Waynesboro, Pa., April 27.—Fire of incendiary origin early yesterday morning destroyed the store building and stock of merchandise belonging to Clarence S. Engine Boiler Explosion Ties Up Whole Railroad

New Bloomfield, Pa., April 27.—On account of the boiler explosion on the Susquehanna River and Western Railroad, no trains have been run over the road since Tuesday at noon, as the other engine was sent to the shops for repairs on Tuesday morning. Passengers, mail and express are being handled by automobile and auto trucks. It is hoped to have the trains running to-morrow. Rodney Gring has gone away to secure an engine.

Two Splendid Things

One is plenty of open-air exercise. If you can't get all of that you should, it's all the more important that you should have the other tried-and-true remedy for a torpid liver and bowels that don't act freely and naturally.

Take one pill every night, more only when you're sure it's necessary.

NEWS OF STEELTON

TO FORM GREAT STEEL CO. BAND

Local Organization Will Be as Big as Renowned One at Bethlehem

Steelton is to have a Steel Company Band on the same plan as the Bethlehem Band. This bit of information was included in a statement by Quincy Bent, general manager of the local plant, to-day. Mr. Bent said that the local officials are becoming interested in the band and it is their hope to put the band on a better basis. It is understood that an immediate change in the operation will not be made, and that changes for the better of the band will be made from time to time. The backing of the steel company has now been assured and a campaign for new members and uniforms has been started. Just what plan will be followed out by the steel officials has not been announced. It is likely, however, that band officials will be able to land good positions in the steel plant for players which they need and in that way the band will be able to hold good musicians.

According to an officer of the band, efforts will be made to secure fifteen new members, which will give Steelton a forty-five piece organization. Band Has Record The Steelton Band, which is nearly twenty-five years old, has a good record. About fifteen years ago the band was reorganized and has since that time been successful in Philadelphia. The band at that time also played in many other parts of the State.

Although not being prominent in the State recently, members of the band claim that the organization has been as strong on different occasions since that time as it was when it held the name of a famous band. It was during this time that the Band Hall in Front street, which is still standing, was erected. Prior to organizing into the Steelton Band, the organization was known as the Citizen Fire Company Band.

Leader For Ten Years Dionisia Zalia has long been leader of the organization. During that time he has greatly built up the band and was successful in instructing some learners who later left for other positions higher up in the musical world.

The present officers are: President, Edward Sheaffer; secretary, Roland Ross; treasurer, J. Elmer George; manager, Frank Armstrong; trustees, Joseph Light, D. M. Conklin and Joseph Sauve; librarian, Jacob Beck.

Meeting of Committees on Demonstration, May 3 Plans for the borough patriotic demonstration, May 19, will be made at a meeting of committees representing lodges, churches and other organizations in the A. O. H. Hall Thursday evening, May 3. The Holy Name Society of the St. James Catholic Church, which started the move, yesterday sent out several hundred invitations to organizations to join hands in the move.

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots. There's no longer the slightest need of feeling ashamed of your freckles, as the prescription of Freckle-Ex—double strength—is guaranteed to remove these homely spots. Simply get an ounce of ointment—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear. The Freckle-Ex ointment has vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and leave a beautiful clear complexion. Be sure to ask for the double strength ointment as this is sold under guarantee of money back if it fails to remove freckles.—Adv.

Jump from Bed in Morning and Drink Hot Water

Tells why everyone should drink hot water each morning before breakfast. Why is man and woman, half the time, feeling nervous, despondent, worried; some days headachy, dull and unstrung; some days really incapacitated by illness. If you would practice inside-bathing, what a gratifying change would take place. Instead of thousands of half-sick, anaemic-looking souls with pasty, ruddy complexions we should see crowds of happy, healthy, rosy-cheeked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms ptomaine-like poisons which are absorbed into the blood. Just as necessary as it is to clean the ashes from the furnace each day, before the fire will burn bright and hot, so we must each morning clear the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of the hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. Millions of people who had their throats constricted, bilious attacks, acid stomach, nervous days and sleepless nights have become real cranks about the morning inside-bath. A quarter pound of limestone phosphate will cost much less than a drug store, but is sufficient to demonstrate to anyone, its cleansing, sweetening and refreshing effect upon the system.—Adv.

WOMEN! IT'S CHEAP! USE LEMON JUICE TO MAKE BEAUTY LOTION

In all weathers the skin and complexion can be kept wonderfully clear, soft and white by the use of this inexpensive lemon lotion which any girl or woman can easily prepare. The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart pint of the most remarkable lemon skin beautifier that could be made. It is a must for a woman's skin. It is the ideal skin cream. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then the lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, saltiness and tan, and is the ideal skin softener, smoothener and beautifier. Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocery store to make up a quart pint of this sweetly fragrant lemon lotion. It naturally should help to soften, freshen, bleach and bring out the roses and hidden beauty of any skin. Those who will make it a habit to gently massage this lotion into the face, neck, arms and hands once or twice daily may be repaid with a skin that is flexible and young looking and a peach-like complexion.—Adv.

Trenton, N. J., April 27.—Four prominent South Bethlehem businessmen were killed in an automobile accident on the William Penn Highway near here early to-day. The dead are: Hugh Kelly, a justice of the peace; Hugh P. McFadden, a bottler; James M. Degan, a merchant; and Robert K. Berkemeyer, a former councilman.

Here are two posters published by the Marine Corps and a photograph of one of their men fully equipped for action.

AGED KINGSTON WOMAN TELLS HOW SHE RECOVERED HER STRENGTH

If the elderly person in Harrisburg could only realize what Vinol would do for them we would not be able to get enough to supply the demand. Following is a letter received from Mrs. A. B. Carson of this town. She says: "I am 69 years of age, and had been ailing for a long time with indigestion. I got run down, was weak, dizzy and could not sleep at night. I consulted two doctors who said I had hardening of the arteries and at my age could not expect to be strong again. My daughter would give me no peace until I tried Vinol, as it had done so much for her. I have taken five bottles and my health and strength have come back, so I am able to do all the housework for myself and my friends. I am recommending Vinol to all my friends." The reason Vinol is so beneficial to old people is because it contains the finest elements needed to replace declining strength with renewed vigor, viz., beef and cod liver peptones, iron and manganese peptones, glycerophosphates and a tonic wine. We want to ask every elderly person and every weak, run-down or debilitated person in Harrisburg to call on our store and get a bottle of Vinol, with the understanding that we will return your money if it fails to benefit.
