YOUR "SELLING PROBLEM" may not be so difficult as it appears to be. If you have property to sell, tell about it in an advertisement—and

tell the story just as you would tell it in a personal talk with a caller who sought the facts about it. Your property will then be "in the market," and the possible buyers, a majority of whom are people with whom you could not get in touch by any other means than through advertising—will become interested in your offer, and will want

to investigate it further.
