with the fingers.

Just think! Not one bit of pain before applying freezone or afterwards. It doesn't even irritate the surrounding skin.

Hard corns, soft corns, or corns between the toes, also hardened calluses on bottom of feet shrivel up and fall off without hurting a particle. It is almost magical. Freezone is a scientific compound made from ether, says a well-known druggist here, and the genuine is always sold in these little bottles packed in a round, wood case. Don't accept it unless in a round, wood case.—Advertisement.

Big Things Coming

Increasing probability of the opening of important operations between Soissons and Rheims and in the Western Champagne is indicated by the German official report that "infantry fighting developed this morning over wide sectors" after heavy artillery firing and reconnoitering drives.

The severity of the fighting accompanying the German counter attack yesterday on a six-mile front on both sides of the Bapaume-Cambrai road is emphasized by to-day's German headquarters statement. It announces the capture of 475 prisoners and 15 machine guns from the British and the destruction of 22 British guns which had been captured by the Germans but apparently could not be taken with them when they were driven off.

According to reports brought to Amsterdam by travelers from Germany, a general strike began in Berlin this morning, accompanied by rioting.

Germany Declares Line Not Pierced By British

Amsterdam, April 16.—via London—It is asserted in a dispatch received here from Berlin that villages in the Arras region which the British official statement of April 14 reported captured were villages and pieces of ground which the Germans had voluntarily evacuated several days previously.

"The English press," says the dispatch, "is circulating reports regarding the piercing of the Hindenburg line. The English attempt to break through was directed, however, against old positions held since 1915 and despite local successes it has completely and finally failed."

Fall of St. Quentin and Lens to Haig's Army Only Matters of Hours

By Associated Press

London, April 16.—Although British partols have been in the streets of Lens and General Haig's men are in the outskirts of St. Quentin, the fall of neither of these towns has as yet been officially announced.

The Germans, it is apparent, have sent in their reserves, and are making a desperate defense to enable their engineers to complete the destruction of the mines and factories of Lens, which might have been useful to the allies.

Despite the fact that all along the line between Lens and St. Quentin the German resistance has stiffened, General Haig reports to-day the capture of Villeret, which straightens his line northwest of St. Quentin, and announces further progress to the northwest of Lens. Counterattacks which the Germans have launched at Monchy and Lagniecourt suggest that the British are approaching dangerously near the new German line which, according to unofficial accounts the Germans had not had time to complete before the British offensive was launched.

French Penetrate the Second German Line

Paris, April 16.—The French penetrated the German second line last night at several points in Alsace. The war office reports that great numbers of German dead were found in the trenches which had been torn up by the French shell fire.

Prisoners and booty were brought back by the French. Further gains were made by French troops south of the Oise.

There was heavy artillery fighting during the night in Alsace, Lorraine, the Champagne, in the region of Soissons and Rheims and south of the Oise. Between Soissons and Rheims the shell fire was particularly severe.

PATRIOTIC LINE HOURS TO PASS

thunderous outbursts of patriotism—that is what will happen in Harrisburg next Saturday when she gives its pledge of olyalty to the Nation.

To-night at 7.30 o'clock in the courthouse representatives of all the organizations that will be in the procession will attend the meeting of the general patriotic committee. Captain E. Laubenstein, the chief marshal, and his staff earnestly request every one to have their plans in writing so as to expedite business and to allow plenty of time for giving final instructions. The committee must know the number of marchers in each unit and whether it will have a band. Assignment of positions, starting points and other important details will be decided.

3,000 in R. R. Division

Practically every organization in the city has promised to take part in the parade. Fire companies, railroad societies, Bible classes, high school students, fraternal orders, business and industrial organizations, Boy Scouts, patriotic clubs and veterans' associations will participate.

The railroad division will have 3,000 men in line with five bands. This division will be headed by twenty-five uniformed railroad policemen. Bands from Allentown, Reading, Tyrone, Altoona, Carlisle, Mechanicsburg, Huntingdon, Lancaster and many other cities will be in the parade. Every marcher will carry an American flag and there will be many bearing the colors of the allies. The Friendship and Co-operative Club for railroad men wil be represented by over 200 men, with the Middle Division Band of Altoona.

To Have Two Bands

The First City Zouaves, City Grays' Veteran Association, will wear dark clothes, canes and white gloves. They will march to the tune of old-time martial music.

Capitol Hill employes will have the Eighth Regiment Band and the Carlisle Indian Band. The State Health Department is planning to establish emergency stations along the route of the procesion, with trained nurses in charge of each.

Harry Boyer has been appointed marshal of the Knights of Pythias Lodges.

It is probable that all of the bars in the city wil bel closed during the parade, following the example set by the Liquor League of Reading last Saturday when the cit yheld a great patriotic demonstration.

MAY HAVE SMALLPOX

Lemoyne, Pa., April 16.—Because Howard File shows symptoms of smallpox his home has been quarantined by Lemoyne and State Department of Health officers. The borough schools were closed for fumigation. Two children of the family attended.

TO ADDRESS SOCIETY

Members of the Telephone Society of Harrisburg will be addressed to-night by J. W. Hubbell, engineer of equipment and buildings, Philadelphia, on "The Organization and Purpose of the Signal Reserve Corps." The meeting will be held at Board of Trade Hall.

complete in Harrisburg within the next eighteen months.

For Outbound Business

This station is for outbound business. Other buildings will be completed as soon as possible. The opening to-day was an auspicious one. Employes to the number of thirty-five with Chief Clerk James B. Kautz, Jr., and his clerical forces were on hand early and when the 7 o'clock whistle blew Mr. Nixon gave the order and twenty-two steel roll doors were opened simultaneously. With the completion of the new freight facilities the old frame buildings that have done service for a half-century will be torn down to make room for additional tracks.

The first shipment through the new outbound station was made by Evans-Burtnett Company. This firm delivered for shipment soon after the new station opened three bags of sugar, consigned to P. Fickes, Newport.

When arrested they were acting suspiciously and had several unexplained letters on their persons.

The women have been soliciting funds in Harrisburg for several days and had asked helf from the Associated Aid Societies. They gave several conflicting stories. They claim they have a brother in Carranza's army and their home is in Mexico City.

AUSTRIA SEEKS RUSSIAN PEACE

Vienna Sends Semiofficial Note to Catch New Government

By Associated Press

Paris, April 16. — A semiofficial statement has been issued in Vienna declaring that Austria desires peace with the Russian people and that there is no real obstacle to this aim, according to a Zurich dispatch to the radio agency. The dispatch quotes a statement issued by a semiofficial press bureau in Vienna in which it is said that the Austro-Hungarian monarchy has taken note of the recent declaration of the Russian provisional government that it does not seek foreign territory, but desired a durable peace founded on the rights of peoples to dispose of themselves. The statement says that the Austro-Hungarian government is inspired by the same desire and continues:

"Therefore, both having common ends, it is not difficult to find means of arriving at accord. This is much less difficult since His Majesty, the Emperor of Austria and King of Hungary, in perfect union with his allied monarchs, wishes to live in future peace and friendship with the Russian people."

MORE STRENGTH FOR FEEBLE OLD PEOPLE

If all the old people in Harrisburg realized what Vinol will do for them, we would not be able to get enough of it to supply the demand. We quote from a recent letter received from Mrs. A. E. Carson of Kingston, N. Y.

She says:—"I am 69 years of age, and had been ailing for a long time with indigestion. I got run-down, was weak, dizzy and could not sleep at night. I consulted two doctors who said I had hardening of the arteries and at my age could not expect to be strong again. My daughter would give me no peace until I tried Vinol, as it had done so much for her. I have taken five bottles and my health and strength have come back, so I am able to do all the housework for my family of four, and I am recommending Vinol to all my friends."

The reason Vinol is so beneficial to old people is because it contains the very elements needed to replace declining strength with renewed vigor, viz.: beef and cod liver peptones, iron and manganese peptonates, glycerophosphates, and a mild tonic wine.
