Campaign Designed to Beautify Borough and Prevent Disease

The Board of Health of Camp Hill has designated Monday April 30, as clean up day. The movement is headed by W. Kent Gilbert, president and H. C. Lawton, secretary, of the board, and will be launched in an effort to prevent the spread of diseases.

The movement is also being launched to beautify the borough. All residents are urged by the board to collect all rubbish, decayed vegetable matter, tin cans and other materials and place them in receptacles which can be handled easily by those who will collect the rubbish in wagons furnished by the borough council. The receptacles should be placed on street curbs or unenclosed alleys. No ashes will be collected and the hauling will begin at 7 a. m. Monday.

Issue Health Rules
The board of health has issued the following measures to be carried out by the residents this summer:
"Garbage must not be allowed to accumulate but be kept in covered containers and disposed of once a week.
"Stables should be cleaned out daily; manure must not be allowed

to accumulate in stable yards and pits or bins should be covered to prevent breeding of flies.
"Tin cans must not be left with stagnant water to provide breeding places for mosquitoes.
"House cleaning—All vermin such as lice, bedbugs, roaches, flies, mosquitoes, rats and mice should be exterminated.
"Kennels, boxes and cages used by pets should be frequently cleaned and disinfected, also floors, carpets, etc., by them.
"Cellars should be kept clean at all times, this includes floors, walls and ceilings. They should be well ventilated and fly screened.
"Surface drainage from kitchen, laundry and bath should not be in quantities sufficient as to sour the ground.
"Streams must not be used for the dumping of sewage, garbage, ashes or rubbish of any kind.
"Pools of stagnant water must be drained.
"Water barrels, cisterns, etc., must be covered or screened.
"All highways should be treated so as to keep down dust.
"Street gutters should be frequently flushed and swept free of rubbish.
"Foodstuffs exposed for sale must be protected from flies, dirt and domestic animals.
"Peremptory notices will be served upon all persons who maintain unsanitary conditions after having been told to clean up.
"The hearty co-operation of all residents of the borough in these recommendations is asked.
"W. KENT GILBERT, Pres.
