

SCHOOL BOARD TO NAME ARCHITECT

Expect W. B. Ittner, Who Was Recommended, Will Be Selected Tomorrow

Selection of an architect to design Harrisburg's new high schools will be the one big question up for discussion at the meeting of the School Board tomorrow.

Two months ago a special committee including members of the Board and part of a citizens' advisory committee, recommended the appointment of William B. Ittner, of St. Louis, who is known throughout the entire country as one of the best school architects. The recommendation was not approved and since that time the question has been hanging fire.

It is expected the special committee will again submit a report at tomorrow's session as A. Carson Stamm, president of the Board, and chairman of the committee, has returned to the city.

FALLS DOWN SHAFT

Benjamin Snyder, 231 Strawberry street, fell down the elevator shaft of the Ensminger furniture store late this morning. His left leg was broken in two places. He was taken to the Harrisburg Hospital.

PURCHASES CALDER PROPERTY

L. A. Hetrick, of Hetrick & Geistwhite, to-day purchased the property at 607-609 North Front street extending back to Buttonwood street, from Mrs. Mary K. Calder Mains. The property was owned originally by William Calder, later part of the estate and then coming to Mrs. Mains. Mr. Hetrick announced that no changes in the property are contemplated for the present.

solonian Country Club Members Give Lots For Planting of Gardens

The Colonial Country Club, responsive to the appeal of Governor Brumbaugh for general planting, has induced those members who purchased lots from the country club along the Jonestown road, which were originally part of the club property, to enter into an arrangement with Irvin E. Miller, who is a farmer living near the club, to cultivate a tract of fifty acres on a share basis, the club and Mr. Miller dividing the cost of the seed. He will plant potatoes and sweet corn.

There are thirty-two lots representing a tract of 800 feet on the Jonestown road, with a depth of 150 feet. The club will also have Mr. Miller plant corn on a triangular piece containing about 3,000 feet between the tennis courts and the ninth hole of the golf course.

PERFECT PLANS FOR BIG PARADE

Allied Inspectors in Line
Twenty-five steel inspectors from England and France have reported to Secretary W. I. Laubenstein that they will be in line with the steel and iron workers.

The committee has limited the size of banners designating the organizations in the procession to a width of four feet. No advertising matter will be permitted. The committee also ruled against the display of advertising matter.

The marchers will form in columns of eight so as to make the procession as compact as possible. Fire apparatus will proceed in double formation, as will the automobiles carrying the Grand Army soldiers.

Governor to March Too
The employees of Capitol Hill will have a special division in the patriotic parade on Saturday and the Patriotic Committee announced after a meeting yesterday that music for the division will be furnished by the Scotland Industrial School Band. A detachment of State policemen and Capitol guards will head the delegation. Both the State and American flags will be carried in the lead and every man in line will carry a small American flag. Governor Brumbaugh has refused the offer of an automobile and will march over the entire route.

The employees of the Harrisburg office of the State Workmen's Insurance Fund, although not on the hill, will enter with the Capitol Hill delegation in the parade. The employees of this office have made an excellent record

Says Pile Remedy Worth \$100.00 a Box

I have had itching piles ever since my earliest recollection and have tried many remedies and doctors, but no cure. About a year ago I saw your ad for Peterson's Ointment. The first application stopped all itching, and in three days all soreness. I have only used one 25c box and consider I am cured, not feeling any return of the trouble for 8 weeks. You have my grateful heartfelt thanks, and may everyone that has this trouble see this and give your ointment, that is worth a hundred dollars or more a box, a trial. Sincerely yours, A. Newth, Columbus, Ohio.

Acid Stomachs Are Dangerous

Tells Common Sense Way to Treat Indigestion

Medical authorities claim that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning gas, etc., are due to an excess of hydrochloric acid in the stomach. "Acid" stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by dangerous gastric troubles.

Ordinary stomach medicines or "after-dinner pills" that act only on the stomach walls or lining or artificially digest and force the acid food contents from the stomach to the intestines are inadequate in such cases, for they leave the source of the trouble, the excess acid in the stomach, as dangerous as ever.

Such cases are well treated by the use of a simple antacid and astringent which will act upon the stomach contents, neutralize the acidity of the food and tend to prevent the further excessive formation of acid. There is an excellent treatment for this purpose, namely a teaspoonful of ordinary bisulphate of magnesia taken in a little hot or cold water after eating. Sufferers from acid indigestion, sour stomach and heartburn should get a small bottle of Bisulphate of Magnesia (either powder or tablets—see leaflet) from George A. Gorges or any good druggist. It is a simple, safe and distress ordinarily caused by their food will be avoided. If the above directions are followed.—Advertisement.

In Red Cross work, nearly every one being subscribing members. Members of the United Spanish War Veterans will meet in regular session to-night and final plans will be made for the organization entering the patriotic parade on Saturday. This organization was one of the first to suggest the parade and will have a big delegation in line.

Scarcity of Flags

Commander Edward Dapp, of the United Spanish War Veterans, announced yesterday that the demand for flags has been so great that there is a scarcity of them here and that the price has soared considerably. He said that he has telegrams awaiting answers from out of town dealers, to fill orders, and that he thought his chance of having them filled were very slim. That "scalpers" are busy here is evident by the fact that flags that could be purchased a week ago for 20 cents have now been raised to 50 cents.

ROUTE OF PARADE

Parade will move promptly at 2 o'clock from Front and Market streets, with signal from Courthouse bell, over the following route:

- Market to Fourth.
- To Sixth.
- To Seneca.
- To Third.
- To Hamilton.
- To Second.
- To Chestnut.

On arrival at Second and Chestnut streets, each division marshal will dismiss his division in the following manner:

Those organizations having their place of meeting east of Second street will march out Chestnut and north on Third or Fourth far enough uptown before dismissing so as to not block-ade Chestnut street.

Those organizations having their place of meeting west of Second street, will march out Chestnut to Front, then north or south on Front and will not dismiss until they are far enough away from Chesnut street so as to prevent a blockade.

In this manner, the entire parade will cover the entire route.

The chief marshal and his staff will review parade from west side of Market Square, above Market street.

By order CAPTAIN E. LAUBENSTEIN, Chief Marshal.

Attest: FRANCIS H. HOY, JR., Chief of Staff.

HOUSE WOULD TRY VOLUNTEER SYSTEM FOR WAR PURPOSES

Washington, April 19.—The action of the House Committee in striking out today the provision for selective conscription in the administration army bill was a straight-out decision for the principle of a volunteer system first of all, applying both as to filling up the ranks of the regular army, the National Guard and the raising of the new army. The bill, however, is before the Senate with the conscription clause in it.

When the volunteer system falls to provide sufficient numbers of men the President would have authority to resort at once to selective conscription.

Chairman Dent made this statement: "The committee agreed to put in the bill provisions for a call for 500,000 volunteers in the first instance and for 500,000 more if the President wants them, the number in each case contemplated in the administration bill for conscription."

No Age Limit Yet
"The committee has not yet fixed the military age but it probably will be between 21 and 40, instead of the 19 year measure. The President is authorized to proceed with the enrollment and registration of men between the volunteer or draft systems. But meanwhile the volunteer system will have been in operation and the volunteers will be coming into the service in large numbers. Of course on the final analysis he hereby authorized to call for 500,000 volunteers under and in accordance with the act of Congress, approved April 25, 1914 (the army reorganization act)."

Call For 500,000
"That the President be and he is hereby authorized to call for 500,000 volunteers under and in accordance with the act of Congress, approved April 25, 1914 (the army reorganization act)."

"That in the event it becomes necessary to raise an additional force of 500,000 men . . . the President be and he is hereby authorized to call such additional force by volunteers in the same manner. Such volunteer army shall be apportioned among the various states and territories and the District of Columbia, according to population, raised in regimental units or parts thereof . . ."

"Provided that such volunteer forces shall be recruited in local units as far as practicable and company officers may be appointed from such units upon passing such reasonable and practical examinations as to fitness as the President may direct."

"And provided, further, that upon the completion of the enrollment and provided in this act and in the event the President decides that such additional force or forces cannot be effectually raised and maintained under the call for volunteers as herein provided, the President be, and he is hereby authorized to raise and organize the same by the selective draft as herein provided."

Prayer Meeting, Says Pastor
In the Woman's Home Companion is an article on the Christian in Society by the Rev. Dr. Charles E. Jefferson, pastor of the Broadway Tabernacle, New York City. Dr. Jefferson says:

"Confusion is sometimes caused by identifying the forms of religion with the essence of it. Religion in society will not wear the same robes which she wears in the Church. She will not in the social world make
