

WILL ADVERTISE SOON FOR BIDS

[Continued From First Page] of the planting of the slopes this year. When the ripraping is completed this can be rushed and with the exception of final action on the Hardscrabble stretch, the river front park improvements to MacLay street will be practically complete.

To Plant Many Vines
Thousands of matrimony vines are to be planted in the next few days on the slopes between Market and Herr streets, to fill up the bare spots there. Grading of the roadway at Walnut street, leading to the "front-steps" is to be started soon also. Other work in the river park includes planting of shrubs and seeding at Mulberry street, under the archway of the new Cumberland Valley railroad bridge.

New Roadway
Because of the increasing popularity of the summer camp at McCormick's

Island a new roadway has been constructed on the shore leading to the ferry landing. This was done to eliminate the steep grade so that teams can approach more easily. To add to the beauty of this short roadway 1,000 Rose of Sharon plants are being planted along the edges and slopes.

Seeding Lawns
Seeding and fertilizing of all lawns in River park, Reservoir and Cameron park has been started. Flowers will be placed to-morrow in the large circular bed at the entrance to Reservoir Park at Twenty-first and Market streets.

As soon as all the debris has been removed from the island grading and seeding will be started. Park officials are busy now having the 250-yard straightway and the quarter-mile track put in shape. At present only the sixth-mile stretch is in use.

All parkway drives in Wildwood, Cameron and Reservoir are now open. As soon as repairs are finished the Cameron Extension driveway will be opened also.

NO NEW TROOPS IN STATE POLICE

Additional Men Will Be Absorbed by the Four Existing Organizations

There will be no new troops of the State Police created as a result of the enactment of the law permitting an increase of the force by 192 men. Instead Superintendent John C. Groome has figured out a way where by each troop will absorb 25 men or so. This will save the State considerable money not only in the avoidance of outlay for new barracks and stables which would have been necessary if new troops had been created, but in the pay of a captain, sergeants and other officers as well as overhead charges.

Major Groome is quietly getting the men together for the addition to the force and a number of examinations will be held here. Each man is picked with care and the course of preliminary training is pretty stiff. In spite of the war preparations there have been numerous applications and the very high standard of the four troops will be maintained.

Reports that George F. Lumb, the deputy superintendent, will leave the

State service to go to New York are incorrect.

Mine Code Out.—The anthracite mine code was reported to the House to-day with all the amendments. The bill will be printed.

To Have Hearing.—The Showalter garnishee bill was sent to committee in the House to-day. A hearing will be held.

Rea on Duty.—George H. Rea, the apriary adviser of the Department of Agriculture, has reported for duty. He will assist in demonstrations.

No Action on Thaw.—Attorney General Brown has not yet given an opinion to Governor Brumbaugh in the Thaw case. It may be disposed of next week.

Congressman Here.—Congressman S. C. Forter, of Pittsburgh, was among visitors to the Capitol.

Supervisor's Status Defined.—Deputy Attorney General Kun to-day gave an opinion to Superintendent of Public Printing and Binding Long to the effect that there was no authority for publishing as a State document of the report of the State supervisor of mothers' pensions. The supervisor, who is Miss Helen Glenn, made a report to the Governor and the Legislature, but Mr. Kun says that he can find no provision in the law that the supervisor shall make a report to the Governor and the Legislature and that on the contrary the supervisor is to report annually to the State Board of Education. It is also held that the supervisor can not be considered as the head of an executive department of the State government, as the act specifies that the supervisor shall act "as a general field organizer."

To Prepare Resolution.—Immediate steps to prepare the proposed presidential suffrage amendment to the Constitution are to be taken by the committee of the State Woman Suffrage Association. It is probable

that the resolution will be completed and considered at a meeting to be held here next week.

Commission Expires.—The commission of Dr. Nathan C. Schaeffer, State superintendent of public instruction, expired on April 1. It is expected that he will be reappointed.

Guard Appointments.—The following appointments as first lieutenants in the National Guard were made to-day: Joseph Clifford Mendenhall, Jr., Norristown, Company F, Sixth Infantry, and Ivan D. Loy, Hamburg, Company E, Fourth Infantry.

Merges Approved.—The Public Service Commission to-day announced approval of the application of the Reading Transit and Light Company to purchase stock of a number of railway and light companies in Berks and Lebanon counties and of the Bucks County Interurban Railway Company to purchase the stock of the Trenton City Bridge Company and the Pennsylvania-New Jersey Electric Company. The commission issued a statement that it did not take action with reference to rate making valuations in any of the cases.

Gross and Health Bureau Confer on Ash Complaints

Commissioner Gross this afternoon met with the Health Bureau on penalizing the Pennsylvania Reduction Company for failure to make regular collections of ashes. So far more than 200 post card complaints have been received by the Health Department, and Commissioner Gross asked this afternoon that for each complaint a penalty of \$5 should be imposed.

Action on the proposed survey of ash and garbage collection will be taken in Council next Tuesday. An informal meeting may be held on Monday to consider the proposals which were presented on Tuesday by Commissioner Gross.

MARRIAGE NO BAR IF MEN HAVE MEANS

[Continued From First Page]

upon the government if the men are called into active service, "you are advised that the discharge of men solely because of the fact that they are married or have families is not authorized."

"When a man's means are ample for the support of his family in his absence or where his business can be so conducted in his absence as to afford a means of support for his family, discharge should not be granted," says the letter. "The object of discharging men as provided in the circular letter is to avoid working a hardship upon dependent members of their families and to obviate the necessity of payment of benefits to such members while the soldier is in federal service."

Adjutant General Stewart to-day received a letter from the Department of the East that the Secretary of War had directed that no more resignations of National Guard officers "be forwarded unless exceptionally good reasons are given."

There have been a number of resignations lately, but few more are likely to be approved.

Orders also came to-day that all regular army officers and officers of the National Guard organizations in Federal service must wear their uniforms.

TO ENTERTAIN CLUB
More than 150 members of the Harrisburg Republican Club will be the guests to-night of City Treasurer Harry F. Oves at a big shad dinner. No program has been arranged, but it is probable that the affair will be featured by a patriotic demonstration. Action may

This to Happen

Washington, April 19.—Here is what will happen when the Draft Hill, reported to the Senate, becomes a law:

1. The President will designate by proclamation a day of registration, the voting precinct being used as the smallest unit for enrollment. The Governors of the various States will be asked to have the Sheriffs of the counties appoint registers to take the names of all males between the ages of nineteen and twenty-five. Those who refuse to enroll will be arrested.

2. The State officers will exempt from military service "persons engaged in industries, including agricultural, found to be necessary to the maintenance of the military establishment or the effective operation of the military forces, or the maintenance of national interests during the emergency."

3. Those not exempted will be reported to the War Department, which will make further exemptions.

4. It is estimated that by August 1 the 500,000 men desired will be in training camps. In the meantime the Government must provide equipment for the recruits.

5. It is estimated that the registration will result in an enrollment of 7,000,000, and about 40 per cent. of this number will be weeded out on account of physical disabilities. The 500,000 to be selected from the remaining 60 per cent. will be chosen by lot.

be taken to further plans of the club for the patriotic parade to be held on Saturday.

Saturday Patriotic Day

The Globe Will Close at 12.30 o'clock noon and will not open until Monday Morning
We will be open Friday evening until 10 o'clock

May we ask you to do your shopping as early as possible to-day, to-morrow and Saturday morning; as our entire store force will participate in the Great Patriotic Celebration.

THE GLOBE
The Big Friendly Store

Continuing The Special Offering of Women's Spring Coats

at \$25
\$30 and \$35 Values

So readily did Harrisburg women recognize the exceptional value in these coats, that the initial showing left the first line somewhat depleted.

We anticipated this—reinforcements—the remainder of this purchase—which was delayed in transit—were rushed up to fill the ranks.

Like the original lot the newcomers embody all the latest style notes and with the season practically just begun, this offering will indeed be doubly welcome.

THE GLOBE
"Ladies' Coat Salon"

"The Live Store"

This Store will be closed at 12:30 noon Saturday--and remain closed until Monday--Open Friday Night--

"Always Reliable"

Refuge Under This Flag

True Patriotism

- Deeds, not words, reveal the true spirit of patriotism.
- Let us be doers, not talkers, and remember that in excitement it is easy to be bold, but there is more value in the contribution of calm, steadfast loyalty and the doing of homely and seemingly insignificant things willingly and well.
- Each and every one has his and her obligation; if it be no more than going about the daily task with a brave heart, a cool head, a smiling face and willing hands.
- We are none so strong and brave but what we need a little praise, recognition, approval and appreciation, when deserved are spurs that help us on to greater effort.

SERVICE IS THE WATCHWORD HERE

and always will be—it is our chief aim to serve you "best" at all times—our policy is represented in the square-dealing and honest representation that prevails here—Making this a safe store to trade in—through the "united efforts" of you and your friends.

May we have your co-operation in making your purchases tomorrow and Saturday. We hope that the procession that moves through this beloved city will be a memorable occasion for the true patriotism that exists in Harrisburg.

This organization will be headed by the Third Brigade Band, of Pottsville, in Saturday's public spirit parade.
