

HARRISBURG TELEGRAPH A NEWSPAPER FOR THE HOME

Published evenings except Sunday by THE TELEGRAPH PRINTING CO., Telegraph Building, Federal Square.

W. STACKPOLE, Pres. and Editor-in-Chief R. OYSTER, Business Manager, OS M. STEINMETZ, Managing Editor.

Member American Newspaper Publishers Association, Bureau of Circulation and Pennsylvania Associated Dailies.

Eastern office: Story, Brooks, Finley, Fifth Avenue Building, New York City.

Interested at the Post Office in Harrisburg, Pa., as second class matter.

By carrier, ten cents a week; by mail, \$5.00 a year in advance.

TUESDAY EVENING, APRIL 24.

The world is given as the prize for the men in earnest; and that which is true of this world is truer still of the world to come.—F.W. Robertson.

PROTECTING THE RIVER FRONT

CITY COMMISSIONER GROSS is quoted in an interview as having determined to lose no time in the rapping of the River Front from Hardacre to Maclay street.

While labor scarcity has entered somewhat into the outside work of this year, there are many men too old for military service who are available for this work.

IN THE STATE'S SERVICE

THROUGH the organization of the Committee of Public Safety for the Commonwealth, Governor Brumbaugh and all associated with him in this patriotic work expect that much will be accomplished in the way of conserving the resources of Pennsylvania and providing for the unusual demands growing out of the mobilization of the nation's armies.

When these committees shall have been fully organized there will be at least 10,000 citizens co-operating with one end in view, thus avoiding with one motion and waste through separate agencies such as were proposed in the beginning of the work of preparation.

The first meeting of the local committee will be held at the Board of Trade rooms to-morrow, this meeting having been called for the purpose of organization.

Governor Brumbaugh has directed every State department to aid in this work, and through the schools and colleges and the various activities in all communities much will be achieved.

Pennsylvania is a great agricultural State, but the importance of its enormous mineral and industrial resources has in a measure dwarfed the farming community in the average mind.

The Committee of Public Safety will, of course, do everything within its power to organize these forces of the State, but no individual should wait upon any committee to tell him

Politics in Pennsylvania

By the Ex-Committeeman

Legislators and men who follow politics in Pennsylvania who were here last night and to-day were expressing the hope that the agreement reached in the matter of the disbursement of the \$2,000,000 fund for national defense would be extended and that the senatorial leaders and Governor Brumbaugh would get together on some plan whereby the appointments could be considered as the constitution requires and disturbance for the remainder of the Brumbaugh term be avoided.

The fact that the nomination of Daniel F. Lafean, of York, to be State Banking Commissioner was not sent to the Senate last night, was taken to mean that it would be held up until the end of the session, as the Governor did with his recess appointments in 1915.

Men aligned with the Penrose forces were pretty quick last night to reply to the suggestion that adjournment be taken on May 21. It is understood to have come from Vane sources. They contended that if the adjournment were taken, the adjournment would be a matter of a few weeks and the plan to have the Legislature recess from time to time might be abandoned.

The outbreak among Philadelphia legislators who wear the Blue colors last night against the "do-nothing" policy of the session, as they phrased it, and their support given to Governor Brumbaugh was not lost on many observers to-day.

One of the interesting things brought out yesterday by the hearing given Auditor General Powell by the Appropriation Committee, was the statement by Mr. Powell, that the State Treasurer had as much power as the Auditor General. Suggestion of that idea a year ago would have brought forth a protest.

The resignation of O. D. Bleakley as Congressman from the Twelfth district may not be acted upon by the Governor until after the resignation was sent here some ten days ago, but the Governor was not sure whether he had authority to accept or reject the resignation.

War is fought by young men. There is the strength and the virility demanded by the strenuous life of the soldier. It is right that they should step forth to defend the heritage older men have handed down to them.

German sympathizers will note that Hindenburg still continues to "retreat to victory."

"THE FIRST 500,000"

THE New York rush of enlistments for the three months' course at the summer military training camps for officers, following the recent announcement that the camps would open on May 8, would indicate that in the metropolis are many young men between the ages of twenty years nine months and forty-four years who thus express their preference for voluntary enlistment with the assurance of an officer's rank at the end of the three months, to temporary postponement of service followed by conscription at a later date.

Kaiser's Defeat

As the organizing military class in Germany has itself put forward Count Von Reventlow as its spokesman and interpreter to the world in matters relating to the war, it is not surprising that the Kaiser's defeat is being predicted in the Berlin Tages Zeitung that without victory the Kaiser's name cannot stand.

The Dogs' Appeal

Through you, to the men who make your laws—we extend most warmly our appeal. It is not a little chap at home that will help us plead—it's oftenest the little child that best understands our need. There's more than one of us that's gone to some awful torture place, hoping, longing through unold fear and pain, to see some much loved boy's face. Just doleful, blood ones, nameless ones, flesh and blood and bones. Yes, mostly bones, that no one feeds or owns.

Censorship Must Be Sensible

Temporarily the Senate has laid aside the bill which will in effect take up the bill to place the army of the United States on a war footing. The latter is of far greater importance.

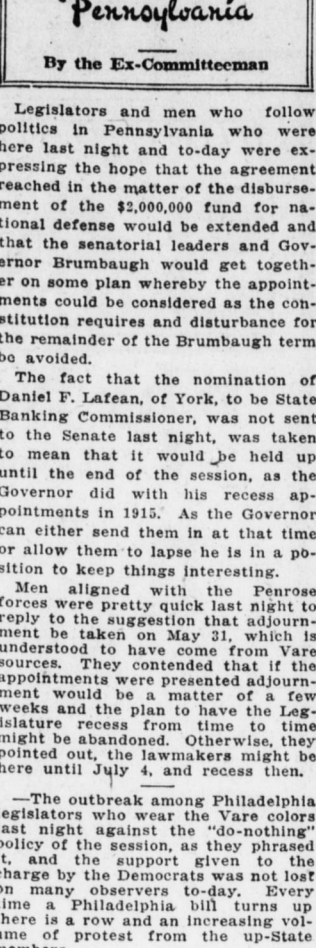

Two "Grand Old Men"

One of the inspiring sights of the parade was the presence of Harrisburg's two grand old men, Theodore B. Klein, 84, and David Dunlap, 87, who marched with the men from the Department of Internal Affairs.

Question of the day

What is the best thing to do since the snow-shoveling season is over? That was some parade; and now for the Fourth of July! Fine growing weather, and we need the crops. Fine growing weather, and we need the crops.

IT HAPPENS IN THE BEST REGULATED FAMILIES

EDITORIAL COMMENT

NOT AS BAD AS NEUTRALITY

With the exception of the first day or two after the event, America's declaration of war has been followed by fewer wild rumors than had been expected.

NEW BAR TO SEX EQUALITY

The offer of many of our capable suffragists to serve at the front in developing some new problems in warfare because almost none of the trenches are set barrel skirt width.

DIFFERENT SET OF MUSCLES, TOO

We assume that if the lawns of our back yards are transformed into vegetable gardens, almost as much healthful exercise may be had in properly caring for the growing foodstuffs as is attained by pushing the lawnmower.

LETTERS TO THE EDITOR

"Marching Through Georgia"

To the Editor of the Telegraph: While everyone is bent on showing his or her patriotism in some way, might it not be well for some of our newspapers to publish the names of the various branches of the army which will be found an equal percentage of men who claim the south as their home.

The Roosevelt Division

If the sight of the American flag and the presence of American soldiers, however few in number, on the battle front in Europe would have a heartening effect upon our allies as a visible sign of our participation in the war, then the government ought without delay to accept Colonel Roosevelt's offer to raise and lead a division of volunteers.

The American Flag

Unfurled her standard to the air, She tore the azure robe of night, And set the stars of glory there. She mingled with its gorgeous dyes The milky baldrick of the skies.

DISCOURAGED

Said a man who was sick, Mr. Proctor: If I don't very shortly get better The calls of this fancy priced Dr. Will make me forester his Dr.

GENEROUS INCLINATION

That man makes himself very disagreeable. Yes, but so many people are permanently unpleasant that I rather admire a person who is only so when he means to be.

HELPFULNESS

Do you laugh when your husband tells funny stories? Oh, yes. He depends a great deal on me to start a giggle and show the rest just where the laugh is due.

WELL KNOWN PEOPLE

Bennett Oliver, son of the Pittsburgh publisher, George T. Oliver, has been accepted for service in the reserve aviation corps.

Evening Chat

It's rather striking the sentiment in favor of aid for the French Republic which is manifested here by people in many walks of life. Governor Brumbaugh's suggestion that the next Thursday, the anniversary of the departure of Lafayette from France to help the American colonies, be observed as a day in the schools has brought out a wealth of gratitude to the nation which is bearing so much of the strain of the war.

Men interested in national defense matters and with whom motoring is a hobby say that there are a good many more motor vehicles in this part of the country which would be offered to the nation than the average man realizes. When you know of a number of owners of fine cars who have let it be known that they will not only give them to the government for use, but will pay the expense of having the cars converted into wagons or trucks, they would be more than worth the touring car," said one man. This is the sort of patriotic action that is worth while.

These are stirring days about M. Gretna, according to the people who have taken rides over in that direction. Hundreds of men have been working on the site of the big mobilization camp of last summer and the tents which have been so extensive that the average man has not seen them since they were last taken down. The rocks have been taken out of the camp and the trails which were called roads have been not only relieved of the canvas but the men who found improved water facilities and the drainage system will be on a far more modernized. The idea of having a camp where conditions seem to have been done away with and it is figured out that they would be more than worth the touring car," said one man. This is the sort of patriotic action that is worth while.

Men who conduct seed stores in this city say that they have had a rather large number of inquiries for navy beans. This is a bean which is noted from one end of the country to the other for its nutritious quality and which has been more plentifully overloved by farmers than any other variety. The demand for the bean is so great that the prices of seed have jumped and the farmers are searching for the bean in many places. Many acres will be set out in the bean in Dauphin and near Gretna and the inquiry is being made for the bean which has been made.

This is the way the Pittsburgh Chronicle-Telegraph talks of the city's big patriotic demonstration a story wired to Pittsburgh on Sunday: "This city on the Susquehanna is setting an example of a non-pure patriotic demonstration. A nation cannot afford to overlook a profit to be made. Situated as it is on the borderland of Continental traditions, it is a city which is a Valley Forge, the Brandywine of a Gettysburg, and not far distant from the Forbes Trail and the history of the nation's struggle. The city is serving notice on the world that its love and devotion to the conceived by Betsy Ross contains the spirit of the nation. It is not the of the elusive and beautiful. The saloons, business houses, bars and the general activities of the city will be discontinued for a few hours—during the time the master parade is forming and moving on."

Representative David Thomas, of Wilkes-Barre, is good news. Thomas has been the sponsor for a bill to restrict the use of frear and got beaten yesterday morning in the House. The bill was wounded had been carried away arose to a question of personal privilege in the House and said: "I have no objection against a man for voting against my bill, and I am glad to see that the bill was carried off my feet."

WELL KNOWN PEOPLE —Bennett Oliver, son of the Pittsburgh publisher, George T. Oliver, has been accepted for service in the reserve aviation corps. —Booth Tarkington, the author of the play "The Man from Downing Street," is being entertained in Philadelphia by the House. —Frank M. Ritter, former service gladiator in the Legislature came here to see the Legislature work. The House sent one of its bills as part of the entertainment. —Judge F. A. Breyer, of Philadelphia, was dined yesterday in honor of thirty years on the bench. —Commissioner of Fisheries Breyer says he has been so busy he has not been able to cast a trout fly this season.

DO YOU KNOW That Harrisburg billing machines are used in the British army?

HISTORIC HARRISBURG John Harris Stockade was first real fortification on the Susquehanna and there is nothing mark the place thereof.

The Gulf Between (Goethe) To act is easy, to think is to be to act according to our thoughts is to be a slave. Every beginning of a new day is a new day of expectation. The boy stands astonished, his impressions guide him to learn sportfully, seriously, earnestly, the new day of expectation is born with us; what should be initiated is not easy to discard. The excellent is rarely found in a rarely valued. The night comes, the steps to it do not; with us, submit in our eye we love to walk along the path.

OUR DAILY LAUGH DISCOURAGED Said a man who was sick, Mr. Proctor: If I don't very shortly get better The calls of this fancy priced Dr. Will make me forester his Dr. GENEROUS INCLINATION That man makes himself very disagreeable. Yes, but so many people are permanently unpleasant that I rather admire a person who is only so when he means to be. HELPFULNESS Do you laugh when your husband tells funny stories? Oh, yes. He depends a great deal on me to start a giggle and show the rest just where the laugh is due. A SUBSTITUTE Your husband seems to be very fond of gardening. Oh, no he doesn't like it at all. He has taken it up merely to have an excuse for not joining the golf club. THE REASON I am surprised to hear that the Dobbs have separated. What was the cause? Incompatibility. He absolutely loved the moving picture stars he admired.
