OIL OR PAVING AT LEMOYNE?

Question at Issue Between Property Owners and Borough Council

Lemoine, Pa., April 23.—Regardless of being favored by a majority of the residents of Hummel avenue and Rossmoyne street and members of the board of health, council refuses point blank to give any financial assistance to placing oil on these two streets in an effort to abate the dust, which is becoming unbearable on an afternoon with much automobile traffic.

The Welfare League of Lemoine, represented by a committee went before council at its last meeting to ask assistance and council in a much hurried vote, refused to assist in the oiling proposition, all agreeing that this would delay the paving of Hummel avenue.

Councilman George Leach, who lives in the heart of the dust nuisance in Hummel avenue, said he favored oil as a temporary relief. He also favors paving.

The Welfare League to-night will start petitions in circulation on the two streets to ascertain how many residents will be willing to pay for two applications of oil.

Ickes, William Drapeau Lewis, Clifford Pinchot, Miles Poindexter, Ogden Reid, E. A. Van Valkenburg, Chester Rowell and William Allen White.

FORGED ORDERS FOR NARCOTICS

Druggist Indicted Because of Illegal Sales to Addicts by U. S. Officers

"Positively the worst case that I have ever seen," said Emilie Koos, Federal narcotic expert as he made indictment before United States Commissioner Wolfe this morning against H. Edwin Parson, 1104 North Seventh street. Parson was Harrisburg's first colored druggist. He was arrested by Detective Hyfa Speese who is the only local detective working in co-operation with Koos on what he declares will be a clean-up of the real malefactors, the men who are growing rich on the misfortunes of the drug addicts.

Parson was charged with violation of the Harrison Drug Act which provides a penalty of \$2,000 or five years or both for the infringement of any of the sections. He was confronted with a table littered with falsified narcotic order forms all of them raised in amount and all of them showing that they had been filled. Koos charges that by falsifying these forms Parson was enabled to come into the possession of hundreds of ounces of narcotics which he, of course, would not have to account for on his sales list.

Elderly People Praise Cadomene For Nervous Ill-Health.

Elderly People Praise Cadomene! Sept. 23, 1916. Dear Sir:—I just bought another tube of Cadomene Tablets. My wife and I have used one tube and we find them as you state. My wife had become very nervous, cross and irritable and so had I. I am glad I got the Cadomene as it has made my wife a whole lot better and they have helped me to sleep, as I was so very nervous. We both are getting on in years, although my wife says she is not old, now since using Cadomene, and I believe it too, because she is so lively and not cross as she was. Your Cadomene Tablets surely made us like new. Please send me the right stamp enclosed for Health Book. Respectfully, Hugh Kelsoe, 212 E. Broadway, Muskogee, Okla.

HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try inside-bathing every morning for one week. Before breakfast each day, drink a glass of hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating; it cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleans, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside-bathing will have them both looking and feeling better in every way.—Adv.

CHINESE TROOPS FIGHT IN STREETS DURING REVOLT

Rival Armies Dig Up Streets For Trenches and Barricades

By Associated Press. Cheng Tu, China, April 23.—Fierce fighting has broken out in the streets here between the Sze Chuen and Yunan troops. The outbreak is the climax to the friction between the two parties which has steadily increased since the Yunnanese forces entered Cheng Tu last April. The direct cause of the outbreak was the attempt of the military governor of Sze Chuen, who is a Yunnanese, to disband the provincial troops and strengthen his grip on the province.

The fighting broke out on Wednesday night and continued all next day and night. Many houses were burned and trenches and barricades were constructed by both parties. The British, French and Japanese consuls at much personal risk, have succeeded in arranging an armistice but the situation is still critical. All foreigners are safe so far.
