## GERMAN FLAG HAULED DOWN

Waynesboro Officers Order Resident to Remove Objectionable Emblem

Waynesboro, Pa., April 19.—There was some excitement and not a few expressions in uncomplimentary terms, when it was learned that a German flag had been swung to the breeze in the rear of the residence of D. K. Harbaugh. The German flag had not been there very long before a State policeman and borough officers were notified, and they lost no time in waiting on the party in question and it was soon hauled down.

The flag was flying in the garden of D. K. Harbaugh's home, and when Chief of Police Staley went to the home to take it down he was told by Mrs. Harbaugh that she had put the flag up to frighten the birds from off her garden. The British and Japanese flags were also flying from staffs at the home of the Harbaughs, but no stars and stripes.

Since the virtues of phelacine as a hair remover became generally known, druggists in this country have been having a really extraordinary demand for this remarkable product. The fact that it actually removes the roots—before one's very eyes—as well as the surface hairs, is of course mainly responsible for its large and increasing sale. The new method is not to be compared at all with the usual depilatory, electrical or other processes. It is entirely safe, non-irritating, non-poisonous, odorless—and instantaneous! A stick of phelacine, used in accordance with the simple directions, non-toxic company it, can be purchased anywhere on a money-back basis, so certain is it to satisfy and delight the user.—Advertisement.
